International Poultry Food. Reg. 50c. pkt. for **40c**

IN MEMORIAM.

MICHAEL McDONNELL.

On June 5th there passed peacefully away at his home Salmonier, after months of unceasing suffering, Michael McDonnell, aged 65 years. He was a model of industry and of such a disposition as to think lightly of any physical disadvantages that might

attend his work, so he worked during the summer season at the fishery, and the winter season as carpenter, not heeding the dread disease that was slowly creeping on—cancer in the lip—until just six months ago when he went to the hospital in St. John's to have it attended to, only to find that he was late and that death was inevitable. No pen can describe the sufferings he endured until death released

him, yet he was consoled in his sufferings by frequent visits from our kind pastor, Rev. Fr. O'Flaherty, who is ever ready to respond to calls from his parishioners, and who enters into their troubles and sufferings as only priests can. Mr. McDonnell leaves to mourn him a widow, one son, two brothers and two sisters, who had the privilege of being near him at his last hour and who had the consolation of

seeing him depart this life fortified by the rites of Holy Church and perfectly resigned to leave this world. A happy, comfortable home was his on earth by his own endeavours. May his last resting place be one of happiness. R. I. P.

The S. S. City of Sydney, Fraser, sailed for Sydney and Montreal at 5 p.m. yesterday.

Oil for Sprinkling Streets.

Yesterday afternoon a meeting of the Council was held at which were present Mayor Ellis, Councillors Martin, Channing, Ryan and Coaker. Mr. John Browning who represented various citizens, also attended, and

the question of using oil on the streets to abate the dust nuisance was discussed.

Both the Mayor and Mr. Browning had seen oil used for a similar purpose in the American cities and emphasized its value for this purpose. The result was that it was decided to import two varieties. One of these was recommended by Mr. Sullivan, Road Commissioner of Boston, and

the other by the Standard Oil Co., New York. About 200 gallons will be used in sections of the city
