### Books by and about Froebel.

**The Education of Man.** By FRIEDRICH FROEBEL. Translated by W. N. Hailmann, Ph. D. \$1.50.

In all directions this book sounds the keynote of a new education. It lifts all educational work from narrow, merely utilitarian standpoints, to an intensely and broadly Christian view of life; it measures every activity by its influence on character and full life efficiency. In all questions of system and method Froebel places the teacher on solid ground, and indicates the way to loftiest achievements.

**Froebel's Laws for all Teachers.** By JAMES L. HUGHES. \$1.50.

This book is a clear and comprehensive statement of Froebel's principles, adapted to the work of every one engaged in the education and the training of humanity in the kindergarten, the school, the university, or the home. It is the most intelligible exposition of the fundamental principles of the New Education as revealed by Froebel.

**Pedagogics of the Kindergarten.** By FRIEDRICH FROEBEL. Translated by Josephine Jarvis. \$1.50.

This volume contains a practical elucidation of the theories of Froebel, and will be invaluable to earnest educators—particularly to parents, kindergartners, and primary school-teachers. Froebel explains very fully and carefully his motives for the entire plan of the work and play of the kindergarten, and its purpose and influence on life.

**Education by Development.** By FRIEDRICH FROEBEL. Translated by Josephine Jarvis. \$1.50.

In this volume the educational principles underlying the "gifts" are more thoroughly discussed than in "The Pedagogics of the Kindergarten." The student of Froebel has great advantage, therefore, in reading "Education by Development," inasmuch as Froebel cast new light on his thoughts in each exposition that he made.

**The Mottoes and Commentaries of Friedrich Froebel's Mother-Play.** By H. R. ELIOT and SUSAN E. BLOW. \$1.50.

**The Songs and Music of Friedrich Froebel's Mother-Play.** Prepared and arranged by SUSAN E. BLOW. \$1.50.

The increased interest in kindergarten work and the demand for a clearer exposition of Froebel's philosophy have given these excellent books the widest popularity. No one could be better equipped for their preparation than Miss Blow. In the first volume the original pictures have been faithfully reproduced.

**Symbolic Education.** A Commentary on Froebel's Mother Play. By SUSAN E. BLOW. \$1.50.

This book discusses in a practical way the foundations of the philosophy of Froebel as found in "The Mother's Songs and Games," and shows the significance of the kindergarten and its claims for being the corner stone upon which all child education should rest. It is emphatically a book for mothers as well as for teachers.

**Froebel's Mother-Play Pictures.** Three series. Plain and colored. See special list for prices and description.
