

# WEAK MEN DO YOU WANT TO BE STRONG?

To feel as vigorous as you were before you lost your strength? To enjoy life again? To get up in the morning refreshed by sleep, and not more tired than when you went to bed? To have no weakness in the back, or "come and go" pains? No Indigestion or Constipation? To know that your strength is not slipping away? To once more have bright eyes, healthy color in your cheeks, and be confident that what others can do is not impossible to you? In short, do you want to be healthy, strong and vigorous? I can make you all this because I have done it for others.

## DR. McLAUGHLIN'S ELECTRIC BELT

has restored health and strength to thousands of weak people. If you use it as I direct it is a positive cure, and cannot fail.

It gives the vitalizing power of electricity, without burning or blistering, to every weakened part, developing the full vigor of manhood. It removes all the effects of dissipation forever.

I want every weak person who is not what they should be to wear one of my Belts, and, when cured, tell their friends of its wonderful effects.

My Belt is also an absolute remedy for Nervous Debility, Backache, Rheumatism, Stomach, Liver, Kidney and Bladder troubles. It is arranged for women, as well as men, and cures female weakness.

**Pain in Back Cured in Two Months.**  
Dr. McLaughlin: Brantford, Ont., Oct. 30, 1906.  
Dear Sir,—Having suffered with a pain in my back for over twelve months, I sent for one of your Belts last April, and after wearing it for two months, the pain left me altogether, and I have not been troubled with it since. I would have written before, but I was away from home.  
I remain, yours very truly,  
Jas. O. Sullivan, 65 Oxford St.

**Variocoele and Kidney Trouble Cured.**  
Dr. McLaughlin: Buffalo, N.Y., Dec. 16, 1905.  
Dear Sir,—I used your Belt three years ago for variocoele and kidney trouble, and was cured in two months' time. I had been troubled for many years, but am now sound and well, and have had no return of it since. I am now seventy-one years old, and am thankful for the results from your Belt, and shall always recommend it.  
Yours very truly,  
Wm. Volk, 711 Virginia St.

If you are skeptical, all I ask is reasonable security for the price of the Belt, and

## It Costs You Nothing Until Cured.

It's as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle heat from it constantly, but no sting, no burning, as in old style belts.

### GOSSIP.

A hard man in a manufactory was watching a drayman tugging at a heavy case one day. The drayman's face was red, and the muscles of his neck were bulging. The overseer thought it was the right moment to offer practical assistance.

"Wait a minute there," he said. "Let me show you how easy it is when you use a little brains with your muscle." And he grabbed a hook, stuck it into the case, and gave a yank, and went sprawling into the gutter under the dray. He got up, looked at the hook and said: "Confound it, the handle comes off!" "Yes, sir," said the drayman, respectfully. "My brain told me that, and I didn't use it."

The death occurred at his residence, Lechlade, on Thursday, May 3rd, at the ripe age of ninety-five years, of Mr. Thomas Arkell, a distinguished member of one of the oldest of Gloucestershire yeoman families, and who was for many years among the leading and most successful agriculturists of his time in England. Mr. Arkell was born on February 13th, 1811, at the Manor Farm, Kempford, a holding which has been in the occupation of the Arkells and their maternal relations, the Dies, for over two hundred years, and which is now held by the deceased gentleman's nephew, Mr. William Arkell, the well-known breeder of dairy Shorthorns and Oxford Down sheep. At all agricultural gatherings of the district, Mr. Thos Arkell was a familiar figure for many years, and his shrewd and sound counsels were always received with the utmost respect.

### SPRINGFIELD SHORTHORNS AND OXFORDS.

One of the most noted of Ontario's high-class Shorthorn herds is Springfield herd, the property of Messrs. Charles Rankin & Sons, Wykeville P. O., about six miles south-west of Midland, and four miles east of Wyvale Station on the Allandale-Penetang branch of the G. T. R. This splendid herd is made up of 22 imported breeding cows, and a few Canadian-bred ones, representing such popular strains as the Lady Ythians, Jilts, Lady Evelyns, Bracelets, Marr Beautys, Matildas, Princesses, Isabellas and Veronicas, the get of such noted sires as Spicy Baron, Cyprus, Lord Methuen, Prince of the Vale, Arthur, Merry Mason, Rosicrucian of Dalmeny, Kitchener, True Scotch, Famous Pride and Golden Gift. The stock bull in use on the herd until lately, when he was sold to Mr. W. Doherty, of Clifton, was the massive, ideal show bull, Pride of Scotland, bred by A. Watson, sired by the Crest-bred bull, Clifton, a son of Prince of Fashion, by Scottish Archer. His dam was Roan Bessie, by Sullyton Sort, a son of the great Gondomar. With the crossing of such a royally-bred bull on the high-class females of the herd, the result is just what might be expected—a lot of very thick, level-backed, straight-lined youngsters. Among the younger ones is a bull calf, by him, and out of a Lady Ythan cow, that is a good one; another, by same sire, and out of a Jilt bred cow, another, out of a Bracelet cow. These are from imported stock on both sides, and bid fair to develop into something extra nice. Then there are a few heifers that could be spared, all out of imported dams, and got by Pride of Scotland and Rosicrucian of Dalmeny.

The Oxford Down sheep, of which there is a large flock, are typical of the breed, extra large, and covered to a nicety. This season's crop of lambs are by a carefully-bred ram, growing very fast, and will be on sale later on. Mr. Rankin does a fine breeding in Berkshires also. His stock here is imported, and his brood sows are all bred from prizewinning stock. Their type is perfect, and they are exceptionally even-quartered. Anyone wanting an extra nice Berkshire should write for prices. Mr. Rankin reports trade in Shorthorns as very brisk, all last year's bulls being sold some time ago and young runs making coming in since. He has no difficulty in selling all the females he can produce. No wonder his herd is watched, both individually and in the herd. At head of his herd, Mr. Rankin has lately purchased in Scotland a pair of the best of the great prize-winning blood. For particulars of prices and conditions, write to the issue of May 31st, 1906.
