Who's that knocking at the kitchen door?

Why, it's Mrs. Edwards round again—she's always ready to lend a hand with the cooking. That nourishing home-made Irish soup of hers is a real dish-of-all-work—useful in a hundred ways.

It's fine and tasty by itself. It's the secret of a savoury sauce. It's the making of a made dish. And, to bring out the goodness of your own scup and gravies and hashes and meat puddings there's nothing like adding

EDWARDS' DESICCATED SOUPS

Prime beef and the finest of Irish vegetables—that's what Mrs. Edwards puts in it; nothing but what's pure and delicious. As there is no strong added flavouring, it will blend perfectly with any other soup. Remember to boil it for half an hour.

Edwards' Desiccated Soups are made in three varieties—Brown, Tomato, White. The Brown variety is a thick, nourishing soup prepared from beef and fresh vegetables. The other two are purely vegetable soups.

Canon Gould spent twelve years in the practice of medicine in Palestine and during that time was in closest touch with the official life of the Turks, also with their system of government, and is therefore well qualified to tell us the true characteristics of the people whose country has been before the footlights in very undesirable roles so frequently.
