The BELL ORGAN AND PIANO CO. Limited, GUELPH, Ontario

Catalogue No. 41 Free.

Good News To All Men.

Men who want to regain the vigor of youth, who want to attain the highest standard of physical vitality can do so by wearing Dr. McLaughlin's Electric Belt.

"I have the greatest faith in your Belt. Most firms when they get your money lose all interest in your case, but you keep after them till you cure them, and your business ought to prosper. I know you have done for me what doctors could not do."—George A. Midgett, 178 Stanley Avenue, Hamilton, Ont.

You know how easily electricity runs street cars, makes plants grow without sun or soil, purifies filthy water and transforms night into day at the will of man, but I can't make you believe it will renew the vigor of youth until you feel it dancing through your veins and carrying to every organ of your body the "fire of life."

"The rheumatism I had in my joints has left me. I feel ten years younger."—Arlene Copegog, Christian Island, Ont.

Pick out the men who have worn my Belt. See them with head erect, chest expanded, the glow of health in their cheeks, courage in their hearts and a clasp of the hand that tells you "I am a man."

"I do not know how to find words to express my gratitude for what your Belt has done for me. I do not want any of these free belts that are advertised, as my experience has taught me that they cost more in the end."—Caitlin P. Hill, Freeton, Ont.

And how is it with you? Have you rheumatism and back pains, a dull ache and weakness over your kidneys, dull headaches, with a tired, stupid feeling? Are you losing your vitality? Do you feel yourself growing aged before your time? Are you nervous, sleepless, short of memory and lacking in spirit and self-confidence? Do you know that you are not the man you would like to be?

If so, I can cure you. What you lack is just what electricity supplies.

My Belt will cure you, and if you will come to me you will soon be one of "DR. McLAUGHLIN'S MEN."

Twenty years of my life have been devoted to my trade, and I have made my Belt popular with people who are tired of drugging. I cure while you sleep. It's easy and pleasant. My Belt gives a current that is a glowing warmth. No burn nor sting. I take the old-style, burning belts, and the kind that gives no current in trade if you have one.

What more can you ask? I am willing to take all the chances of curing your case, and if I fail you will have the satisfaction of knowing that one of the best and strongest electric appliances in the world has failed. All you lose is your time. My confidence in my method enables me to offer any man or woman who will secure me the use of my Belt at my risk and

PAY WHEN CURED.

I have a nicely illustrated book which every man should read. I will send it, closely sealed, free, if you send this ad.

SPECIAL NOTICE.—Look out for those old-style Belts that are offering you a cheap imitation of my cushion electrodes. They are a very poor imitation; they quickly dry and leave them without any current. Their only merit (if they possess any) is to burn and scorch the flesh. My office contains hundreds of these old-style Belts.

The only Electric Belt sold to-day with which you receive the advice of a physician. No agents or drug stores are allowed to handle my Belts. Their success depends upon intelligent application.

D. A. McLAUGHLIN, 130 Yonge St., Toronto, Ont.

Office Hours—9 to 6. Wednesday and Saturday to 8.30 p.m.

NEW BOOKS

FOR THE

Business Farmer

Animal reeding. By Thomas Shaw, Professor of Animal Husbandry at the University of Minnesota. Author of *The Study of Breeds, Forage Crops Other Than Grasses, Soiling Crops and the Silo*, etc.

This book is, beyond all comparison, the most complete and comprehensive work ever published on the subject of which it treats. It is the first book of the kind ever given to the world which has systematized the subject of animal breeding. It includes thirty chapters, each of which treats of some particular phase of the subject. Illustrated, substantially and handsomely bound in cloth, 5 by 7 inches, 405 pp. Price, postpaid, \$1.50. One new subscription to *THE FARMING WORLD* and "Animal Breeding," both for \$2.00.

The Study of Breeds. By Professor Thomas Shaw.

Origin, history, distribution, characteristics, adaptability, uses, and standards of excellence, of all the pedigreed breeds of cattle, sheep and swine in America. The accepted text book in colleges, and the authority for farmers and breeders. 372 pages, 12 mo, 5 by 8 inches, 60 full page plates. Price, postpaid, \$1.50. One new subscription to *THE FARMING WORLD* and "The Study of Breeds," both for \$2.00.

Soiling Crops and The Silo. By Professor Thomas Shaw.

The growing and feeding of all kinds of soiling crops, conditions to which they are adapted, their plan in the rotation, etc. Not a line is repeated from the *Forage Crop* book. Best methods of building the silo, filling it and feeding ensilage. Illustrated, 12mo, 5 by 8 inches, 364 pages. Price, \$1.50. One new subscription to *THE FARMING WORLD* and "Soiling Crops and the Silo," both for \$2.00.

Forage Crops Other Than Grasses. By Professor Thomas Shaw.

How to cultivate, harvest and use them. Indian corn, sorghum, clover, leguminous plants, crops of the brassica genus, the brassica, miller, field root, etc. Intensely practical and reliable. 288 pages, illustrated, 12 mo, 5 by 8 inches. Price, \$1.00. One new subscription to *THE FARMING WORLD* and "Forage Crops Other Than Grasses," both for \$1.70.

Milk and Its Products. By Henry H. Wing, Professor of Dairy Husbandry in the Cornell University.

A treatise upon the nature and qualities of dairy milk, and the manufacture of butter and cheese. 12mo, cloth, Price, \$1.00. One new subscription to *THE FARMING WORLD* and "Milk and Its Products," both for \$1.70.

Fruit. A Practical Guide to the Picking, Storing, Shipping and Marketing of Fruit.

The subject has been treated strictly from the standpoint of the fruit producer. The commission business, for instance, is thoroughly and fairly discussed, and the commission man can hardly help but be pleased with the treatment, which is entirely directed to the benefit of the fruit grower. Evaporating and canning are handled the same way—not by telling how to run a canning factory or a commercial evaporator—but by explaining those points which are of interest to the man who grows the fruit. The whole subject is tersely, plainly put and adequately illustrated. It is a book which every one can read and enjoy, and which no fruit grower, large or small, can do without. Illustrated, 5 by 7 inches, pp. 250. Cloth, price postpaid, \$1.00. One new subscription to *THE FARMING WORLD* and "Fruit," both for \$1.70.

Cabbage, Cauliflower and Allied Vegetables, from Seed to Harvest. By C. L. Allen.

A practical treatise on the various types and varieties of cabbage, cauliflower, broccoli, Brussels sprouts, kale, collards and kohlrabi. An explanation is given of the requirements, conditions, cultivation and general management pertaining to the entire cabbage group. After this, each class is treated separately and in detail. The chapter on seed raising is probably the most authoritative treatise on this subject ever published. Insects and fungi attacking this class of vegetables are given due attention. 50 cents. One new subscription to *THE FARMING WORLD* and "Cabbage, Cauliflower and Allied Vegetables, from Seed to Harvest," both for \$1.25.

Prize Gardening. How to Derive Profit, Pleasure, Health, from the Garden. Compiled by G. Burnap Fiske.

Five thousand gardeners all over America kept a daily record of the methods and results of their whole season, and reported thereon fully in competition for many and large prizes. They represented all grades from the small amateur to the professional market gardener. This unique book summarizes the most useful of all this experience. Illustrated with many charts, sketches, etc., from original photos, 323 pages, 5 by 7 inches, bound in cloth. Price, \$1.00, postpaid. One new subscription to *THE FARMING WORLD* and "Prize Gardening," both for \$1.70.
