The Evening Chit-Chat

By NETA CALVERT

When the pilgrims instituted Thanksgiving Day they meant that on that day special thanks should be given to God.

Everyone knows that, and presumably everyone with intelligence enough to regard the day as something besides an opportunity for over-eating does that.

May I suggest an additional observance? Don't you think it would be a grand idea to make to-day your Thanksgiving Day to your fellow men, as well as to the All-giver—that is, to give thanks to those you love for some of the innumerable kindnesses they do you, and which for the most of the year you are sadly apt to accept as a matter of course?

For instance—there's father. On three hundred and sixty-four days of the year you probably take his daily self-denial of all the luxuries he might have had, for the sake of bringing you up, as a matter of course—sort of debt he owes you for bringing you into the world. Suppose to-day you go to him and give him thanks and tell him you do appreciate that it means sacrifice to him to smoke a pipe instead of the cigars he used to be so fond of, to dine at cheap restaurants and wear shabby clothes and to give up that club to which he was once so proud of belonging.

Then there's mother. Perhaps on three hundred and sixty-four days of the year you take most of her little

day-by-day services as a matter of course. You are so used to having her sew in the ruffling, press the ties, mend the trousers or press out the gown for the party, that you have come to regard these things as just part of her duties as a mother. Suppose to-day you surprise her by going to her and giving her thanks for all these dear services. Mention them one by one and tell her how splendidly she performs them and reassure her of that truth which you surely must have told her many times before—that she is the very best mother that ever happened to an undeserving son or daughter.

Suppose you have a bad temper—you know it and try to control it, but don't always succeed. And suppose your little wife for the most part bears very patiently with your outbursts. Ordinarily, you have taken her forbearance as a matter of course. Would it not be well to-day to go to her and thank her for that forbearance?

Suppose you have a very faithful employee. Ordinarily, you accept his services as something you have paid for and should have. In the bottom of your heart you know you can't wholly pay in money for such splendid service. Suppose you sit down to-day and write him a few words, telling him so and thanking him for his faithfulness. And then—but enough. You know yourself what are the kindnesses, the blessings, the services that you take as a matter of course on all the matter of course days of the year. Could God be better thanked or Thanksgiving Day better observed than by your giving thanks to your neighbour for some of these?

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The enfeebled dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a faulty defender.

A sound stomach makes for good citizenship as well as for health and happiness. Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY. It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay express of mailing only. Send 31 one-cent stamps for the paper covered book, or 50 stamps for the cloth bound. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

Uncle Walt THE POET PHILOSOPHER.

For work that does not gail me, but fills my heart with glee; for voices sweet that call me to dinner and to tea; for dachshunds that adore me, for critic folk who score me, for friends who never bore me, I'm THANKS-thankful as can be. For secrecy of troubles from pessimists and cranks; for having sundry roubles and keocks in the banks; for checks that some one mails me, for health that never fails me, for law that seldom jails me, I spring this card of thanks. For rattling books a-plenty, life's tedium to break from Homer down to Henry, from Libbey up to Shake, for mystic tales of wonder that split the soul asunder, for tales of blood and thunder, this card of thanks I make. For that I'm here and living these bright and sunny days, and capable of giving a buck to hard luck jays, because this good old planet's improved since Adam ran it, and we are here to man it, this spiel of thanks I raise.

The Stomach Needs Help

The liver, kidneys and bowels must be kept active with DR. CHASE'S KIDNEY-LIVER PILLS. The liver and kidneys are overworked in their efforts to remove the poisonous waste matter from the system. They fail and become torpid and clogged. The bowels become congested and stomach derangements follow.

There is one medicine which will overcome this condition more certainly and more quickly than any other, and this is Dr. Chase's Kidney-Liver Pills. This medicine gets the bowels in action at once and by awakening the liver and kidneys ensures the thorough cleansing of the filtering and excretory systems. With the poisonous obstructions removed, the digestive system resumes its healthful condition, appetite improves, pains and aches disappear as well as irritability and depression. You cannot imagine a more satisfactory treatment. One pill a dose, 25 cents a box, at all dealers, or Ed. Hanson, Bates & Co., Toronto.

THANKSGIVING DAY.

THANKSGIVING is a day set apart by the Puritan Fathers for the purpose of encouraging the cranberry industry and the culture of the corn-fed turkey gobler. As a result, no Thanksgiving dinner is considered in rapport, so to speak, without the presence of a male turkey surrounded by cranberry sauce and small boys with palpitating stomachs. While Thanksgiving is looked forward to with keen anticipation by the younger members of the family and the butchers' union, it is a source of deep gloom in the henery. Many a proud bird, weighing fourteen pounds in his stocking feet, has retired to rest the night before Thanksgiving with well-laid plans for the future, only to be led to the guillotine by some rude farmhand with calloused soul and a dull axe. Thanksgiving also serves a useful purpose in curbing the vanity of man. Nothing will reduce the pride of a complacent host quicker than trying to carve a turkey which has died of old age and general debility. Thanksgiving is a day of rest for all mankind except the cook and the cranberry merchant. It is a day when old friends get together in loose-fitting tuxedos and allow the celery course to interfere with the flow of conversation. Some people go to church on Thanksgiving, and others go into bankruptcy. The man who can't find anything to give thanks for in this grand old U. S. A. ought to shove back from the table and watch his slowly expanding son go through a third helping of Thanksgiving turkey. That is a sight to cheer the heart of the most hardened dyspeptic, and it is one of the glories of Thanksgiving day.

Tim Shannahan On the "Handy Man" and Shingling a House. The storm signals are fine and the Toronto weather man is "keeping up the end of his plank," but the man who starts in shingling a house on the Middle Street, pays no attention to such modern inventions. He is never "in his London" till he is surrounded by a heap of black weather-beaten shingles, and has the roof stripped to admit rain by the ton to flow down on the feathery couch and cause the sleepless man to say words in the dead of night which will enable him to warm shoddy after he shuffles off this mortal coil. Balmey days of July and August are allowed to pass by, without the handy man approaching the leaky roof, and in the fine long evenings of the good old summer time not a nail is struck or a shingle touched. But when the eastern skies look wild and the autumn gales start in to howl, oh then the handy man gets busy and arrives on the scene with two bundles of shingles and asks for the lead of a ladder. That's enough for him to do on the first day of operations. He leaves the scene of his labors at dusk, and the next thing you know he's tearing shingles off a roof on Bon-elody Street. The owner of the house on the Middle Street loses his fall searching for the handy man, and he loses his soul in his endeavor to induce the handy man to come back and finish his job. Two sections of the community would benefit greatly by having houses repaired in dry weather. One is the inhabitant of the dilapidated shanty; and the other the boys who "held out" for the shingles.

The King C once

There was a large audience at the Methodist College Hall last night although the weather was not unpleasant. The programme began with an organ solo, Bach's Prelude and Fugue in D Major, by Mr. King, which showed his wonderful mastery of the instrument. Mrs. King sang very beautifully "A Spring Morning," "Holy Sights," and "Allah be With Us," in a most exquisite and captivating manner and was enthusiastically encored. Mr. Ruggies rendered "The Bandolero" and "A Song of Thanksgiving" in a fine rich baritone voice and pleased the audience greatly. Miss Fitzpatrick, who is a great favourite, sang very sweetly "His Lullaby" and "The Sweetest Flower that Blooms" and was warmly encored. Miss Johnson gave Beethoven's Sonata in F on the violin in a delightful manner and drew rounds of genuine applause from the audience. Miss Cornick who has recently returned from a successful course of musical study in England, played Chopin's Polonaise in C Minor in a way that revealed culture and talent. It was a treat in itself that was well worth going to hear. Miss Cornick gracefully responded to an encore call. Mr. King's second number, Weber's Overture to "Der Freischutz" was a grand exhibition of organ playing and received the applause it deserved. We congratulate him on the success of his first winter concert and express the hope in common with all who attended last night, that the public will have an opportunity of enjoying several similar treats.

Cascarets Cure a Bilious Headache.

Gently, but thoroughly cleanse your Liver, Stomach and Bowels and you feel great by morning.

You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, lean and ill tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up side. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that every disorder of the stomach, liver and intestines can be quickly cured by morning with gentle thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep you and the nice family feeling good for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

Early Banking Voyage.

As it is quite apparent to fishermen, specially bankmen, that there will next season be a big and profitable demand for cod, most of the owners of bankers upon the S.W. and West Coast will open the voyage earlier than usual, and many intend to open the voyage on February 1st, which is exceptionally early. If fish is plentiful there will be big money in the banking voyage next year.

The Herring Fishery.

Reports coming in from Bay of Islands show that herring of good size have been very plentiful at that place and also at Bonne Bay, and a fleet of American and Canadian vessels are now on the way to the former place or frozen and salt bulk cargoes. Instead of the standard price of \$1.25 per barrel, \$1.50 will be asked, and as there is a good demand for the fish it will likely be paid.
