## Home comfort in all weathers

A poor furnace *well installed* might give satisfaction *for a time*.  
But a good furnace *poorly installed* can *never* be successful,  
—while a good furnace *properly installed* will give best results  
from the day it is fired up.

The Sunshine Furnace, installed the *McClary way*, is *guaranteed*  
by McClarys to warm every room in your house—to warm it with  
the *right quality*, as well as quantity, of heat,  
—to make your home healthy, pleasant and enjoyable in all  
weathers.

And it is to do these things a furnace is for—those are the  
results which mark the successful furnace. The furnace that fails  
to do them *all the time* is only a nuisance.

The Sunshine Furnace is a never-failing source of pleasure,  
satisfaction and home comfort.

**Engineering Service Free.** McClary's own heating engineers are at your service when you buy a  
Sunshine Furnace, to give you free expert advice on your home-heating re-  
quirements. Write to the nearest McClary Branch and ask for particulars about this service. A booklet, "Comfort in the  
Home," makes clear all the things you want to know about furnaces, and it is sent free on request.
