### Cadet Dance.

The dance held last night in the  
Cadet Hall, to raise funds for new  
uniforms for the Corps, was fairly well  
attended, despite the inclement wea-  
ther. The C. C. C. Band furnished  
some excellent music. The gathering

dispersed at 1.30 this morning, all  
having thoroughly enjoyed them-  
selves.

### Model School Prize Giving.

The Christmas Exercises of the  
Model School, Synod Building, were  
held in the Synod Hall last night. Dr.  
W. W. Blackall occupied the chair,  
and there were also present His Lord-  
ship the Bishop of Newfoundland, Rev.  
Canon Bolt and Jeeves and the Rev.  
J. Brinton. A delightful programme  
of songs, recitations, dances and drill  
preceded the prize-giving and demon-  
strated the training of the children re-  
ceived in this admirable branch in  
the work of the Model School. If the  
aim that Miss Purchase and her as-  
sistants had in view was to surpass  
any previous efforts, they certainly  
succeeded. The entertainment finish-  
ed, the prizes were distributed by Dr.  
Blackall, and a very enjoyable even-  
ing closed with short speeches by the  
Bishop, Dr. Blackall, Canon Bolt and  
Canon Jeeves and the singing of the  
National Anthem. The programme

### "Primus" Total Wreck.

A message, via Bell Isle, to Messrs.  
Hickman & Co. last evening in-  
formed them that their schooner  
Primus, which was loading fish at St.  
Anthony, for J. and F. Moore, was a  
total wreck. The schooner was a  
splendid vessel of 170 tons nett, and  
was commanded by Capt. Pelly, who  
with his crew landed safely.

### St. Andrew's Sale of Work.

The Ladies' Auxiliary of St. An-  
drew's Association held a most suc-  
cessful sale of work in the Associa-  
tion Club Rooms last evening. The  
ladies in charge had a very busy time  
disposing of the various stocks of  
fancy work, home made dainties,  
sweets, etc. The sale was opened at  
3.30 p.m. by Mrs. John Brooping and  
the tables were presided over by the  
following:—

**FANCY WORK.**—Mrs. R. G. Ross,  
Mrs. J. Irvine, Miss B. Langmead.  
**PLAIN WORK.**—Mrs. J. Forbes,  
Mrs. C. Henderson, Mrs. D. McIntosh,

### Shipping Casualties.

The schooner Gondola, Nathan  
Gillingham master, which left here  
early in October for Battle Hr., there  
taking aboard 1700 qts of fish, has  
gone ashore at Fleur-de-Lys and is  
filled with water. This intelligence was  
received yesterday by Mr. P. H.  
Cowan.

A message received yesterday stated  
that the schooner New Vancouver,  
Lemuel Kearley master, had drifted  
from Samson's Island and become a  
total wreck on Cottle's Island. The  
crew were saved.

### Removing Snowfall.

The snow shovelling brigade was  
very much in evidence this morning,  
and along both sides of Water Street  
the merry clink of steel on concrete  
—as the workers, armed with shovel  
and scraper, cleared off the white  
covering—was heard. The Council  
carts were on hand to remove the  
piles thrown up, and to such good  
effect did the shovellers work that  
the sidewalks were cleared in the  
forenoon.

North Sydney, Dec. 15.—Officers  
from the revenue cutter Restless yes-  
terday visited and searched the S. S.  
Pro Patria and discovered two full  
gallon jugs of liquor, which it is al-  
leged were being smuggled from St.  
Pierre into Canada. Ottawa was wired  
for instructions, and meanwhile it is  
stated the Pro Patria will remain in  
port. The vessel only arrived there  
Saturday morning, after a thrilling  
seventy-two hour struggle with the  
great gale.

### The Failure of the Tyre Guarantee

The only outstanding and unalterable  
fact about the definite mileage guarantee is  
that it must be paid for even by the careful  
driver who does not need it—like yourself.

The Good year Service Station Dealers  
know this well as you tyre users should  
know it.

The cost of such a guarantee, like every  
other cost of production and marketing, is  
included in the selling price of the tyre.

Thus the presence of such a guarantee in  
a tyre of normal price can mean only that  
some other quality has been slighted or  
sacrificed.

If you drive with reasonable care, almost  
any standard make of tyre will deliver you  
mileage above the average-guaranteed  
figure.

The premium you pay for the guarantee  
does you no good at all, and by paying it  
you deny yourself such additional mileage  
as uncompromised quality could give.

It is only the reckless driver—the man  
abusive of his tyres—who can expect to  
profit regularly from the definite mileage  
guarantee.

It is wise to remember that you are pay-  
ing for his neglect and helping to buy his  
tyres the next time you are offered such a  
guarantee as an inducement to purchase.

## "The Test of Honor."

A great photo-drama based on the famous novel by E. Phillips Oppenheim. He had only  
two choices, which should he take? Go to jail himself for seven years for a crime of which he  
was guiltless, or send to jail the women he loved; but who was guilty of the basest crime within  
the ken of man? See at the Majestic to-night.

THE PRIVILEGE OF

What a wonder-  
ful thing it must  
be to live on a  
height and look  
down upon ev-  
eryone!

I know a wo-  
man who has  
this exalted ex-  
perience. In the  
course of my  
acquaintance  
with her I do not  
know how many  
times I have  
heard her ex-  
press a sense of

disdain for this or that class or in-  
dividual.

Here are a few instances:

She looks down upon the business  
woman, both as individuals and as  
a class. She never met a business  
woman, she says, who was not push-  
ing, bold. Earning their living changes  
something in their characters (I  
hardly need add that she is not a  
business woman.)

She objects to college women be-  
cause, with their awakened minds,  
they accept nothing on faith, but are  
always questioning about things and  
arguing, and that is "so tiresome."  
(Need I add that she herself is not a  
college woman?)

So Tiresome!

She objects to the people in the  
summer colony at the beach to  
which she goes every year because  
they are such social climbers and  
have no criterions of value besides  
money. (She herself has not a  
great deal of money.)

She Never Runs Up Against Annoying  
Exceptions to Her Rules.

She has a prejudice against all  
members of a certain race because  
they are always "so cheap and com-  
mon in their ways. They may make  
money, but they are fundamentally  
common. You know nothing can  
change that. No. I never met a sin-  
gle exception. (It is another part of
