THE ACADIAN. WOLFVILLE, N. S., JULY 27, 1888. Local and Provincial. VISITORS.—A large number of American tourists and other visitors have been in town this week. BOSTON.—Mr. D. R. Thomas has purchased from the Messrs Brown the property now occupied by Mrs. A. L. Rockwell. LOST.—Between Wolfville and Gaspercau, on Wolfville street, a red plain shawl with black and white. The finder will confer a great favor on the owner by leaving it at this office. PAPERS.—Our old friend, E. F. Eagles, now of Dorchester, Mass., has our thanks for last issue of the Boston Sunday Globe.—We have also received from a friend a bundle of Minneapolis, Minn., papers. NEW CAR.—The Windsor and Annapolis railway company have just added to their rolling stock a new and very handsome passenger car. It is splendidly finished and is said to be equal to any in the Province. METHODIST.—Rev. Mr. Buttrick, a former pastor, occupied the pulpit of the Methodist church last Sunday evening and preached with much acceptance. His many friends in Wolfville were very glad to hear him again among them. 16c. 16c. 16c. for Eggs at Prat's. PERSONAL.—G. W. Cox, Esq., and lady are spending a few weeks in Wolfville at the home of the latter.—Messrs H. C. Gilmore and J. E. Farrell arrived home from Boston on Tuesday evening for a vacation.—Dr. J. A. Paynter was in town on Wednesday.—T. C. Allen, Esq., and lady, of Halifax, are at the American House.

WE WILL SELL the Balance of our stock of STRAW HATS at Greatly Reduced Prices. C. H. BORDEN. NOTE.—We will close at 7 o'clock, p. m. every Monday, Wednesday and Thursday, beginning August 1st until further notice.

Local and Provincial. TEMPERANCE DRINKS.—Bigelow's Ginger Pop, nice drink on a warm day, at SHAW'S. ANOTHER SMALL EGG.—Mr. J. D. Chambers placed on our table recently another small hen's egg. Its diameter measurements are 1 1/4 in. by 3/4 in. It is quite a curiosity. COW DIED.—Mr. Geo. Farris recently lost a fine cow, its death being caused by a tumor. A number of the citizens of Wolfville have made up a sum sufficient to purchase another cow to compensate for the loss sustained. THIEVING.—Some of our people are complaining that their premises have been entered recently and articles stolen. A few nights since the cellar of Dr. Bowles was paid a visit and a quantity of bread, cake, &c. was taken. We would advise our friends to have their dwellings and outbuildings secure and to keep a good look-out for thieves. EARLY CLOSING.—We the undersigned merchants of Wolfville have agreed to close our respective places of business on the evenings of Monday, Wednesday, and Thursday of each week beginning Wednesday August 1st 1888. Burpee Witter, Caldwell & Murray, O. D. Harris, C. H. Borden, Rockwell & Co. B. G. Bishop sells mixed paints at \$1.40 per gallon, the best in the market and in all shades. AVONPORT.—The members of Hopeful Division held a strawberry festival on the grounds of Mr. N. Holland on Monday evening, 23d inst. Much credit is due Mr. Holland for his kindness in allowing the use of his grounds. The amount realized was in the neighborhood of \$22.00.—Mr. W. A. Reid has got his seine out but has not caught many shad as yet.—The total amount of brick shipped from Avonport station for year ending June 30th was about 6,000,000 lb, or about 1 1/2 millions of brick. LIBERAL.—The Wolfville Baptist church has just contributed \$175 to the relief of the Baptist congregation at Charlottetown, P. E. I., which recently had its church destroyed by fire. One member gave \$100. At the recent meeting of the Central Association at Gaspercau it was decided to ask the churches to subscribe to this object. The Wolfville church was asked for \$75 and gave \$175. Taking into consideration that the congregation have recently been to a large expense in repairing their church &c. we consider the amount very liberal. JUST IN.—Roofing Paint, Carriage Paints, leads, glass, &c. &c. for sale low at B. G. Bishop's. MAONLIGHT EXCURSION.—A moonlight excursion took place on the Avon last Saturday evening. A large number availed themselves of a merry evening on the water. The steamer Acadia left Hantsport at 9 o'clock p. m. and sailed up and down the river for about three hours, the Hantsport band favoring the excursionists with sweet music at appropriate intervals during the evening. The Avon river is a splendid place for an excursion, and the only wonder is that no more are enjoyed on its waters. A number of the boys drove down from this place and enjoyed themselves thoroughly. FOR SALE.—A Jersey bull calf, a week old, will be sold cheap. C. A. PATRIQUIN. AN OLD DOCUMENT.—While repairing the American House there was found under a staircase, which was removed, a somewhat interesting document. It is an invoice of goods bought by Elijah Fowler from Jas. Hatchford & Co. of Parrsboro. The date is Dec 13th 1792 and the document is of preservation. The former owner, Mr. Fowler, was one of the early inhabitants of Wolfville and owned a large part of the present site of the town. A number of his descendants are still residing here. The American House, though now presenting quite a modern appearance is one of the oldest residences in this vicinity. Married. SCHOFIELD—SCOTT.—At Black River, July 22d, by Rev. M. P. Freeman, Albert D. Schofield and Miss Alice L. A. Scott, both of that place. Died. BURR.—At Back Road, Wolfville, July 24th, John Burr, aged 84 years. NEVILLE.—At New Ross Road, June 18th Mrs. Susan Neville, in the 45th year of her age, a native of Plymouth, England.

BERWICK TIMES. NEWS, NOTES, JOTTINGS, ETC. REV. D. O. PARKER is our representative in Berwick, and is prepared to take orders for job printing and advertising. We are constantly adding to our plant, and will give prompt attention to all work. Get our prices. —In reply to our hint in last week's issue for a few lines on the hygienic benefit of rustication, the Dr has kindly sent the following:— RUSTICATING.—To write and particularize the cases with their several wants and hygienic benefits for rustication would not only necessitate a very long paper but might lead many to rusticate for hygienic benefits only. To rusticate scientifically requires that three very important things should be considered, viz: bodily health, mental culture and finances. The last named as a rule interferes with the successful carrying-out of the other two, therefore we must leave to each to consider his own special case and arrange his rustication accordingly. Rusticating in Berwick and vicinity can be most successfully carried out, for its healthy situation, pleasant drives and walks care for the first; the intelligence of the inhabitants cultivate the second, while one's expenses are so reasonable compared with similar localities that nearly all can afford them. Few visitors leave the village without some expression of their gratification in having visited the place. Such an expression as "They never saw so many pretty cottages with neat surroundings in one village before," speaks well of the industry and taste of its residents. The visitor has only to drive to the brow of the North Mountain to be charmed with the view spread before him. There lies the valley in solemn grandeur, its well-cultivated fields intercepted by pretty lots of woodland, villages almost hidden from view by their ornamental trees, its silvery streams and rich meadows cannot fail to impress the traveller with the idea that these should be a happy and contented people. —We would emphasize the following note from our medical friend of Halifax relative to the drainage of the Main street in Berwick. It only requires a glance in passing to see stables, sink-drains, wells, etc., in close proximity. The earth becomes saturated with impurities and exhalates noxious gases, and the otherwise pure and wholesome water becomes impregnated with filth and deadly poison engendering fevers, diphtheria and other fatal diseases. For some years past we have maintained the idea that many of the cases of diphtheria and fevers which have at times been prevalent in certain parts of the village owe their existence to this very cause. We may revert to this matter of drainage again. —BERWICK HYGIENE.—It was noticed that in their prosperity the people of our matter: that is, to provide the Main street with suitable sewers. The outbuildings and wells are becoming too numerous and closely connected to the health of the inhabitants, although at present not giving evidence of infection; but if not carefully looked after will in the near future tell its story in the percentage of deaths in the village. —Last Sabbath morning the Methodist pulpit in Berwick was supplied by Rev. Mr. Hemmison, of Wolfville, the new pastor not yet having entered upon his duties. The Rev. L. L. Fittz, pastor of the Calvary Baptist church, Salem, Mass., preached in the Baptist house in the morning and his brother, G. B., in the afternoon. These gentlemen last week visited Berwick, Wolfville, Grand Pre, Gaspercau, Canning, and Blomidin, and heartily enjoyed the pleasing prospects of these favorite vacation resorts. —The Union Sabbath School meeting held in Berwick Sabbath evening was one of the best ever held in the village. The large house was filled and the address was most given by visitors were of the right kind and heartily enjoyed by all. The music was accompanied by instruments from the Brass Band. —Mr. Parker has a fine show of furniture in his new warehouses. He represents this paper in Berwick and takes subscriptions for it and orders for advertisements and job printing. —Rev. S. McC. Black, of Kentville, has been spending a few days including Sabbath with his old friends in Berwick. —CHRIST CHURCH (Anglican).—Divine service next Sunday at 3 p. m. Rev. M. C. WADSWORTH, Incumbent. —A J. McLeod, barrister, Boston, is now enjoying his annual vacation in Berwick. —Last week Berwick shipped 334 1/2 bushels of strawberries to Halifax.

Dandruff, Baldness. Thin or Grey Hair.

Everyone knows how disagreeable it looks to see Dandruff falling from the head to the shoulders of either lady or gentleman. The head may be washed ever so often but it will not clean out this evil. The best way to get rid of the affliction is by the application of Simon's Liniment, say three times a week, just before retiring at night, first washing the head thoroughly with warm water and castile soap. It will cost you but 25 cents to give it a trial, and who but could take pride in a fine glossy head of hair without any appearance of Dandruff. Mr. E. Renault, agent of Crown Lands, St. Thomas, Quebec, writes: "I have used Simon's Liniment as a hair invigorator and can certify to its wonderful effect for the growth of hair and cleansing of the scalp. I feel assured it will in nearly every case prevent the hair from coming out." SEE DIRECTIONS ON EACH WRAPPER. Brown Brothers & Co., Proprietors, Halifax, N. S. July 27th, 1888
