### LOCAL AMATEURS WITH YOUNG CO.

Amateur Contest at Opera House on Saturday Night--Great Bill For Tonight.

The H. Wilmot Young Company, now playing such a successful engagement at the Opera House, will inaugurate a new feature on the occasion of their present stay in the city and an amateur contest has been announced for Saturday evening as an added attraction to the enhancing bill, *Lead Me Your Wife*.

Valuable prizes are offered for the amateur contest and those desiring of competing are requested to hand in their names to Mr. W. T. H. Penney, who is managing the appearance of the Young Company in this city. The performance last evening of *Nell Gwynne* of Old Drury was a revelation to the large audience not only in the excellent manner in which the play was presented, but also in the stage settings and beautiful and costly costumes which were worn by Miss Marjorie Adams and other members of the company. Mr. Young, in the role of King Charles II., the merry monarch, and Miss Marjorie Adams in the title role carried off the honors, but with a strong supporting company the play was exceedingly well handled. Once more the specialties made a great hit and this evening the bill is *The Exile of Erin*, with some new turns in the specialties, which cannot fail to please. The Bates and Neville bicycle act is one of the most expensive vaudeville features ever carried in this country by a repertoire company, but it proves its worth as an attraction at the box office.

### JIM HILL AS A CAIN RAISER.

With a great blare of trumpets and bands of cymbals the Vancouver press has announced that Jim Hill is going to connect up a number of stray railroad links from Galveston to Vancouver, put on a five day passenger service between these cities and make the latter a cotton export point. Oh, yes, Jim Hill is always going to raise Cain. It is Jim Hill who is always planning to put on a limited train between St. Paul and the Pacific Coast that will knock all existing speed records into a cocked hat. It is Jim Hill who is going to collar the trans-Pacific trade with a huge fleet of ocean going steamships. Some years ago, when the Kaslo and Slocan Railway was added to the Great Northern, it was predicted that the line would be standard gauge and extended from Slocan to Slocan City by way of New Denver and Silverton. The projected programme was not only not carried out, but the original Kaslo and Slocan has been lopped in two and the service cut down to tri-weekly. Yet it was Jim Hill who was going to make a great line for traffic between the Kootenays and Spokane, out of the Kootenay Valley line extending from Bonner's Ferry to Kootenay Landing. The service on that is now a tri-weekly one also. Jim Hill was going to push the V. V. and E. through to the coast in record order and smash all existing freight rates to Gehenna open up the Simikameen and develop the country thereabouts. Just now the people of that neighborhood are wondering whether the crack of doom or the V. V. and E. will come along first, but are now beginning to suspect that it will be the former.

Mr. and Mrs. Alfred E. Carson are receiving congratulations on the arrival of a bouncing boy at their home on Tuesday, the 23rd.

The death occurred on Thursday, the 25th, of Mr. Chas. W. Green at his home in Hayesville. Mr. Green, who had been ill for about a year with cancer of the stomach, passed away peacefully in the seventeenth year of his age. He was a member of the Presbyterian church. He drove the mail for a number of years between Hayesville and Taxis River, Campbell and Pleasant Ridge, and was also in the employ of J. Clark & Sons, of Fredericton, for some time. The deceased leaves a widow, four sons and one daughter.

A falling thry nerve—no larger than the finest silken thread—takes from the heart its impulse, its power, its regularity. The stomach also has its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing stomach, heart or kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonderful power. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all druggists.
