19

Sir,—

May I request that you be good enough to take this matter up with the Provincial authorities and have the difficulty complained of removed, if possible.

I might add that it is likely the parties having these records may go ahead with their claims, in which case I would deal with them as trespassers. Then, they may produce their record and defy the Department. It is very desirable that this possibility be nipped in the bud.

Your obedient servant,

Indian Agent.
