WITH T

SHEEP IN ALBERTA. Writing in a booklet is Alberta Sheep Breeders' James McCaig, of Edment some valuable information the sheep industry in Albert He points out that sheep h displaying rapid contracti range side and shows no coming growth as a farm ente Since 1905 there has been a rec each year of from thirty to feent. in the total sheep stock province. While the sheep less tahn one third of what three or four years ago, the trebled, and the demand for has always been good enough fair profits. Good markets west have been permitted the board, and now, as a factor total of national mutton prothe business in the province thing of a failure.

From Range to Feeding. Mr. McCaig is not enthusi the wool side of the sheep in comparison with the mutton If, however, the sheep breeder his attention to the mutton swill not find the market for mutton satisfactory. to the inauguration of feeding prises. Mr. McCaig sees th ties for sheep feeding in the pl hay and alfalfa hay crops of the area in the pulp of beet suga tories. He devotes several pa his article to the problem of st ful lamb feeding, to the means creasing the volume of range production, to improving the pr mutton, by improving the qual to the improvement in man

What Can Be Done. "The sheep business," so McCaig in conclusion, "is to fitted as a whole not only by provement in farm and range which the profits of the will attract a greater number gage in it, but it requires the ship of stockmen on the farm besides having an interest in sh account of their ordinary profit some pride in the production ar session of the animals of high This condition has already be tained with respect to cattle an stock, but only to a limited ext the case of sheep. Whatever done by the Live Stock Associ the Provincial Department ofture or the agricultural should be done with vigor promptness. The association facilitate the dispersion of reg sheep stock: the Department give right emphasis to the adva of sheep-keeping in its institut paigns, the counties on coyotes be continued and should be on she stuff and the societies offer premiums for full classe gistered sheep in their prize li
