a great deal out of  
people. Enclosure 2 printed  
sheets on vivisection  
which Mr Herbert Burrows  
asked me to send you from  
him & to say he hopes  
you have not any thing to  
do with the "Scientific  
Research" which Rockefeller  
is backing up so liberally  
Mr Burrows has always  
fought against vivisection  
although its opponents  
have not got it abolished  
I believe they have certainly  
helped to impose more  
restrictions & safeguards
