DOCTOR GETS A DIVORCE FROM WOODSTOCK WIFE

PHILADELPHIA, March 26.—Deceased in his struggle for his wife's love by the allurements of music, Dr. Bayard Kner, who sued his pretty young wife, Margaret Ross Kner, for divorce a year ago, has been granted a decree within the last few days.

Thus ended a romance which began most happily in the forests of Canada, and which resulted in the marriage of the pair more than six years ago.

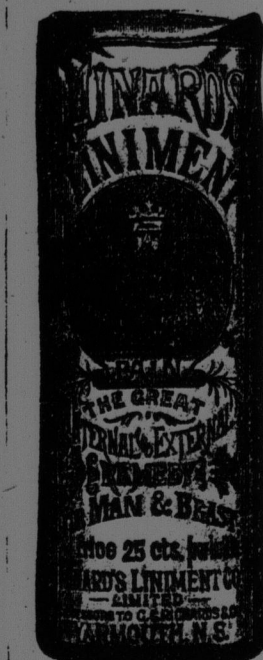

Mrs. Kner was Miss Margaret S. Ross of Woodstock, N. B., Canada. She met the young Philadelphia physician while the latter was on a hunting trip in Canada. Later she came to this city, and the acquaintance was renewed.

The pair lived happily together until 1906, but about that time the love of the young wife for music began to assert itself. Possessor of a fine contralto voice, she wished to sing.

GOES ON CONCERT TOUR.

In the fall of 1907 she left her home for a six months' concert tour. A short time afterward the suit for divorce was brought. Dr. Kner is a son of Dr. Calvin Kner of Princeton, Delaware county, and comes of a long line of physicians.

Within less than a week after bringing suit for \$20,000 against John A. Meyer, for alleged alienation of his wife's affections, William C. Hartman, 4128 Diamond street, has brought

Mr. Cushing Didn't Violate Law

A STORY OF 1893

Apple Growing in Nova Scotia as Good as Owning Bank Stock

OTTAWA, Ont., March 26.—Fruit and estimates were the topics of today's sitting of the Commons. The afternoon was spent in a discussion of the administration of the fruit market act, and the evening in passing supplementary estimates for the current year.

Mr. Lewis introduced and had read a first time a bill to amend the railway act by providing for the appointment of five inspectors to look after the sanitary condition of trains, railway stations and railway buildings.

Fruit Marks Act

Mr. Burrell called the attention of the Minister of Agriculture to certain features of the fruit marks act which he thought required amendment. He urged that regulations as to packing and grading should apply to fruit coming from the United States; that there should be a uniform package in all provinces and that there should be more fruit inspectors.

Hon. Sydney Fisher believed it would be impossible to secure a large number of inspectors during the rush of the fruit trade and then drop them at the end of the rush to go back to other employments. The act was not intended to insure anything like complete inspection. It was designed rather as a protection for interprovincial and export trade and in his view to make inspection too rigid would be to interfere with the fruit trade to extent that trade would not stand. He informed fruit marks act applied to imported Mr. Burrell had regulations under the fruit.

In Nova Scotia

Dr. Black (Hants) said apple growing in Nova Scotia was as good as owning bank stock. He advised Ontario fruit growers to go to Nova Scotia or British Columbia to get some lessons in intelligent fruit growing and packing. The only fault found with the fruit marks act was that it

did not provide a sufficient number of inspectors. In Nova Scotia they had not as many inspectors as they would like, but they had nothing but praise in that province for the fruit marks act. Wind was needed in fruit growing was education.

Ancient History

A discussion occurred over an item in the estimates of \$800 for repayment to A. Cushing & Company, Saint John, to release the schooner Division, seized in 1893 for an alleged violation of the shipping laws of Canada. The Minister of Marine stated that the amount in question had been deposited by Mr. Cushing when charged with the violation of the law, but Justice Barker, now Chief Justice of New Brunswick, had advised the government that in his opinion Mr. Cushing had not infringed the law.

Dr. Pugsley had informed him that Mr. Cushing had not been returned to the law, he held it was only a matter of justice that it should be returned.

Dr. Daniel asked when the Minister of Public Works had been approached by Mr. Cushing.

Dr. Pugsley said it was during the Christmas holidays.

Dr. Daniel—it was not before election?

Dr. Pugsley—That election again. It seems to be engraved on the hon. member's heart.

Dr. Daniel—I may tell the house that Mr. Cushing is a strong political supporter of the Minister of Public Works.

Dr. Pugsley—He is a valued friend of mine.

Mr. Crosby (Halifax) objected to the return of the amount. Cushing had violated the law, he claimed, by clearing the log-book of the ship be produced.

Hon. Mr. Brodeur said he did not see how he could bring down the log-book. He thought the opinion of Chief Justice Barker counted for something. The item passed on the understanding that the papers and the log-book would, if possible, be brought down.

CITY RIFLE CLUB

At the annual meeting of the St. John City Rifle Association held last night in the market building, Neil J. Morrison was re-elected captain, and Sergeant Jas. Sullivan secretary-treasurer.

A match will be shot on Good Friday at one o'clock. A team of eight men will be entered in the Overseas Daily Mail competition on Victoria Day.

The association will also shoot for the Moncton Citizens' Challenge shield.

Major Sear, H. Sullivan, Major J. H. McRobbie, Captain Jas. Manning and Geo. A. Dixon were appointed a committee to interview the merchants on the idea of holding a merchant's match.

The secretary-treasurer reported seventy-one members in good standing. He showed total receipts for the year of \$21.32, and an expenditure of \$23.54. Ex-Mayor Sear, D. McRobbie, G. A. Dixon, Captain Jas. Manning and E. F. Chedwin were elected the executive. Captain Morrison entertained the members at White's.

DEATH SECRET BURIED ALSO

Mrs. Lorillard's Secret in Folds of Shroud

BURIAL YESTERDAY

Dramatic Events Mark Interment of Late Society Woman

WASHINGTON, D. C., Mar. 26.—In the folds of her shroud the material evidence of the death secret of Mrs. Pierre Lorillard, jr., is sealed with her body tonight on its final journey to the grave. The funeral party left the Lorillard residence on Hillier Place at five o'clock this afternoon for New York. At the old home of the Lorillards at Irvington, on the beautiful east bank of the Hudson, the casket will be interred tomorrow.

The departure from the city furnishes another of the dramatic events of the week. The funeral party will visit Esquimaux and Vancouver next May during the annual cruise around the Pacific coast. The cruisers are the Asa, 7,729 tons, and the Sova, 6,500 tons, under Rear Admiral Litch. They have on board a large number of naval cadets. The cruisers will reach Esquimaux on May 12th and Vancouver on 13th.

Only Two Mourners

The husband, one of the famous Lorillards of the tobacco business, and prominent clubman and sportsman, and his son Pierre, by their own preference, were the only mourners.

The funeral ceremonies had been conducted several hours before, at 12.30 o'clock. A few of Mrs. Lorillard's most intimate friends, principally those who gathered with her the night of her death at the dinner given by Mrs. Richard Townsend, were present.

Rev. Roland Cottonsmith of St. John's Episcopal church officiated at the services, which occupied only half an hour's time.

Shortly afterwards the most dramatic event of the day occurred, when Dr. J. Ramsey Nevitt, the coroner, laid away in the folds of the shroud two notes and the mysterious trinkets found on Mrs. Lorillard's body after her death. Contrary to the general understanding, Mrs. Lorillard wrote neither of the notes after she returned from the Townsend dinner. It is now believed that the only words she wrote on the morning of her death were on an envelope that contained the notes and the trinkets. They were: "Bury this with my body unopened."

Another fact that has been brought out is that one of the notes was addressed to Mrs. Lorillard and was in the handwriting of another person.

The second note had been written by Mrs. Lorillard evidently many days before her death.

AMENDMENTS IN LAW FOR MONTREAL INVESTIGATION

Complainants Will Not Have to Bear Costs Unless Charges Were Not Made in Good Faith.

MONTREAL, March 27.—An important amendment to the bill appointing a commission to investigate the affairs of the city of Montreal was adopted in the legislature yesterday on motion of Premier Gouin. Under the law as it at present exists complainants in investigations of this kind are compelled to bear the costs when charges were not made in good faith. By today's amendment the commission is given authority to place the costs upon the complainants only when they are of opinion that the charges were not made in good faith and the public interest. Just what effect this change will have upon the investigation remains to be seen. A great many people are disappointed because the government has not seen fit to place the entire cost upon the city treasury.

JAPANESE NAVAL CADETS TO INSPECT CANADIAN COAST

OTTAWA, March 27.—Mr. Sugimura, acting consul general for Japan in Canada, has received official notification from Tokyo that two cruisers of the Japanese training squadron will visit Esquimaux and Vancouver next May during the annual cruise around the Pacific coast. The cruisers are the Asa, 7,729 tons, and the Sova, 6,500 tons, under Rear Admiral Litch. They have on board a large number of naval cadets. The cruisers will reach Esquimaux on May 12th and Vancouver on 13th.

WHEN YOU CAN'T SLEEP.

There is many a man and woman tossing about at night upon a sleepless bed. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system, that it cannot be quieted.

Or again, you have, a sinking sensation, a feeling you are going to die or perhaps you wake in your sleep feeling as though you were about to choke or smother, and rest leaves you for the night. If you allow these conditions to continue for a short period even, you will begin to feel your health declining. It is the nerves and heart not acting rightly, and they can only be set right by the use of Milburn's Heart and Nerve Pills. They soon induce healthy, refreshing sleep, not by deadening the nerves, but by restoring them to healthy action.

Mrs. E. Nutt, St. Mary's Ont., writes:— "I can gladly recommend your Milburn's Heart and Nerve Pills as I was greatly troubled with my nerves. I was so bad I could not sleep at night without the lamp burning, but after taking four boxes of the pills I became all right again."

Price, 50 cents per box; 3 boxes for \$1.25, at all dealers or The T. Milburn Co., Limited, Toronto, Ont.

CANADA'S CHIEF OF POLICE HERE

Col. Sherwood Discusses Secret Service

ITS GROWTH

The Parole System Works Well—The Kinrade Case

Lieutenant Colonel Sherwood, chief of the secret service, Ottawa, arrived in the city yesterday. Colonel Sherwood is accompanied by Mrs. Sherwood, who is leaving for England today, a passenger on the outgoing Tussock.

In conversation with The Sun last night and speaking of the growth of the secret service, Colonel Sherwood stated that the scope of the organization would expand as the country developed a haven for fugitive offenders. There were no marked changes in the staff during the last year and but few recruits were taken on.

Asked as to the parole system and its effect Colonel Sherwood stated that the results were on the whole fairly good. A very small percentage of the men given their liberty have returned to crime as a livelihood while the great majority were given a long lift toward the narrow path in its operation. Altogether the results achieved by the system had more than justified its inauguration.

It was absolutely impossible for the Speaking of the Kinrade case, Col. Sherwood stated that it was absolutely impossible for one gleaming his information from the newspapers to form a first opinion.

"What is your name?" asked the lawyer.
"Kewylo," answered the witness.
"Are you a native of this country, Mr. Kewylo?"
"No, sir."
"What is your nationality?"
"My what?"
"What race do you belong to?"
"I'm kind o' mixed, I guess."
"What do you mean by that?"
"Well, I was born in Honolulu and—"
"Then you are a Sandwich Islander?"
"Why, that's where it comes in you see. My father's a Sandwich Islander and he married an African, and so—"
"Then you are a Ham Sandwich," interrupted the court. "Proceed with the investigation, Mr. Sharpe."—Chicago Tribune.

The remains of the late David Blair, who was assistant steward on the steamer Cassandra, and who met death by drowning in the harbor on Thursday evening, will be buried from the Seamen's Institute this afternoon at three o'clock. Rev. Gordon Dickie will conduct the services.
