THE ANGLE LAMP

Comfort in Summer Lighting.

As the days grow longer it is more and more important that you use the right illumination. If you have a system that requires endless attention, that smokes and smells and makes a room unbearably hot, you will find it more disagreeable every day that brings you nearer warm weather. This lamp is, therefore, the one kind of illumination that will bring you absolute satisfaction. While more brilliant than gas or electricity, it never smokes, smells or gets out of order, is lighted and extinguished as easily as gas, gives almost no heat and is economical beyond comparison with anything else.

Eighteen Cents

worth of oil will burn for one month and will show you that it is possible to use oil with comfort and saving. It presents a perfect substitute for gas, electricity, and other new systems and being absolutely non-explosive, it can be placed in any hands with absolute safety. The unique feature

No-Under-Shadow

insures all the light falling directly downward and outward, which makes every occupation of the evening a genuine pleasure. They are handsome, well made, and a distinct decoration wherever used.—Thousands are employed in homes, stores, churches, halls, libraries, etc., and give unbounded satisfaction. Our catalog I shows all styles from \$1.50 up. We will gladly send it to you on request.

THE NEW TOPIC

OLD TESTAMENT HISTORY (FROM THE REIGN OF DAVID TO THE CAPTIVITY.)

This topic will begin at Trinity and continue until Advent. For all grades of pupils from the primary school to the Bible-Class. The Whittaker Series includes "The Picture Lessons," "The Lesson Book," "The Bible-Class Manual" and "The Teacher's Assistant." These four publications are edited by the Rev. Dr. Shinn. They are free from partisanship, and can be used in any parish. No system of instruction has been so generally accepted as this throughout the Church, and no substitute has as yet been found. Some of the best schools in the land use these graded lessons. When convenience, thoroughness, attractiveness and economy are considered they are found to be satisfactory.
