

# UNB STUDENT UNION

for the fun of it!

## SAL's Report: A Potpourri of Comments

I was happy to see that the Graduate Students Association (GSA) has a page in the Bruns reserved for their events and information. I wonder if their Student-at-Large (if they have such a position) will be writing a column like mine; we'll see.

I was equally glad to see a positive Student Union advertisement which appeared on page 6 of last weeks Bruns. It is about time that someone has published the fact that we (the Student Union Councillors) are here for YOU (the Union member) and it would be our pleasure to help anyone who requests it. If you would like to speak to your faculty rep, an executive member, or

even Sam or I your Students-at-Large) call the SU Office at 453-4955.

I have had several students come up to myself and other councillors to tell us how pissed off they are about the Student Directory. I would like to point out (again) that the problems stem from the Registrar's "official" list and not from the person who worked on the Directory. If you have noticed a mistake, or someone has told you about one, go to the Registrar and make sure they have your current address and phone number. I still think that we should have the "Great Student Directory BBQ" where we would substitute dry charcoal with fresh Directories.

First side note of the week: Have you ever stopped and wondered what the world would be like without secretaries. I would like to thank all of the ones I have counted on for all the support they have given me.

Second side note of the week: I have figured out a way for students to earn the money for next years tuition (even with the \$400 increase). All you have to do is find a nice icy spot on campus or in the city itself, fall down, break your neck, and sue the pants off the appropriate body.

Just thinking of ways to help students afford school. your SAL Jon Lazar
