OFFICIAL.
LONDON, May 5.
The Governor, Newfoundland:
General French reports that the line in front of Ypres, which required readjustment owing to the loss of ground through the enemy's use of asphyxiating gases, is now successfully completed. The new line runs west of Zonnebeke. A half-hearted enemy attack northeast of Ypres was easily beaten off.

The French Government report continued progress in the region of Steenstraet. Three enemy attacks were repulsed in Champagne and advance was made in the Argonne.
The Russian Government report the Black Sea fleet vigorously bombarded the forts on the Bosphorus. In Galicia the enemy succeeded in crossing the right bank of the Dunajec, where Russian fire prevented further advance in the direction of Strijl. The fiercest battle continues, the Russians capturing 1,200 prisoners.

DARDANELLES LANDING.

CAIRO, May 5.
Some of the British troops who took part in landing at the Dardanelles, have arrived in Egypt. They are the first men to reach here from the scene of fighting, and they relate some striking incidents in connection with the landing of the Allied forces at the Straits. At San Ban the men were so eager to get ashore that they jumped from the small boats before they had been beached, and found themselves up to their necks in water. Wading ashore, they rushed three ridges in succession, and a running bayonet fight extended for a distance of more than three miles. In the words of one of the invaders, "we lifted the Turks on the end of our bayonets and hurled them over our heads." Continuing their recital, these men related that with the arrival of reinforcements the ridges were carried by storm in the first rush.
Concentrated Turkish fire during the beginning of the fighting was terrible. Shrapnel, machine gun fire and rifle fire caused very heavy casualties among the Allies, but the wounds of many men are slight, and they will soon be on the firing line.

STILL USING GASES.

LONDON, May 5.—(Official.)
The general situation remains unchanged. Fighting is progressing at Hill 60, southeast of Ypres, on which the Germans attained a footing this morning under cover of poisonous gases which were excessively used and were favored by weather conditions. A feeble attack also preceded by extensive use of poisonous gases, made east of Ypres, was easily repulsed, our artillery inflicting severe losses on the enemy. In the neighborhood of Guinehy the Germans exploded a mine, again employing poisonous gases. Fourteen were poisoned, but otherwise the enemy's efforts in this direction failed completely.

water supplies to fall into the hands of the enemy, in a form which allows it to be used for man or beast."

When Swakopmund was evacuated, the reply from Colonel Francke continued, the officer in charge had several bags of cooking salt thrown into the wells, but it was found that this "could in a short time be rendered ineffective." "Therefore," Colonel Francke's letter said, "we tried copper dip, and found that by using this material, any enemy occupying the town would for some time have to rely on water from elsewhere."

The communication says that despite General Botha's protest, the practice continued. Messages said to have been from Capt. Kruger of the German troops, intercepted on March 22nd, are quoted in the communication as saying, "The pistol at Ghidid have been instructed to thoroughly infect with disease the Ida mine. Approach Swakop and Ida mine with extreme caution. Don't water there any more."

Since their evacuation of Aus, Warmbad, and other places, General Botha says in his letter, "the German troops have consistently poisoned all wells along the railway line during their retreat."

CONFLICTING REPORTS.

LONDON, May 5.
German official report, issued this afternoon, claims victories both over the Russians in Western Galicia, and over the British to the east of Ypres, in Flanders. Field Marshal French, British Commander-in-Chief, admitted that he was compelled to readjust his lines in the region of Ypres, but the French communication far from confirming the German victory in Belgium, states that German attacks were repulsed, and that the Germans being taken on the flank by the French artillery, suffered very severely.

A late report from the British War Office also says that German attacks were repulsed, although the Germans used asphyxiating gases, and did get a footing by use of these fumes on Hill No. 60, southeast of Ypres, which since the British captured it recently, has been repeatedly attacked.

There has been fighting all along the rest of the western front, in all of which the Germans claim to have been successful. The French, however, have another story to tell. They insist that their advance continues both along the Yser Canal, and in Flanders, and in Woivre, where battles have been continuous for weeks on end.

Conflicting reports from belligerents in the East make it impossible to judge of the position there. Austrians and Germans to-night say the Russians have been badly beaten in Western Galicia, and have commenced to retreat from the western Carpathians, whereas the latest Russian report, while admitting that Austro-Germans succeeded in getting across Dunajec River, declares that they were checked there. The country around the East Prussian frontier also has been the scene of battles of more or less importance; while at the other end of the Russian line in Eastern Galicia, the Russians are attacking the Austro-Germans, despite their reported defeat, or check, in the western part of that province.

Athens credits the Allies with further successes in their attacks on the Dardanelles and Smyrna, but the Turks again report defeat. The Allied troops who have landed on Gallia Peninsula.

German submarines seemingly now are devoting their attention to the British fishing fleet. Fifteen trawlers have been sunk since Sunday night, but without any loss of life.

HOSTILITIES MAY BE AVOIDED.

PEKIN, May 5.
The Third Secretary of the Japanese Legation, to-day visited Tiao Yulien, Vice-Minister of Foreign Affairs, and intimated to the Legation that they might still be able to prevent hostilities. He asked whether China's reply of May 1st to the Japanese demand was final. Despatches received here from Tshuan, Province of Shantung, report that the Japanese troops have mounted nine cannon in the suburbs of that city. The Chinese troops, obeying the general order from Peking, did not interfere.

"Came Out of Ypres Battle O.K."

Last evening Mr. J. J. French, of the Evening Telegram-staff, received the following message from Harbor Grace:—

"Cable from Sandy. Came out of Ypres battle O.K."
W. W. FRENCH.

"Sandy" is a son of Mr. Robert French, sailmaker, Harbor Grace, but has been living in Montreal for about five years. He is a member of the 5th Royal Highlanders, which forms part of the 13th Battalion of the First Canadian Contingent, and when the Highlanders volunteered en bloc, "Sandy" was one of the number, his father being made aware of the fact about five days after the declaration of war. There are several other Newfoundland boys in the Royal Highlanders, and we hope that they, too, have had a similar good fortune.

Hr. Grace Notes.

News has just been received in town that Mr. Albert Brazil, son of the late John Brazil, has enlisted with the Canadian Contingent, and left Montreal for France, it is said, about three weeks ago. Albert is not a new hand as he fought in the Boer War.

The harbor is full of ice, and some men crossed over from the north to the south side yesterday—a very dangerous journey.

Miss Dora Stickland, one of the nurses at the General Hospital, St. John's, is in town on a visit to Miss Carrie Parsons.

We have been asked to draw the attention of the goat-owning public to the posters calling for yokes, and asking the owners of dogs to clog them. In the west end particularly, this is not done, much to the annoyance of the other citizens who keep none. No doubt it is simply a slight neglect, and not a determination to defy the law.

Some young lads, while playing near the beach at Caplin Cove, on Monday evening were surprised to see what appeared to be a large dog trying to get up on a pan of ice. It was no doubt a seal that had got a wee bit out of its reckoning.

Mr. T. C. Makinson, of the Goules, was in town for a few hours on Monday. Mr. M. is a busy man, and although living so near, can only spare time to visit us occasionally.

Misses Hettie and Louise Yetman left for Barened on Monday afternoon on a few days visit. They will be the guests of Capt. Bartlett and family.

Mr. W. J. James, Manager of the Nfld. Boot & Shoe Co., who spent Sunday here, returned to St. John's on Monday.

Delightful Indian Act

AND FEATURE FILMS.

On Friday night the big fun night of the week, the contest will take place; there are lots of names, and some are going in for novelty acts; be in time.

To-night Mr. Ballard Brown and Madge Locke, the finest performers that have ever appeared here, will present a great Indian act entitled: "Sioux," with a strong dramatic plot; songs and dances, Indian costumes and scenery. This act will be the act those artists will feature in the States, therefore it's splendid. Among the feature pictures is a wonderful photo-play in three reels by the Vitagraph Company entitled: "Becky Sharp," featuring that excellent actress Helen Gardner. The show for those last three days of the week is the top notch of them all.
