YESTERDAY AFTERNOON IN THE POLICE COURT

Several Cases Taken Up and Adjourned After Hearing of Evidence—Auto Case Stands Over.

In the police court yesterday afternoon William Anderson appeared and was charged with driving his automobile along Mill street at a furious rate of speed. Policeman Marshall, who made the report, gave evidence that he judged the car was being driven along at 15 or 20 miles an hour. Peters Shea, the I. C. R. gate tender gave evidence that he thought the car was going along at about eight or nine miles an hour. The defendant and W. Bogard, who were in the car at the time the policeman stopped them, gave evidence that the car was not going faster than eight or ten miles an hour at the time the officer reported them. The case was adjourned until Saturday morning. Albert O'Leary, who was arrested on Saturday for being drunk had in his pockets a bottle of gin and a bottle of whiskey when arrested. Policeman Marshall took the prisoner down to Mill street yesterday morning and he pointed out P. J. O'Neill's store as the place where he purchased the liquor. The policeman accordingly reported O'Neill for selling larger quantities of liquor than allowed by the law and he was fined \$20.

Fred Seord, who was arrested a few days ago, having been given in charge by his father for assault, was brought before the Magistrate and on his promise to take the needed fine of twenty dollars was allowed to stand against him. He left the court in company with his father.

Fred Nice, a youth from the West Side, was charged with stealing a watch and chain from William Williamson. Henry Ewartson gave evidence that he met the defendant on the day of the theft on Water street about one hundred yards from the Williamson house and he inquired of the witness where Williamson's house was. The case was adjourned and Nice was remanded to jail.

The charge of selling liquor in his beer shop preferred against William Chedrom was to have been further heard yesterday afternoon but was postponed until Saturday morning next.

ST. JOHN NATIVE TO SUCCEED MR. OBOBNE

F. W. Peters, to Become General Superintendent of C. P. R. in British Columbia—Promotion was Well Earned.

The news that F. W. Peters, a native of St. John, has received the appointment to the position of general superintendent of the C. P. R. for British Columbia, will be received with pleasure by many of the older residents of St. John, who knew Mr. Peters when a boy.

Mr. Peters was born near St. John 52 years ago, his father being the late James Peters, who owned property near Peters Lake. When a young man he went west, and about 20 years ago entered the service of the C. P. R. He has served that corporation in many capacities, and his appointment to the position made vacant by the death of James Osborne comes as the reward of able service in other capacities. For some years he has been located in Winnipeg, where he has held the position of assistant general agent and of assistant general passenger agent.

Mr. Peters has a number of relatives living in St. John and the vicinity. One of his brothers is W. Tracy Peters, the popular station master at Rothesay, and another brother is Col. J. Peters, who was long connected with the active militia in St. John, removing from here to Montreal. The late Hurd Peters, whose widow lives on Paradise Row, was a cousin.

The new general superintendent was well known as a young man in St. John, and he has many friends in the city, having made occasional visits here.

It was reported that Wm. Downie, general superintendent of the Atlantic division, would probably accept the position of general superintendent of the Pacific division, and yesterday the following dispatch was received from Vancouver:

"The News-Advertiser today publishes what is accepted here as a likely rumor, that Supt. Downie, of the Atlantic division of the C. P. R., has succeeded the late Supt. Osborne, of the Pacific division, whose headquarters are Vancouver. Mr. Downie, early takes front rank among the successful leaders of the divisional superintendents of the big system, and although the Atlantic division has become a very important part of the company's great territorial field of operations, it is nevertheless felt that the good men must continue to come west, where the competition is keener than in the east."

Perfect Baking Steel Ranges

Success in baking depends largely upon the Range you use. A poor, dull pair of scissors will not cut cloth properly, and a cheaply made, poorly constructed stove cannot be expected to bake properly. It takes good tools to make good workmen.

PURCHASE AN ENTERPRISE MONARCH STEEL RANGE and you will have no worry or trouble in baking. The high grade ranges are made from the best material and have large, perfect baking ovens. Come in and we will tell you some more of the Monarch's good points.

ANOTHER BIG COMPANY TO BE LAUNCHED TODAY

A. E. Ames & Co., of Toronto, Offering \$750,000 of Monarch Knitting Co. Preferred Shares.

Special to The Standard.

Toronto, May 6.—A. E. Ames and Company, Toronto, will, tomorrow morning (Wednesday) offer for sale at par, \$750,000 of 7 per cent, cumulative preferred shares of the Monarch Knitting Company, Limited, with bonus of 15 per cent. of the amount of the preference stock in common shares.

The Monarch Knitting Company, Limited, has been formed to take over the business of the company of the same name, which has been in operation since the year 1903. The factories are at Dunnville, St. Catharines, St. Thomas, and Buffalo. F. R. Lator, M. P., and J. A. Burns, both of Dunnville, Ont., have been president and general manager respectively of the old company and will take the same position in the new. A. E. Ames will be vice-president and T. A. Russell, general manager of the Russell Motor Car Company, Limited, joins the board, which will also include G. H. Orme, who was vice-president of the old company. The new financing provides additional working capital of \$250,000 which it is said, is ample for its requirements.

The company has been remarkably successful, its average net earnings for the last two years being only slightly under \$200,000. The business which is the largest of its kind in the world, consists of the manufacture of knitted goods, comprising sweater coats for men, women and children, and a complete line of fancy knitted goods, such as shirts, toques, scarfs, etc. The preference stock carries 7 per cent, and the prospectus will state that the common shares are about to be put on a dividend paying basis. Messrs. Ames and Company state that all signs indicate that the shares will be quickly taken up as the market is ready for a transaction of this character.

THE ADVANTAGES OF DOLLAR GAS

Subject of this Afternoon's Free Demonstration will be "The Cool Summer Kitchen."

A TITANIC CLAIM.

An incident of the Recent Disaster.

Another incident in connection with the loss of the Titanic which will bring some degree of comfort to the afflicted widow, and bring home to many the wisdom of providing against the uncertainty, is the fact that Mrs. Frank H. Mayberry, of Moose Jaw, Sask., whose husband lost his life on the Titanic, was totally unaware of her husband having taken out a five thousand dollar policy prior to their going to England, and in her favor.

It was only through the efforts of the company in locating Mrs. Mayberry that she was first made aware of the fact that ten thousand dollars, under the Double Liability Travelling Claim, was lying to her credit at the head office of the Railway Passengers' Assurance Company at 64 Cornhill, London, Eng. This is only one of the many losses now being paid by the company as a result of the above disaster.

The fact that the Railway Passengers have paid out over thirty-two millions in claims, and that ample funds are provided for such catastrophes, fully illustrates the importance of insuring in a company granting adequate security to meet such contingencies. Call up the company's agent, No. 65-12, Canterbury street, Frank R. Fairweather for particulars of the best in accident insurance.

THE MUSICAL RECITAL

Speaking of a recital by Mrs. Marie Surooz Sundelius in the city of Boston, the Globe, of that city, says in part: "An apt and harmonious contrast to the wood wind, tone color, which savors of a veiled timbre of sensuous warmth, was the crystalline brilliancy of Mrs. Sundelius' beautiful voice." The John Choral Society have been fortunate in securing the services of this gifted artist for their musical recitals to be held at the Opera House, next Monday and Tuesday evenings. The entertainment on Monday night will consist wholly of a rendition of Haydn's oratorio, The Creation, in which the principal soloists will have an opportunity of displaying their talent to the best advantage, combined with the 200 voices of the society and a special orchestra, which should and no doubt will, make the entertainment one of the most notable in the history of St. John musical circles. Seats on sale Friday.
