

## DEBATE DOOR OF CHARGES TAX AT ARMS GOODS SACRIFICED

Liberal Member For Waterloo  
Wants Government Investi-  
gation—Lively Discussion  
in House Over British Em-  
bargo On Canadian Cattle.

OTTAWA, March 9.—(By Canadian Press.)—Mr. W. O. Miller (W. O. Miller) is asking the Government to investigate the charges that the militia department sold army supplies to junk dealers at exceptionally low prices. He said it is true that the department sold leather boots at \$1 a pair; flannel shirts at 10 cents a shirt; underwear at 25 cents a garment; 30 cents a pair for woolen garments, and \$1 per mat for Orléans mattresses.

British embargo on Canadian cattle and the translation of French speeches into English were the two items which held attention in the House today. The latter question was raised on a resolution moved by Joseph Archambault (Chamblay Vercheres) which proposed that the translation of the French language should be delivered in the French language should be translated and published in a sheet of paper.

The motion was adopted. The cattle embargo question proved an intense interest. Mr. W. O. Miller (South Ontario) fathered the resolution which proposed that the translation of the French language should be delivered in the French language should be translated and published in a sheet of paper.

Mr. Smith claimed that there would be an infinitely greater benefit to the cattle raising industry and the Canadian labor if the embargo remained in force and the Government built an abattoir at Halifax, where cattle could be slaughtered and the carcasses chilled for shipment.

Several members opposed maintenance of the embargo on the ground that it placed an unnecessary stigma on Canadian cattle which had been given a clean bill of health.

Mr. E. Peilow (North Renfrew) moved an amendment declaring that the Government of Canada should make a strong protest against the reason advanced by the Government of Great Britain that Canadian cattle are diseased as an excuse for placing embargo on live cattle going into the United Kingdom.

Mr. S. F. Tominie, minister of agriculture, retorted that the matter had been taken up in the way it had, by certain men from Canada. He believed they were endeavoring to enhance the chances of getting the embargo removed.

Twenty-four hours have passed since the House that there had been protests by every Canadian Government since the embargo was put into effect. Mr. Peilow's amendment gave the impression that the Government was not serious in its attitude.

## High Commission Studying Establishment of Customs Line On Rhine.

LONDON, March 9.—The Allied supreme council met at the official residence of Mr. Lloyd George in Downing street this afternoon to consider application of the penalties to Germany for non-fulfillment of her reparations obligations.

The council took note of the fact that the German towns of Dusseldorf, Duisburg and Ruhrort had been occupied Tuesday without incident and compared notes regarding action to be taken on the second penalty, namely, that the position by each allied country of such a tax on German imports as it may deem fitting.

Regarding the third penalty, the conference noted the report of the international high commission of the Rhine and to the effect that the commission had decided to order the customs in the occupied territory and hold the customs receipts on the frontiers of these territories, placing them in a special account at the disposal of the reparations commission.

These dues will for the present be levied at the German tariff. The high commission is studying the establishment of a customs line on the Rhine. Certain other questions were referred to the conference later.

The delegates then discussed the present position of the Greeks and Turks. A bill to give effect to the levying of a certain percentage on German imported goods is under consideration by the Allied experts.

This bill, it is stated, will be introduced in Parliament tomorrow, and the work of the experts is aimed at formulating a plan to be embodied in similar measures for introduction in the parliaments of the other countries.

MUST SURRENDER ARMS.  
DUSSELDORF, March 9.—General Degoutte's proclamation of a state of siege ordered the surrender of all arms within twelve hours, and prohibited the use of force. The German authorities and the police are to act under supervision of the Allied troops.

## G. W. V. A. Will Seek Canteen Profits

OTTAWA, March 9.—The G. W. V. A. has not forgotten that the members of the C. E. F. are entitled to a share of the imperial canteen profits and say that the master is being given due attention. It is believed that the money will not be divided up among the soldiers, but that the Canadian Government will consider plans by which the proceeds of the fund would go to assist ex-members of the C. E. F. or their dependents.

Meant to provide for equitable distribution of the fund have been suggested by the G. W. V. A. and other organizations. The occupation assured the maintenance of that order so dear to the German heart, while General Degoutte's proclamation, promising a better food supply, has made an excellent impression.

ARE BEING ORDERED  
OTTAWA, March 9.—(Canadian Press.)—Hon. Dr. Reid, minister of railways and canals, replying to a question in the House this afternoon, said that the management of Canadian National Railways had ordered 237 locomotives since 1917, at a cost of \$1,220,000. There were none under contract at present.

The minister of marine and fisheries, Dr. Reid said, answering a further question, was a director of the Montreal Locomotive Company, which had supplied locomotives, but was not on any committee connected with the company.

Grand Master Donald Sharpe of the Ontario West Grand Lodge, in his annual address at the opening Grand Lodge meeting here this afternoon, urged the brethren to be vigilant. "There are evidences on every hand," he said, "of a world-wide conspiracy to wreck the British Empire, and many men of many nationalities are involved in the plot. Sinn Fein organizers have always been in the forefront with anti-British propaganda, and it is from this source that the movement is being inspired and guided."

Orangemen rallied to the empire's aid against the German hordes. "Once again I call upon you to aid in her day of tribulation and trial. Be vigilant! Let us dedicate ourselves to the work of the order afresh. This is a democratic institution. Let us participate in its deliberations. Our aims, objects and principles are a high and lofty matter. Let us endeavor to keep them on that high pinnacle. Protestantism is looking to the Orange Order for leadership. Let us lead. We have the men, we have the ideals, we have the enthusiasm."

Building Orphanage.  
Grand Master Sharpe asked for financial assistance for the True Blue Orphanage to be built at Richmond Hill this year, and paid tribute to the Orange Empire.

Grand Secretary W. M. Fitzgerald of Toronto spoke strongly against the civil school system in Ontario. He asked the members to protest to the Government against proposed amendments to the law as to the proportion of taxes that the separate schools are to pay. Fitzgerald said, it would eventually result in compulsory separate high schools.

Four new lodges had been instituted in the last year, Secretary Fitzgerald reported—in Toronto, West Toronto, Long Branch and Muskoka, and two new district lodges—Lake Shore and Centre York. In the last ten years, the report stated, 39,819 members had been initiated. A good deal of dead-wood had been eliminated during the last few years.

Grand Secretary Fitzgerald referred to the notable victory achieved by the Orange Association in the Tremblay marriage case before the privy council, and stated that "the unselfish action of the Orange Association in bearing all the expense in vindicating the sacred rights of the marriage tie has met with great approval throughout the Dominion."

James Harper, Hamilton, grand treasurer, reported total receipts, including balance from last year, of \$77,830.37, an increase of \$38,568.85; with expenditures of \$30,272.32, an increase of \$23,592.19.

TORONTO, March 9.—Edgar Morton Brown, the bank teller accused of robbing the Bank of Montreal, was today again remanded until next Tuesday, March 15. Brown looked to be in better health than when he first came before Col. Denison a week ago.

OTTAWA, March 9.—An instant demand is developing, both among Government and opposition members, for a cancellation of the railway estimates and a reorganization of the whole Canadian National system. The sum of \$168,000,000 included in this estimate of the railway department was evidently brought about a realization of the seriousness of the situation and this, coupled with the frank warning given by Hon. J. D. Reid, that the railway problem was serious, by hindering the growth and progress of Canada, may lead to a general investigation of the whole situation.

OTTAWA, March 9.—The police have organized a search for the assassins of Premier Dato, and have ordered the detention of all motorcycles and automobiles. A youth named Julian is being held on suspicion that he knew something of the attack. Functions and ceremonies of a public nature have been suspended throughout Spain.
