Procurement of Black Bearskins

Further to our letter of October 12th regarding the supply of 335 black bearskins for use by the Department of National Defense, we are now in receipt of advice that said Department has now received sufficient skins to fulfill its requirements for the Guards' Regiment.

Please advise all suppliers immediately so that no further skins will be shipped for sale. Any pelts now on hand or in transit will be accepted if shipped before November 19th.

We wish to thank the Field Officers for their assistance and cooperation in providing these skins.
