

LOCAL MARKET.

Wednesday, Jan. 9.
The fifteen loads of hay that were offered today sold quickly and prices were higher at \$14 to \$14.50 for the best loads.
A couple of loads of inferior oats sold at \$1.07 per cwt. No. 1 oats would sell at \$1.10 to \$1.12 per cwt.
A load of dressed hogs was offered, which brought \$9 per cwt.

WEEKLY REVIEW.

The amount of business transacted at the markets held here during the past six days was light. Although the supply of produce offered during the week was small, the shortage was not very noticeable, as the dealers had laid in an extra supply at Christmas. The dealers have now sold out their stocks and there should be a good demand for the various lines of produce.
The market is strong and prices as a consequence are firmer.

Grain.—The demand for oats is good and prices are firm at \$1.07 to \$1.10 per cwt. Wheat is steady at 70c per bushel. Barley sells at \$1.08 to \$1.09 per cwt. Corn brings 55c per cwt.

Hay and Straw.—There was an excellent demand for hay, as there is not sufficient offered to supply the demand. Prices are higher at \$13 to \$14 per ton. Straw is in fair demand at \$6 to \$6.50 per ton.

Butter and Eggs.—There is a fairly large supply of butter offering. Sales are brisk at 23c for choice crocks and 24c for the best pound rolls in whole-sale lots. Eggs sell at 25c to 30c for fresh-laid.

Apples.—There is quite a large supply offering at present; sales are made at \$1.50 to \$2 per barrel; by the bag 60c to 80c is most frequently paid.

Potatoes.—Trade is a little quiet in this line. The supply is light at 75c to 80c per bag. At Carleton station they are paying 60c per bag. The farmers who come from that township to the city will have to receive at least 75c per bag to pay for the extra trouble.

Poultry.—Chickens sell at 10c per pound dressed, or 75c to 80c alive; old fowl, 5c to 5 1/2c alive, or 7c to 7 1/2c dressed. Ducks sold at 10c per pound. Geese, 10c per pound. Turkeys sell at 13c to 14c per pound dressed.

Butchers' Meat.—Beef brings 15c to 16c per cwt. Lamb, 10c to 11c per pound. Veal, \$8 to \$9 per cwt. Mutton, 85c for heavy and 80c for light stuff.

Hides and Tallow.—Hides are quiet and prices are unchanged. Tallow sells at 3c per pound for rough.

Dressed Hogs.—The demand is brisk, as the supply is light; prices are firm at \$9 per cwt. for nice light hogs.

Live Hogs.—Trade is strong, and the prospects are for higher prices. Last Monday \$6.25 per cwt. was paid, but as the Toronto markets are higher, it is expected that higher prices will be paid for next Monday's shipment.

LIVERPOOL DAILY REPORT, WEEK ENDING DEC. 25.

[Hodgson Bros. Letter.]
Cheese.—The holidays have interfered with business, but holders show more firmness, and with some dealers showing disposition to speculate, the market now is reported, firmer, this applying to all grades of full cream goods. We quote today: Chester, 40s; full cream, 40s; white and colored, 42s; extra, 44s; finest States, do, 46s; 60s to 62s; States and Canadian, summer goods or October, lower grades, 40s; States, not quite full cream, as to quality, 42s.

Butter.—Supplies this week have been in excess of requirements, and holders are offering at slightly reduced figures. Danish, however, has maintained its value, the pressure to sell being chiefly on Australian produce. Medium grades of butter are in moderate request. The Copenhagen quotation is reported unchanged for next week. We report today's values as follows: Choice Canadian creamery, in 56-lb.

MCGILL COMMITTED

Preliminary Hearing in Ex-Manager's
Case to Come Up Thursday.

Toronto, Jan. 8.—Charles McGill, ex-
general manager of the Ontario Bank,
was committed for trial by Magistrate
Denison in the police court this morn-
ing on the charge of making false re-
turns to the Government in connection
with the funds of the bank. It is like-
ly that on Thursday the preliminary
hearing of the two theft charges will
be concluded, and today it was in-
timated that another commitment will
be registered. The grand jury now in
session at the assizes will hear the
first charge this week if possible. Mr.
McGill was allowed out on the same
bail.

DESTROYED BY STRIKERS.

City of Mexico, Jan. 8.—A telegram
from Orizaba received late last night
says that the value of the property de-
stroyed by the strikers totals \$1,500,000.
The strikers, who have escaped the
soldiers, have fled to the nearby moun-
tains, and are being sought by troops.
So far as known, none of 25,000 tex-
tile strikers has returned to work.
The factory owners announce their
intention to open up all the mills to-
day.

U. S. FEARS TARIFF
WAR WITH BERLINAdministration Believes That
Concessions Should Be
Made to Germany.

Washington, Jan. 9.—Concern about
tariff relations with Germany again is
being manifested in administration
officials. The Republican senatorial op-
position to reciprocity treaties is as firm
as ever, despite the fact that the Presi-
dent and his immediate advisers believe the Ger-
man situation is fast developing into
what will be a menace unless conces-
sions are made to German commercial
interests.

Secretary Shaw, determined opponent
of reciprocity, is at the head of the
customs service of the Government.
Because of his attitude it has been im-
possible to secure as many adminis-
trative concessions as some persons
think could have been made.

A year ago tariff war with Germany
seemed certain. The new discrimina-
tion schedules were to take effect April
1, 1907, greatly to the disadvantage of
American products, especially agricul-
tural. Postponement for a year was
secured, and in the meantime the
President has sent to Germany a tariff
commission composed of S. N. D. North,
director of the census; James L. Gerry
and Consul General Mason, whose post
is Paris. These men have been discuss-
ing tariff matters with the Berlin Gov-
ernment and reporting to the state de-
partment, though very little has been heard
from them thus far.

Enough is known, however, to war-
rant the statement that the adminis-
tration thinks a reciprocity treaty
ought to be made, and that unless it
is made Germany may undertake on
April 1 to enforce the objectionable
schedules.

Reciprocity opponents scout the idea
that Germany will put these schedules
into effect. They point out that there
is grave unrest in Germany, largely re-
sulting from high prices of foods, espe-
cially meat, and that further to restrict
meat supplies would cause revolt.

But the administration wants to
make reasonable concessions.

The concessions, however, are larger
than could be made under the Dingley
measure by administrative process;
there would have to be a reciprocity
treaty.

THE COBALT LAKE
PEOPLE ARE SOREDo Not Like the Attitude of the
Ontario Government Towards
Their Syndicate.

Toronto, Jan. 9.—The Star of last
night says: In connection with the item
which appeared in the Star on Satur-
day as to the rumor that the Ontario
Government had guaranteed the title of
the bottom of Cobalt Lake, which
rumor was promptly denied by a high
official, who is reported to have added
"that before any action could be
brought a flat would have to be ob-
tained from the Government itself,"
it is interesting to note that not only
has the title been issued without such
flat, but it has been duly served on the
president of the new company person-
ally, and the necessary steps are being
taken to follow the claim through to
the Privy Council.

"Should an adverse decision be
reached, it would appear from the
statement made that the Government
would simply hang on to the money it
has received and leave our company
in the lurch," said one of the subscrib-
ers to the original syndicate to the
Star this morning. I consider it an out-
rage just like to observe that the transac-
tion begins to look a good deal like a
pen and wafer slick game on the part
of the financial magnates in the Queen's
Park. What kind of a proposition are
we up against, anyway? If we go on
developing, we may be developing
somebody else's property, and in any
the Privy Council is heard from, which
may take a year or two. The public
are going to look askant at our treas-
ury stock, too, with an important law-
suit pending. I consider it an outrage
that the Government should have ac-
cepted over a million of our hard-
earned dollars and presented us with
this kind of a lemon in return. The
average subscriber to the syndicate
was putting up his head to buy a min-
ing claim, not a legal claim, and I
think the least the Government can do
is to keep their lawsuit. We don't
want it. In short, we have no use
for it in our business. We are not
lawyers, but mine.

"It is no wonder Hon. Col. Matheson
has a smile on his face at the easy
money, but I for one think it would
be more dignified in the Government
to go out of the sucker catching busi-
ness, and if they don't guarantee that
title there is going to be a howl that
will far that smile, now, and don't you
forget it. There are a few people in
our bunch that object to being gold-
bricked, and will get their political
guns out unless the gods are de-
livered without any executions against
them."

WILLING TO FORGIVE.

London, Jan. 8.—The St. Petersburg
correspondent of the Daily Mail cables
an interview with General Okuchkov
(whose wife ran away last year with
Lieut. Gabriel Essipoff, and who is now
reported at Melbourne, Australia, in
dire want), in which the general re-
lates his readiness to welcome his
wife back for the sake of their child-
ren, and says that money to relieve
her wants has been forwarded through
the Russian consulate at Melbourne.

"Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the swelling became severe and I was often laid up for a week at a time. My family physician told me to get a specialist, but I only hoped I could get it cured. One day my boss found out I was a little better than usual, and I commented to him that I was a little better than usual, and I told him my condition. He advised me to consult Dr. Kennedy & Kergan, as he had taken treatment from them himself and knew they were square men for me. My progress was somewhat slow and during the first month I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could now earn \$12 a week in a machine shop before treatment, now I am earning \$15 and never lose a day. I wish all sufferers knew of your valuable treatment."

REPUDIATES QUOTATION

M. Briand Says That Cardinal Gibbons' Information is Wrong.

Baltimore, Jan. 9.—Since Cardinal Gibbons issued his statement, Dec. 12, last, regarding the church trouble in France, he has received many inquiries for his authority as to the quotations cited by him from public utterances of M. Briand, French minister of public worship. The cardinal M. Briand is saying:

"The time has come to root out from the minds of French children the ancient faith which has served its purpose, and replace it with the light of free thought; it is time to get rid of the Christ idea. We have hunted Jesus Christ out of the army, the navy, the schools, the hospitals, the prisons and orphan asylums, and law courts, and now we must hunt him out of the state altogether."

Premier Clemenceau has denied, on the authority of M. Briand, that the

latter, as minister, ever delivered any such statement as is given in the second sentence of the foregoing excerpt.

Cardinal Gibbons said today that the quotations were taken from the London Saturday Review of Aug. 18, and Aug. 25, 1906.

MOTHER GRAVES' Worm Exterminator does not require the help of any purgative medicine to complete the cure. Give it a trial and be convinced.

Owing to the restriction of Chinese immigrants in Canada during the last few years large numbers of Hindoos have been coming into the port of Vancouver and securing work at laborers in mills and mines.

A PILL FOR GENEROUS EATERS.—There are many persons of healthy appetite and poor digestion who, after a hearty meal, are subject to much suffering. The food which they have partaken lies in their stomachs, headach, depression, a smothering feeling follow. One so afflicted is unfit for business or work of any kind. In this condition Parley's Vegetable Pills will bring relief. They assist the assimilation of the aliment, and used according to directions will restore healthy digestion.
