

PAGE WOVEN WIRE FENCE ON L. S. & M. S. R. R.

The PAGE WIRE FENCE COMPANY OF ONTARIO (Ltd.),

Page Woven Wire Fence

For farms and railroads is used in greater quantities than is any other smooth wire fence.

Page Woven Wire Fence

Is five feet high—nothing can get over it.

Page Woven Wire Fence

Has eleven horizontal wires, woven close at bottom, with cross wires one foot apart. Hence, no animal or fowl can get through it.

Page Woven Wire Fence

Is made of the best machine spring steel wire, which is twice as strong as the wire used in other fences.

Page Woven Wire Fence

Has a coiled spring in every foot of each horizontal wire, thus making the wire elastic and still stronger.

Page Woven Wire Fence

Is all woven by machinery in our factory, and we furnish it to the user through local dealers, or direct from our factory, at a less price than that of any other first class fence.

A copy of our Monthly Paper and Advertising Matter gladly sent to any address.

cannot be made out of horses that are out of condition. Merely to feed plenty of oats is not enough. A horse gets run down the same as a man and needs a general toning up.

Dick's Blood Purifier

is a scientific preparation in the form of a powder. It purifies the blood, strengthens the digestion, turns a rough coat into a smooth and glossy one and puts the animal "in condition." He then has "good life" and feels like holding up his head and lifting his feet.

MILCH COWS are greatly benefited by it. The whole system is toned up. The digestive organs being strengthened, more nutriment is drawn from the food and the flow of milk increased.

Dick's Blood Purifier will pay for itself ten times over.

For sale by druggists, at general stores or sent post paid on receipt of 50 cts.
