Dear Mr. Swartman:

Re: File 144/2-2 (A)
Letter dated June 3, 1954.

I was sorry to hear from Mr. Yeomans on Saturday and confirmed by your letter as above that you had been hospitalised.

We hope it is nothing serious and suggest you take every precaution to protect your health if you are able to leave for Treaty payments as planned. If you think it will help you are at liberty to take Mr. Readman along with you.

With best wishes for a quick return to health.

Yours sincerely,

F. Matters,
Regional Supervisor of Indian Agencies.
