All over the continent the movement to reduce the size of newspapers because of advancing paper prices and the scarcity of newsprint makes head-way. Toronto morning papers at three dollars a year will soon be in a class by themselves. Many not so good now cost five and six dollars a year across the border. —Toronto Globe.

A PROMINENT NURSE SPEAKS.

Many Nurses in Canada and Elsewhere Say the Same.

Chatham, Ont.—"Being a nurse I have had occasion to use Dr. Pierce's Favorite Prescription quite a lot. I always recommend it to my patients and it has been a wonderful help to many of them. I never knew of a case where it failed. I have a patient who is using it now and she is doing fine since taking it. I have taken it myself and got the very best results. I consider it the best medicine there is to-day for women who are ailing."
—Mrs. Emma Moore, 30 Deigo St., Chatham, Ont.

THAT WEAK BACK

Accompanied by pain here and there—extreme nervousness—sleeplessness—may be faint spells, chills or spasms—all are signals of distress for a woman. She may be growing from girlhood into womanhood—passing from womanhood to motherhood—or later suffering during middle life, which leaves so many wrecks of women. At any or all of these periods of a woman's life she should take a tonic and nerve prescribed for just such cases by a physician of vast experience in the diseases from which women suffer.

Dr. Pierce's Favorite Prescription has successfully treated more cases in the past 50 years than any other known remedy. It can now be had in sugar-coated tablet form as well as in the liquid. Sold by medicine dealers or trial box by mail on receipt of 50 cents in stamps. Dr. Pierce, Invalids' Hotel, Buffalo, N. Y. Dr. Pierce's Pleasant Pellets clear the complexion.

A. O. U. W. Insurance

Several policyholders in the Ancient Order of United Workmen who have suffered by the revaluation of policies under the legislation of last session, have lodged complaints with the Department of Insurance. According to the legislation the Order was required by July 1, to ascertain the amount of its beneficiary and reserve funds, after providing for all claims on hand, and to apportion the amount among all of the certificates of members of the Order. The actuarial working out of this requirement has meant that in some cases the certificates held by members are declared to be valueless. Several members have received notice that their policies are valueless while others find that the policies have been considerably reduced.

Bonter Failed to Appear.

Gordon A. Bonter, the Melancthon coal mine promoter, who was to have appeared before Judge Klein here on Tuesday last to answer to the charge of using fraudulent methods to induce Mr. and Mrs. Ed. Gibson to purchase coal mine stock, was conspicuous by his absence when called upon at the court here on Tuesday. When the charge was laid last March, Bonter asked for six months' time in which to raise the cash and make restitution to the Gibsons, who claimed to have been victimized by him out of \$200, and the prisoner also seemed solicitous about the claims of some other of his unfortunate patrons here and held out a sort of hope that when he returned in six months he would bring them cheer and comfort. They were all on hand Tuesday looking for the promoter with the anxiety of children watching for Santa Claus. But dreams of Bonter and his sachel of cash evaporated, for the present at least, when Lawyer Klein on behalf of the accused apprised the court that his client had got as far as Toronto on his way here, but had been suddenly recalled to New York on business, and couldn't, as it were, make the grade now. Mr. Klein stated that Bonter wanted another extension of three months' time and asked that the trial be adjourned to that date, but the court proceeded to estreat Bonter's bail of \$1000, which means that his financial difficulties will be probably further increased by making him liable for that sum. His coal mine victims are no doubt waiting for the next coming of Bonter with the eagerness of churchmen waiting for the millennium.—Herald & Times.

Potash Industry at Warton

A company with an authorized capitalization of \$1,500,000 has bought the Crown Cement Co's plant at Warton. The Echo says it is the intention of this new company to manufacture potash, the importation of which has been shut off by the war. Before the war potash sold in United States from \$40 to \$100 per ton, to-day it sells for \$460 per ton and twice that amount can be obtained for it. He claims that already they have orders for 50 tons per day, so if 50 is multiplied by \$460 it is seen that the gross earnings of this new plant will be \$23,000 per day and when this is again multiplied by 300 days per year you have a pretty big sum. The company will get their raw material near Parry Sound, where they have purchased 500 acres containing feldspar. This had been analyzed and goes 13.5 per cent of potash. The highest is 16 per cent while rock 1 per cent has been worked to a good profit. The company will employ 150 men.
