

## HEAD OF McADAM STRIKERS DISCUSSES THE SITUATION

**Men Show No Sign of Relenting and Going Back.**

In response to a request from The Sun, J. B. Johnston of McAdam Junction, chairman of the Eastern Lines Machinists, gave out the following statement last night concerning the strike of the C. F. R. mechanics.

Re statement in Sun August 8th that there was trouble at McAdam between imported men and strikers, this is entirely incorrect. Since the men walked out August 5th there has not been the slightest sign of trouble, neither have the company imported any strike breakers. The men are quietly waiting developments, holding daily meetings to discuss the situation. Also the statement that I had left for Montreal is untrue, as I am still in McAdam. The St. John Telegram on Saturday announced in bold type that the strike was "slowly petering out," but they omit to give any real facts in proof of such an assertion, and in fact the article in question was so evidently "inspired" that it is hardly worth contradicting. Nevertheless I will say right here that the men have not quit work from the Atlantic coast, the Pacific with-out feeling that they had justice for such action, and for The Telegraph to make such a statement as the above quoted is simply absurd, as we are receiving daily reports from all points on the system to the effect that there is not the slightest weakening on the part of the men.

**J. B. JOHNSTON, Chairman of Eastern Lines Machinists.**

**MONTRÉAL, Aug. 9.**—There were no new developments in the strike of the C. F. R. mechanics today. The week closed yesterday without any incident of an exciting nature, and both sides seem to have settled down to a long fight. So far as is known there have been no overtures looking to peace from either side. The labor leaders claim that the men throughout Canada have responded better to the strike order than they themselves expected, and point to the fact that 224 more men, chiefly car builders, went out on Saturday as evidence that the strike is becoming stronger. They also deny that one man of those who went out on strike has returned to work.

Work is being carried on at the shops but with considerably smaller force of men. The large majority of the applicants for work are unskilled laborers, and there are mechanics without the Mechanics with experience are being taken on as flag as they come.

President Bill Hardy, in an interview today, emphatically denied the assertion that it was a fight between the labor leaders and the company. He stated that the company is not awarding a position one side or the other, the men were asked whether they were willing to work under the same conditions as the men who have answered that they would not.

A C. P. R. striker at McAdam told The Sun yesterday that there had been no change whatever in the situation. The shops are all closed and no one shows any signs of giving in to the railroad people. When asked whether any persons were going to take the men's place, the gentleman stated that so far none had arrived. There are a number of policemen on hand guarding the shops, but their services will not be needed.

The regular meeting of the union was held yesterday and encouraging reports were received indicating that the cause of the men was as strong as ever, and that there was no wavering on the part of any of the men.

## TWO MEET DEATH IN AUTOMOBILE PLUNGE

**Wealthy Merchant and Priest Victims**

**WOMAN SAVED**

**TOLEDO, Ohio, Aug. 9.**—When an automobile plunged over a steep embankment on the Michigan road two and a half miles west of Sylvania, this afternoon, Chas. W. Pohlmann, a wealthy Cleveland importer and merchant tailor, and Father Geo. Vahey, pastor of St. Columba's parish, Cleveland, were killed. Mrs. Pohlmann, her daughter Florence, and F. C. Dierker, a Cleveland dentist, were in the touring car, but were saved from injury by the high back of the tonneau.

The automobile landed at the bottom of the embankment bottomed up. The priest's head was crushed between the edge of the car and a huge stone. Mr. Pohlmann was driving the machine and was entangled in the steering gear, the wheel crushing his chest. F. C. Dierker struggled from under the tonneau, assisted the women out, and then examined the bodies of the two men in the front of the car. Realizing that the men were dead, the dentist seated the women on the trunk and ran half a mile to the home of Stephen Ely, where he found four or five men who were willing to return to the wreck with him.

The scene of the accident was at the Ely bridge across Ten Mile Creek, two and a half miles west of Sylvania. About twenty feet west of the bridge is a deep hole in the middle of the road, stretching nearly across it. Mr. Pohlmann struck his machine over to the left side of the road to avoid the hole. The sides of the embankment are thickly lined with shrubbery and small trees and the party did not realize that they concealed a steep bank.

The jumping of the rear wheels in the hole tossed the machine over the embankment.

## NEW YORK YACHTS IN EXCITING RACE

**NEWPORT, R. I., Aug. 9.**—Thirteen of the crack yachts of the New York Yacht Club today had an exciting fight over the historic Brenton's Reef course in a good southwest wind for the Col. John Jacob Astor cups for schooners and sloops, J. Rogers Maxwell's Queen upholding her name in the schooner class as winner in 42:54, beating the speedy Elmina by eight minutes and 10 seconds. The sloop Avenger, owned by R. W. Emmons, 2nd, captured the cup for her class, going over the course in 5:15:40, defeating the Iatavina by 3 minutes and 34 seconds corrected time. The latter sloop had the most thrilling struggle of the day with the Aurora, the two flitters fighting tuck for tuck over the entire fifty-eight miles of the course with Iatavina winning out at the line in a hair-raising finish by eight seconds.

While the Avenger was a winner on time allowance, the famous old America's cup defender Vigilant, now rigged as a yawl, was first over the line in the class for sloops, but was unable to save her time allowance.

## FIVE HUNDRED BOTTLES OF ALE ARE DESTROYED

**Moncton Scott Act Officers Are Rather Busy Just Now**

**MONCTON, Aug. 9.**—James Clyke, a 17 year old negro bootblack, was arrested here by I. C. R. officers this morning and is being held on suspicion of being connected in the New-castle burglary. Clyke had a ticket from Newcastle to Truro and six dollars in money.

Saturday evening the police raided a hotel kept by Damien Bourgeois and seized therefrom two large cases of ale. Bourgeois was arrested on a warrant only Friday charged with Scott Act violation.

Saturday evening five hundred bottles of ale and two cases were destroyed, these being a consignment recently seized from the Windsor Hotel. The cases were taken to the wharf, their heads knocked out and the contents dumped into the river. The bottles were smashed on the floor of the hotel. Wm. McMullin, proprietor of the hotel, was on Saturday given a fifty dollar fine in his case.

Farman said that he, Delagrèze, Berlet and the Wrights did not use the same motor, but he added, "I am not an expert, but I say that I alone understand this machine. There is a unique feature, a certain trick about handling it which I have discovered. Its makers do not know it, nor does anyone else. Delagrèze accidentally found it when he flew so well at home, but he readjusted the machine and lost it. Even if they do hit it, nobody will know it. You will accordingly see the Wrights have trouble with their motor. They will not make long flights, neither will they meet the United States government tests, the conditions of which are absurd."

## FOUND COACHMAN'S REMAINS IN FIRE RUINS

**Montreal Stable Owner Makes Some Discovery—Overcome by Smoke.**

**MONTRÉAL, Aug. 9.**—While clearing away the rubbish after an early morning fire in his stable on Versailles Street, the owner made the gruesome discovery of the charred remains of his coachman, Robert McGilvie. The fire broke out at 1:40 o'clock this morning. It was extinguished in a short time and the firemen returned to the station after clearing up the debris, in which were found the bodies of three horses. It was not known that the stableman had been in the building. At 10 o'clock this morning the owner was going over the ruins when he came across the body of his employee.

McGilvie was evidently overcome by the smoke while trying to escape from the burning building. He was a widower with one small daughter, but it has so far been impossible to locate her.

## SIX BURNED TO DEATH

**NEW YORK, Aug. 9.**—Six persons were burned to death, in a tenement house fire at 332 East 113th street, four children between the ages of eight and twelve, an infant of two months and an aged man. Other occupants of the tenement were injured by jumping from windows, three severely.

## THAW IS MEETING CLAIM TO BE CURED WITH OPPOSITION BY DIVINE HEALING

**Creditors Fight Bankruptcy Process**

**O'REILLY WANTS HIS Former Lawyer After His Fee For Services**

**NEW YORK, Aug. 8.**—That a determined effort will be made by some, at least, of Harry K. Thaw's creditors to resist his effort to have himself adjudged a bankrupt was indicated today after his creditors had recovered from the confusion into which the first announcement of the beginning of the bankruptcy process in Pittsburgh threw them. The attempt to head off the bankruptcy process, indeed, is already under way. Daniel O'Reilly, Thaw's counsel in both the murder trials, announced today that he had decided upon the institution of proceedings through which he hopes to collect the amount of his claim for legal services.

Mr. O'Reilly announced that he was preparing the petition to be presented to the United States court on Monday for a committee of Thaw's estate and a person on the ground that Thaw is judicially adjudged a lunatic and as such had no right to go into bankruptcy. On declining the committee, Mr. O'Reilly says, he will sue the committee for the remainder of what he claims Thaw owes him. According to his statement, this is a matter of \$37,000 over the \$11,000 stated in Thaw's bankruptcy schedule. He asserts that the \$11,000 and more that Thaw paid him during the trials was largely expended for Thaw's benefit and under his orders.

Other of Thaw's creditors, although expressing surprise that he had disputed their claims, were less definite than Mr. O'Reilly as to their probable procedure. Their attitude was perhaps well indicated in the statement made by Dr. Britton D. Evans, one of the leading alienists of the Thaw side at the trial. In comment upon the beginning of the bankruptcy proceedings, he said: "It is a surprise to us," said Dr. Evans, after he had read the report of Thaw's action. "We had no intimation that he would dispute the bills, or that he contemplated such a step. All I can say at the present time is that all the bills put in by me were just and moderate for the services rendered. From my knowledge of the case I can say that none of the alienists who appeared for the defense over-charged Thaw, and that their bills were only a fair compensation for the services they performed for him."

A Russell Peabody, who is still Thaw's personal counsel, was one of the creditors who looked at Thaw's move in a different light. Mr. Peabody gave it as his opinion that Thaw's action was a proper one and that all the claims against the young man will be paid when they had "been pared down to proper proportions."

## EARTHQUAKE STIRS CARLETON COUNTY

**Two Distinct Shocks at Woodstock**

**ONE HOUSE MOVED**

**Robbers Break Into House and Carry Off Silver Plate**

**WOODSTOCK, N. B., Aug. 9.**—Slight seismic disturbances were felt at several points in this county early Saturday morning. In Woodstock two distinct shocks are reported, the first a mere tremor about 8 a. m., the second more pronounced at about 6:30. In several houses who are supposed to be at Woodstock, the shocks were felt. One reliable resident of this town says his house seemed to rise about a foot and as suddenly recede.

The earthquake was a significant day for Mr. and Mrs. Frank Foster, 634 this morning after an illness of a few weeks from hemorrhage of the stomach. Her father, who had recently been operated on for appendicitis at the hospital, reached home but a few hours before his daughter's death.

**BURGLARS ACTIVE.**

Last night burglars broke into the house of Rev. E. A. MacDonald, near Debec, and carried off silverware, a revolver, coat, valise and other articles. Constables at Debec arrested three men this morning who are supposed to be at least part of the gang, and this afternoon Chief of Police Kelly and Deputy Chief Foster went out to Debec and brought the trio here. They give names as Green, Welsh and Ferguson. The preliminary hearing will be on Monday.

## QUAKER CITY TEAM DEFEATS IRISHMEN

**BELFAST, Aug. 8.**—The cricket team representing the Gentlemen of Philadelphia continued to pile up runs this morning when play was resumed in the match with the northern counties team, and they compiled 319 before they were dismissed. With 224 runs to make to avert a single inning's defeat, the Gentlemen commenced the second innings disastrously; three men went out for 38 runs. The batters for a time made a better stand, evidently trying for a draw, but the whole side was finally disposed of for a total of 110 runs, the Philadelphia thus winning by an inning and 114 runs.

A young teacher prided herself on the close relations of trust and confidence existing between herself and the little ones in the primary department.

One day a little fellow made his way to the teacher's desk, and with many blushes and other signs of embarrassment finally managed to say: "You don't care, do you, Miss—, if my pants don't match my coat?"

Gunner—What is the trouble, old man? You look as if you were all in. Guyer—I am. There is such a racket on the floor beneath me I am on the verge of nervous prostration.

Gunner—On the floor beneath you. Why great guns? The landlord said you could hear a pin drop.

Guyer—Yes, and I've heard a thousand of them drop. It is a bowling alley.—Chicago News.
