He learned all about the human foot, its construction, its ailments, its deformities, and how these may all be overcome by simple, but scientific means. He will be found at this store at all times, ready to examine the feet and give expert advice without charge. You are invited to call and consult him about feet or shoes.

and he will gladly demonstrate, on your own foot, how the proper Scholl Appliance will make it possible for you to wear the stylish shoes you like without the slightest discomfort. He uses the same methods as the famous authority, Dr. Scholl, and employs the devices which Dr. Scholl invented. Come in and see for yourself. No charge whatever for his services. Everybody invited to get "foot-happy."
