

SEVERAL important changes have been sean, of Montreal, has been taken into the made in the Dominion Cabinet. Mr. Mos-Ministry as President of the Council; Mr. Caron takes the position of Minister of Militia; Sir Alex. Campbell reassumes the position of Postmaster General; Hon. John O'Connor will be Secretary of State, and Hon. J. C. Aikens, Minister of Inland Revenue.

The storm which prevailed on Saturday and Sunday last wrought much damage upon the lakes. A sad disaster is reported on Lake Ontario, being the destruction of the schooner Belle Sheridan, and the loss of six men, including Captain McSherry and his three sons. The Zealand, with all hands on board—sixteen persons—and the Norquay with her crew of six or more men, are also reported to have been lost during Saturday's gale on Lake Ontario.

is the intention of the Government to proceed \$\frac{1}{2}\$ once upon meeting with the Pacific Railway business, and after ratifying the Syndicate scheme, to adjourn until after the Christmas holidays. This will save the country the expense of an extra session, and 'yet will give the people an opportunity of learning the details of the contract at an early day. With a question of such immense importance as the building of the Pacific Railway to be debated, the approaching session will be one of great moment, and the public will take a deep interest in it.

represented North Oxford for sixteen years, having been returned in 1866 as member of the Canadian Assembly, and subsequently as member of the Dominion Parliament. He was a Liberal in potitics, in the early part of his political career of a mild type, and latterly a pronounced supporter of his party. He was a fair debater, always courteous and gentlemany, and his presence in the House will be missed. The deceased had also occupied honorable positions in the municipal councils of the town of Woodstock and County of Oxford. He was also highly esteemed for his personal qualities. His very sudden death at a comparatively early age_fity-six years—causes the deepest regret throughout the constituency which he had so long represented.

THE RILEY-LAYCOCK RACE.

London, Nov. 6.—In the race between Laycock, the Australian, and Riley, of Saratoga, for \$200 a side, over the Thames championship course, Laycock defeated Riley easily and by several lengths. Riley backed himself freely yesterday against Laycock, accepting two te one on the sculling match between them today. Trickett laid Riley £40 to £20 on the result. Time of race, twenty-five minutes and four seconds. Betting at the start was \$3 to \$1 on Laycock. The race was won by four lengths. At Hammersmith Bridge Riley was leading slightly, Laycock rowing easily. Immediately after passing the bridge Laycock began to lorge ahead and maintained a lead throughout. At Mortlake both men were fairly near together. Laycock had the race well in hand and might have won as he pleased, Riley being hopelessly beaten. Riley had a slight advantage at the start and rowed forty-one strokes to the minute; Laycock 38. When a mile was traversed Laycock decreased almost imperceptibly, but Riley was still leading by three-quarters of a length at Hammersmith Bridge. Two huundred yards past the bridge both spurted, Laycock getting level with Riley before Cheswick Eyot was reached, and opposite Eyot he shot past Riley. He was three lengths ahead opposite Cheswick Church, and thenceforth it was a mere procession, though Riley rowed gamely to the end. His time was seven seconds longer than Laycock's. DONEGAL

"THE FIFTH."—The attendance at the Orange supper on this anniversary was not so large as it would have been had the weather been favorable. However, a fair number turned out, and these who did were amply repaid for their fouble. Several prominent members of the order from the different lodges in the township were present. After partaking of a sumptuous repast, served in splendid style by Mrs. S. MoAuley, an adjournment was made to the hall, which was handsomely decorated for the occasion. A number of expected speakers did not put in an appearance, owing to the rather muddy condition of the roads, consequently the oratorical part of the programme was dispensed with. This the young people at least did not regree, as it left more time for dancing, with which they proceeded at once. The sound of more than one good fiddle "put life and mettle in their heels," and with dance and song the night wors away.

Accuber.—On the 3rd inst., as Messrs. F. Roney and W. Hemphill were assisting at a raising on the farm of Mr. A. Wilson, they met with rather a severe accident. Mr. Roney was on the plate of the barn, about twenty feet from the ground, and Mr. Hemphill a faw feet lower on the beam, when a rafter which they were placing on the building slipped, knocking both off. Hemphill did not sustain any serious injury other than a severe shock. His companion was not so fortunate, having seven teeth knocked out and being severely cut about the head. He is slowly recovering.—Com.
