Major Thompson.

KENZIE BOWELL SNUBBED. Belleville, Oct. 25. - The best joke of the season in political circles concerns a cartoon which was in Mr. Corby's window for a while, when it disappeared suddenly. The cartoon represents Miss Canada presenting a premiership wreath to Sir Charles Tupper, while Sir Wilfrid Laurier and Hon. J. I. Tarte are standing away from the scene. On the wall beside the baronet were portraits of four past Conservatime premiers—Cartier, Macdonald, Ab-bott and Thompson. Of course, every Belleville man who saw the cartoon looked among the past premiers for Sir Mackenzie Bowell's portrait, but, nored. After a few hundred people had looked at the deliberate lithogra-

Toronto, Oct. 25.-News has reached the bureau of mines that a gigantic body of iron ore has been discovered close to Lake Tamagimi, about fifty miles above North Bay, and west of Temiscamingue district. Hazieton, Pa., Oct. 25.—The conference of the United Mine Workers, which began yesterday, was resumed this morning. The indications are that it will be late tonight before the labor officials can come to a definite conclusion as to the matter of ending the mine workers' strike.

There is a bare possibility that the anxiously awaited announcement will not be made public until tomorrow. This delay is occasioned by the complication which has arisen through the different notices that have been posted. Some of them are entirely satisfactory to the labor officials, while others in certain particulars do not comply with the demands of the Scranton mineral convention.
