

*Never were the  
advances in me-  
chanical aids to  
Printing so rapid  
and labor saving  
as in the last year  
or two.*

**The Power that runs our Presses. 2 1/2 h. p. Gasoline Engine**

*This office being  
fitted with a tho-  
roughly modern  
equipment, the  
production of first  
class work at the  
hands of capable  
workmen is a  
matter of course.  
Ask for quota-  
tions on any work*
