“ A. COHOON, M.A.

“ C. W. WILLIAMS, B.A.

“ J. W. MANNING, B.A.

“ D. H. SIMPSON, B.A.

The aim of this Association is to bind together in friendship all those who have studied at Acadia, and to ensure the life-long devotion of its members to the interests of the College, and, through her, to the cause of Education generally. All Alumni are cordially invited to become members, and to aid in promoting these objects. The membership fee is one dollar per annum. Our funds, which were formerly expended chiefly in the bestowment of Scholarships and other Prizes, have been lately applied towards the support of a Professorship. The Society has now, however, undertaken the support and endowment of a chair in the College to be known as the “Alumni Chair of Physics.” The appointment of a professor to fill this chair is to be made forthwith, and it is expected that the work in this Department will be begun at the opening of the next College year.
