Miramichi Boy Has Made Good

Hon. Edward R. Hubbard of St. Bonsoir, Miramichi, was elected a Republican Representative to the Michigan State Legislature in the elections of Nov. 3rd. Mr. Hubbard is a native of Miramichi. He is a son of the late George and Lottie P. Hubbard of Cassville North'd Co. and left his home twenty two years ago to take up his abode as a resident of the State of Michigan. During the time which has elapsed since he went away he has employed himself in various pursuits and at the time of his election was engaged in architectural contracting work.

As a candidate for election he was pitted against some of the smartest men in the state; his opponent for his own county of Menominee being a lawyer of quite high repute.

But Mr. Hubbard had the good fortune to outstrip him by a very large majority, the largest known in the history of the county politics.

As a member of the State Legislature Mr. Hubbard's work will be, in conjunction with the representatives from the eighty one other counties of the State to make and ratify the laws of the State, make all the State appropriations and in general do work similar to that done by our own legislative Assembly. The members meet in the Capital building at Lansing on January 5th and hold sessions for four or five months in each of the two years in which they hold office.

Mr. Hubbard's appointment was not the work of a moment but was won by persistent and painstaking effort, and is but another example of a hard labor earning its well-merited reward. The news of his election comes as a pleasant surprise to his numerous relatives at home, and they are justly proud of the honorable position to which he has been appointed.

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Launching the Empress of Canada

The Empress of Canada, a twin screw geared turbine oil burning passenger liner, built to the order of the Canadian Pacific Ocean Services, Limited, especially for their trans-Pacific service, was recently launched at the yards of the Fairfield Shipbuilding & Engineering Co., Limited, Govan, Scotland.

The christening ceremony, which was performed by Mrs. G. M. Bosworth, the wife of the chairman of the Canadian Pacific Ocean Services, Limited, went through without a hitch.

The ship is 653 ft. long, 77 ft. 9 ins. wide and has a depth to the bridge deck of 53 ft. 6 ins. Her gross tonnage is about 22,000 tons, and she is arranged to carry about 490 first class, 106 second class, 238 third class passengers, and 547 of a crew. Of the cargo spaces, a large portion has been fitted for the carriage of silk. The ocean speed is about 21 knots. The vessel is built to the highest class of Lloyd's register, to full Board of Trade requirements and sub-divided in full accordance with the requirements of the Bulkhead convention.

A complete system of telephones with a central exchange is fitted to the special and private suites and various offices, etc.

The dining saloon is on the upper deck and will accommodate 325 persons, a large reception room is situated forward of the dining saloon with passenger elevator at the fore end; on this deck also is a swimming pool 30 ft. long by 18 ft. wide, and a gymnasium.

Throughout the vessel special attention is everywhere given to the fact that the Empress of Canada is to serve in a semi-tropical climate; public rooms are therefore large and airy and the ventilation amply arranged. The maiden voyage of the Empress of Canada will be a tour of the world, starting from Liverpool, March 15, 1921.
