

15,000 SHIPMENTS LAST YEAR

Not a Single Complaint. 25% Increased Output This Year.

In 1914, 15,000 orders of PAGE Wire Fence were shipped under our regular guarantee of "satisfaction or money back." Not one complaint was heard. To meet the ever-growing demand this year for PAGE fence—direct from factory to farm—we have been obliged to increase our factory facilities 25% over 1914. PAGE fence customers stay with us year after year, because for more than twenty years we have kept quality up and prices down.

Send for This 264 Page Book Full of Valuable Facts on Silage

HERE'S our new edition of "Modern Silage Methods." It beats anything we have ever put out heretofore. Index alone covers ten pages, 56 illustrations. Gives full, reliable facts on home made silos, pit silos, cement, concrete, wood stave, hollow tile, metal, etc., modifications of all kinds. When you read it you will be able to make an unerring choice of the best silo for your needs. We do not make silos—therefore can offer suggestions impartially. We cover different climatic conditions—tell how to build—suggest best sizes—crops—how to feed for best results—everything that's worth knowing about silage. We send this book for 10c. Send for your copy today. Also let us tell you the latest news story on

Silver's 1914 Model "Ohio" Silo Filler

The machine that has drive pulley, cutting cylinder and blower fan all on the main shaft. Write for catalog and "Silo Filler Logic." We send these two books free. Enclose 10c and we send "Modern Silage Methods."

Silver Mfg. Co. 343 Broadway Salem, Ohio

Get Every Seed Planted Right

Careful seeding needs no recommendation. When you use a "Leader" Disc Drill, every seed falls just where it will get the best chance to germinate and give results. Because the shields on the "Leader" go well to the bottom of the disc, the seeds are deposited right down in the furrow instead of falling along behind anywhere. We use malleable disc castings instead of the old-fashioned grey iron—another feature of superiority in the

"Leader" Disc Drill

Old style castings must be made heavy and cumbersome in order to get them strong enough. By using malleable castings, we get maximum strength with light weight. "Leader" discs go through heavy mud and wet trash without clogging. They don't break when you meet tough roots or go over stones. The high-grade steel saves expensive and bothersome repairs. Write for free booklet to-day.

Better Work Guaranteed

The Peter Hamilton Company, Limited PETERBOROUGH, ONT.

The Gibraltar of the Canadian Farmstead

—enduring for all time, guarding the feeding profits of the Canadian farmer through storms, fire, heat and cold—impregnable, imperishable. Such is the Natco Everlasting Silo. It is built of vitrified hollow clay tile which are impervious to air, moisture and frost, and reinforced by bands of steel laid in the mortar. Once up, always up. No expenses for repairs, painting or resetting on base. No adjusting. Made in Canada for Canada. The silo is the most important of all business buildings on the farm, and subject to more strain. Build carefully. Build for permanency—it's economy. Erect a

Natco Everlasting Silo

"The Silo That Lasts For Generations"

Its first cost is the only cost and it builds up feeding profits to the highest pitch. It preserves summer greens for winter and summer feeding, and does away with need of pasture. It preserves silage perfectly in all parts, through the coldest winters and driest summers. No drying out. No warping. No freezing. No cracked walls. No blowdowns—this a taller silo with smaller diameters in the built, exposing less silage on top. Convenient and attractive. A silo that you'll be proud of. Better write today for a list of Natco owners in your province and for our valuable silo book. Ask for Catalog 4.

National Fire Proofing Company of Canada, Ltd., Toronto, Ont.

"Made in Canada"

Eureka Potato Planter

Profitable for the large or small grower. Plants potatoes at lowest possible cost. One man operates it. Opens the furrow—drops the seed any distance or depth required—puts on fertilizer (if wanted)—covers up—marks the next row. Accurate, automatic and dependable. Sold with or without Fertilizer Attachment. Here's why you should select the Eureka Potato Planter—Furrow Opening Plow is directly under the axle—that means uniform depth at all times; the seed drops in sight of driver; steel and malleable construction makes long life and few repairs. Made in three sizes, for one or two rows, by EUREKA MOWER CO., Box 788, Utica, N. Y. Sold by JOHN DEERE PLOW CO., Ltd. Toronto, Ont.

The Money in Your Maple Trees

Now that there is a law that protects every producer of Pure Maple products against unscrupulous adulterators, you can make every one of your maple trees turn a handsome profit each year.

The profit per tree will depend upon the quality of your syrup and sugar—the CHAMPION EVAPORATOR turns out the highest-grade syrup in less time, at less cost per gallon and in greater quantity than is otherwise possible.

Write us to-day and let us tell you how to get the most out of your maple trees at a time when you can't do any other profitable work on the farm.
