Up to date, the exploits of the Uboats on the American coast have not been of much consequence. They have sunk mainly schooners and coasting vessels, but have accomplished nothing of military importance. There is no reason to doubt that the American naval forces will deal with hem effectively. At the same time, the menace of their presence is not to be ignored, and we desire to again emphasize the warning to our people everywhere along the coast to be on the alert.-Halifax Chronicle
