

QUEEN'S MEASURE INSULT TO JEWS

Says Robert Bickerdike In Opposition to Nationalization of College.

BUT BILL IS REPORTED

The Member For St. Lawrence, Montreal, Says It Involves Provincial Rights.

Ottawa, March 11.—Parliament wrestled at great length today with the alleged anti-Semitic clauses in W. V. Nickle's bill respecting Queen's University, in which it is provided that the university shall remain distinctively Christian.

Mr. Bickerdike (Montreal, St. Lawrence), who on former occasions, appeared as the chief exponent of the rights of the Hebrew race, being supported by A. E. Lancaster (Lincoln) and E. H. Deakin (Wright).

Mr. Bickerdike moved to strike out of clause 29 the words "shortly the profession of Christianity." Shortly before the 6 o'clock recess this was rejected on a vote of 70 to 7, and the bill was reported as amended.

Mr. Nickle explained that as far as his private views were concerned, he did not agree with the ground taken by the promoters of the bill. It would cut Queen's University off from taking advantage of the intellects of Jewish people of science and learning. It might be argued that the Ontario Legislature would be justified in refusing aid to the university on the ground that it was not national, but it was a retrograde step to put on Queen's restrictions not yet there. At the same time it was a private bill, which had the ratification of the Presbyterian Church and the board of Queen's University, and they were legally entitled to get what they asked for.

Invades Provincial Rights.

Mr. Bickerdike claimed that Queen's University, under its new constitution was not a work for the general advantage of Canada. He questioned the jurisdiction of the House, it was an invasion of the rights of the Legislature, to which were assigned educational matters.

He doubted whether the bill had the indorsement of the Presbyterian Church.

Mr. Nickle waxed warm over Mr. Bickerdike's reference to himself: "I say it is unfair," he declared, "for the member for St. Lawrence to brand me as a persecutor of the Jews. Heaven knows we have heard enough of east against west, of Roman Catholic against Protestant. Are we to set Jew against Gentile?"

Dr. Steele (South Perth) declared that no one could doubt that Queen's University was national in scope. It was a small thing to ask that it should remain distinctively Christian.

Dr. Schaffner (Souris) inquired if it was proposed to make Queen's a distinctively state institution.

Legalizing Insult to Jews.

Mr. Bickerdike declared that this was not a fair way to treat a half-million good citizens of Canada. It was not only insulting, but legalizing an insult to the Jewish minority.

Sam Sharp (North Ontario) pointed out that this was private legislation. It was not putting a ban on any class or creed in public legislation. To change its provisions would be a breach of faith with the Presbyterian Church, which was making a gift of the university to the nation.

A. E. Lancaster (Lincoln) saw no difference between public and private legislation in regard to the functions of Parliament.

Hon. Frank Oliver protested against the idea that the Presbyterian Church had any intention of insulting anybody. It had always stood for tolerance.

Mr. Bickerdike claimed that not only the Jews, but the Baptists also objected to the test clause in the bill.

TWO MINERS KILLED

Were Buried Under Fall of Coal in Mines in Nova Scotia.

Halifax, N. S., March 12.—Sebastian Farrell and Bernard Farrell, brothers, and employees at No. 4 colliery of the Nova Scotia Steel and Coal Company, were killed by a fall of coal yesterday in the mines. Sebastian was killed instantly, while his brother lived several hours, and died in the hospital. Both are natives of Newfoundland.

DIED OF PNEUMONIA.

[Special to The Advertiser.]

Springfield, March 11.—Barney Faw, a well-to-do farmer, aged 36 years, died today at his home near here after a week's illness, with pleuro-pneumonia. A widow and three children survive him. Edward Faw, supervising principal of public schools, St. Thomas, is a brother.

A SEVERE COLD

DEVELOPED INTO PNEUMONIA.

Doctors Said He Would Not Live.

DR. WOOD'S NORWAY PINE SYRUP Cured Him.

Too much stress cannot be laid on the fact that when a person catches cold it must be attended to immediately, or serious results are liable to follow.

There is only one way to prevent pneumonia, and that is, to cure the cold just as soon as it appears.

Dr. Wood's Norway Pine Syrup will do this quickly and effectively.

Mr. Hugh McLeod, Esterhazy, Sask., writes:—"My little boy took a very severe cold, and it developed into pneumonia. The doctor said he would not live. I got some of your Dr. Wood's Norway Pine Syrup, and he began to improve. Now, he is a strong healthy child, and shows no sign of it coming back."

Dr. Wood's Norway Pine Syrup is put in a yellow wrapper; three pine trees on each box. Price 25 cents.

Only by The T. M. Co., Toronto, Ont.

BORDEN FAILED TO KEEP PROMISE

Should Have Taken Over Terminal Elevators, Say the Grain Men.

GRAIN ACT DEMORALIZES

Millers and Dealers Send a Deputation of Protest to the Government.

Toronto, March 12.—Declaring emphatically that they would never submit to its unjust impositions, the largest meeting of the grain section of the Toronto Board of Trade held in years unanimously condemned the new grain act of the Dominion Government yesterday afternoon, and decided to send a deputation of the members of the board to Ottawa to wait on a committee of the Senate and make formal protest.

Those in attendance included millers and grain dealers from Toronto, Lindsay, London, Hamilton, St. Marys, and other Ontario points. The criticism of the amendments affecting the storage charges of terminal elevators, the grading of Manitoba barley and the question of frost in sound grain were particularly pungent. Liberals and Conservatives alike denounced the Government for failing to take over the control of all the terminal elevators, according to the promises made by Mr. Borden in the West.

Effect Demoralizing.

One speaker charged that the Minister of Trade and Commerce had utterly failed to grasp the real meaning of the situation. The lowering of the standard of No. 3 Manitoba barley would throw everything out of joint and make that grade unmarketable as merchantable.

It was explained that Canadian barley which weighs 45½ pounds imperial measure weighs only 44 pounds Winchester measure, so that the Canadian act must call for 45½ pounds if it would be equivalent to the Minneapolis grade of 44 pounds. Winchester, as the framers of the act had intended it to be.

The speakers expressed keen displeasure at what they termed the unjust practices of the terminal elevator companies permitted by the Government. The clause in the act allows the terminal elevators to charge one-thirtieth of a cent per day on all kinds of grain until loaded on cars or boats at Fort William.

A grain exporter said that grain owned by him in December was still lying in the elevator, and he had received a bill for \$3,800, accumulated storage charges, and another for \$1,700, interest charges, making a total excess charge of \$5,500 that he had never figured on when he sold the grain.

CAPT. AMUNDSEN FOND OF SATANIC NAMES

Uses "Devil" In Naming New Found Points in the Antarctic.

[Canadian Press.]

New York, March 12.—A cable to the Tribune from London this morning says:

Further details of the great dash for the South Pole are given by Captain Roald Amundsen. Evidently the statement attributed to him that he gained a height of over 16,000 feet was a cable error, for he mentions now that the greatest elevation was 10,750 feet.

Amundsen says Sir Ernest Shackleton is wrong in thinking that he had given the name "King Haakon VII. Land" to the plateau that the English explorer had named after King Edward VII. It was a different plateau altogether, and in any case, he thinks, he had a right to give what names he liked to the land at the pole.

Amundsen talks of another expedition to explore King Edward Land and the Antarctic continent generally, but he himself has work to do in the Arctic. The nomenclature of the regions discovered by him shows him fond of satanic names, and having called one place Devil's Glacier, he calls another the Devil's Danc'g Hall.

Manson's expedition to which he is presenting twenty-one dogs, he considers quite safe. He has a camera with him, and his photographs of the pole should be of great interest.

CALL TO TORONTO.

[Special to The Advertiser.]

Hesper, March 11.—Rev. J. A. Stewart, of Hesper, Presbyterian Church, has been called to Kew Beach, Toronto. His answer has not yet been given.

FAST FLYING.

Potters, France, March 11.—Maurice Tabuthen, holder of a number of flying records, reached here today from Pau, a distance of about 261 miles, in his monoplane, in 2 hours and 35 minutes. He travelled at the rate of approximately 101½ miles an hour.

BODIES UNCLAIMED.

Chicago, March 11.—The bodies of six victims of the Barnett lodging house fire on Saturday remained unclaimed today by any relatives. It was estimated that 5,000 people have viewed the faces for the purpose of identification. The names of two of the victims still are unknown to the police. The remaining four, all men, of 35 years or over, are: John Collins, John Wilson, Paul Wagner and Thomas Macanahan.

OCEAN STEAMSHIPS.

New York, March 11.—Arrived: St. Louis, from Southampton; and having Baltimore—Arrived: Bethlehem, from Hamburg.

Philadelphia—Arrived: Manitou, from Antwerp.

Portland—Arrived: Stellian, from Glasgow; Huron, from Middlesboro.

St. John, N. B.—Arrived: Sokoto, from Mexican ports; Manchester, from Manchester.

TWO BORDENITES BOLT ON BILL

Messrs Sharpe and Shaffner, Western Conservatives, Desert Their Leader

OVER THE GRAIN BILL

Measure Given Its Third Reading and Passed by Eighty-four to Forty-four.

Ottawa, March 12.—At a quarter to 1 this morning the grain bill got its third reading, and finally passed, the vote being 86 to 44. Five amendments were voted down.

The "bolt" of two western Conservatives, Messrs. Sharpe, of Lisgar, and Schaffner, of Souris, on the third reading of the grain bill in the Commons tonight is significant of how the farmers of the prairies are viewing the mutilation of the legislation they sought for by the Borden Administration.

Hon. Mr. Foster pressed for the final reading of the Government measure, and was met by an amendment from Mr. Cruise, which divided the House. The Dauphin man moved to strike out the clause extending to the grain board wide discretionary powers in respect of distribution. He argued that the Government's proposals would "put the farmer back where he was ten years ago."

It would force him to load through elevator companies, and would create congestion at any point, thereby controlling the distribution of cars. He read petitions of protest against the clause from over thirty grain-growers' associations in Manitoba.

Mr. Warnock, in seconding Mr. Cruise's amendment, read a communication from Mr. E. J. Frean, secretary of the United Farmers' Association of Alberta, in which he stated that the Government's proposals were calculated to do nothing more or less than ruin the whole plan of Government ownership.

The Liberals jeered at the Nationalists when they came back into line, supporting the Government on the division.

The following western Conservatives voted against Mr. Cruise's amendment: Messrs. Roche, Staples, McEighen, Bradbury, Bennett and McKay. Hon. Robert Rogers did not come into the chamber for the vote.

The amendment was defeated by a vote of 89 to 47, all the Liberals voting yes.

Music and Drama

Famous Play Tonight.

Miss Ada Meade, who comes to the Grand tonight as a private drama in "Madame Sherry," has appeared in very few plays on tour previous to her present engagement. Miss Meade in recent years appeared with Miss Fritz Schiff and with the late Mr. Frazee & Lederer for the Aborn Opera Company. She is under a three-year contract with her present managers and later is to appear in a new play. Miss Meade devotes her spare time to study and has an offer to go in grand opera, which she will most likely accept at the termination of her present contract. The "Madame Sherry" has become so famous that the firm of Frazee & Lederer has been besieged by manufacturers for permission to use it. One New York firm proposes to name a new gown "Madame Sherry."

Americans Praised Them.

The Schubert Choir, of Toronto, will visit London for the first time Friday evening at the Grand Opera House. There are 215 trained voices in the organization under the direction of Dr. Herbert M. Fletcher. Last year the choir visited Rochester, N. Y., and the Rochester Express, in its review, said: "It is not saying too much to assert that the Toronto choir is one of the best which will not be forgotten. The choir will find fruition in some more worthy local achievement. It was a joy to watch these people as well as to listen to them. These Toronto folk attack with a unanimity that is a tribute alike to their own musical sense, and to the authority of their director." Two eminent soloists will assist the choir at their concert in this city—W. Dalton-Baker, a famous English baritone, and Elsa Kellner, a beautiful, young, and gifted soprano of New York.

"Jumping Jupiter."

The king of musical comedy is the regal title that has recently been bestowed upon Richard Carle, who is announced for an appearance here at the Grand Saturday, matinee and night, in his latest success, "Jumping Jupiter." Mr. Carle, being a born Yankee, would probably be just as content with the title of "Mirth Provoker to the American Public," a position he certainly has earned by long and valuable service as star comedian. "Jumping Jupiter" is richly described as the merriest musical comedy of the season and it comes with a perfect cast, headed by Edna Wallace Hopper, and many others. There is a chorus in "Jumping Jupiter," but instead of a dozen beautiful and talented girls who have been entrusted with minor roles, Karl Hoschna, the famous composer of "Madame Sherry," has written little songs and stirring ensembles for "Jumping Jupiter." Seats Thursday at 9 a.m.

Kitty Gordon in "The Enchantress."

The famous English prima donna, Kitty Gordon, will have a gala night

A Man With Piles Cannot Work

The depressing, undermining influence of piles seems to affect mind as well as body until the sufferer from the annoying ailment feels miserable and utterly cast down.

The itching, stinging sensations which accompany piles are bad enough. The search for cure and thought of a surgical operation do not tend to cheer one up. Many get discouraged and allow their futures to be ruined by this wretched ailment.

It is so easy to relieve piles by the use of Dr. Chase's Ointment that it seems strange that anyone should neglect to give this treatment a thorough trial. If you could only read one of the letters from grateful ones who had suffered ten, twenty, thirty, years you would no longer doubt the effectiveness of Dr. Chase's Ointment in the relief and cure of piles.

Suffered Greatly With Her Heart.

Became So Weak At Times Could Hardly Walk.

Many people may be unaware of having anything wrong with their heart till some excitement, overwork, or confinement in an overheated or overcrowded room, or public building makes them feel faint and dizzy.

On the first sign of any weakness of the heart or nervous flagging energy or physical breakdown, you should not wait until you case becomes desperate before you avail yourself of a perfect cure by using Milburn's Heart and Nerve Pills.

Mrs. D. McGilvery, Bathurst, N.B., writes:—"Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I suffered greatly with my heart, and became so weak at times I could hardly walk. A friend of mine advised me to try your Pills, which I did, and soon found great relief. They are the best medicine I have ever taken for heart trouble."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Monday evening at the Grand, when she comes here for the first time in Victor Herbert's highly successful comic opera, "The Enchantress." Miss Gordon will wear the most beautiful dress of gold, said to be the most costly dress ever created.

"The Enchantress," in which Kitty Gordon has the leading role, has met with an enthusiastic reception from the metropolitan critics, many of whom declare it to equal, if not surpass, his other famous successes, "Babes in Toyland" and "Mlle. Modiste." Mr. Herbert himself considers it his best composition.

Certainly it has obtained unusual success through the beauty of its score. This spring it will be produced in Vienna by Adolph Bart, the famous Austrian impresario, thereby winning the distinction of being the second American opera to invade the home of opera comique. The first opera to go to Vienna was Mr. Herbert's own "The Wizard of the Nile." Seats Friday.

MURKIRK FUNERAL.

[Special to The Advertiser.]

Murkirk, March 12.—The funeral of Mrs. Margaret Gillis, widow of the late Duncan Gillis, was held from her late residence here this afternoon to the Duart Cemetery, and was largely attended. The funeral service was conducted by Elder J. M. Fenton. Mrs. Gillis was one of the pioneers of the Ford Township, and died on Sunday after a brief illness. She was in her 89th year.

Chest Colds, Wheezing, Cured Over Night

You Can Break Up Cold, Feel Fine Next Morning, by Following the "Nerviline" Method.

Experience of a Trained Nurse

Every mother knows how difficult it is to get a child to take a cough mixture. Seldom will one help unless given in large doses, and the result is to completely upset the stomach and make the child sick.

Speaking of the promptest cure for chest troubles and children's cold, Nurse Carrington says: "In all my experience nursing I haven't met any preparation so dependable as Nerviline. It is the ideal liniment. Every drop you rub on is absorbed quickly, sinks through the pores to the congested muscles, eases, relieves, and cures quickly. Especially for chest colds, pain in the side, stiff neck, earache, toothache, I have found Nerviline invaluable. In treating the minor ills of children Nerviline has no equal. I think Nerviline should be in every home."

Hundreds of thousands of bottles of Nerviline used every year—proof that it is the ideal liniment for the home. Refuse anything your dealer may offer instead of Nerviline. Large family size bottles, 50c, trial size, 25c. All dealers, or the Catarrhose Company, Buffalo, N. Y., and Kingston, Ont.

Breaks the Fetters That Bind Men

Hundreds Here Know It.

"Break away from that ailment or complaint that unites you for business or pleasure. You cannot expect the fullest enjoyment or pleasure in life fettered to a 'drag,' says an eminent physician, expressing the highest business man in this city. 'Break the fetters that bind you! Throw them off! Begin a new life to-day! Regulate the hours of sleep. Choose carefully your food. Read cheerful, inspiring papers or books. Let the following prescription be used regularly for several weeks or months, and all such symptoms as these will vanish: Dull, sunken eyes; cold extremities; backache, headache, sleeplessness, thinness (or over-fat), weakness in the spine, twitching, spots before the eyes, pains in back of head, trembling, despondency, impaired memory, loss of appetite, flabby muscles, shrinking skin, constipation, indigestion, nervousness, and a general restlessness and inability to do important duties when they should be done."

For the benefit of those who want a restoration to full, boundless health and vitality, and are accompanying it, the following home treatment is given. It contains no opiates, or habit-forming drugs whatever. Mix it at home, and no one will be the wiser as to your affliction.

The treatment is simple, thorough and correct. Leading druggists supply the main ingredients, extracts and essences. In one ounce bottles, ready to mix. Get three ounces syrup sarsaparilla, compound fluid balsam, and stand two hours. Add one ounce compound essence cadomene, one ounce tincture cadomene (not cardamom). Shake well and take a teaspoonful after each meal and at bedtime.

RECORD PRICES.

[Special to The Advertiser.]

Leamington, March 11.—At an auction sale held today, hay sold at \$24 per ton; corn fodder, at \$12 a load, and corn at 51 cents per bushel.

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. . . . 25 cents.

Smart Styles in Reefer Coats for Girls

3 Bottles for 10c of Superior Machine Oil.

WANT RURAL MAIL

At Meeting Held in Exeter It Was Unanimously Favored.

[Special to The Advertiser.]

Denfield, March 11.—A number of farmers from Osborne Township, who are interested in rural mail delivery, met at the Central Hotel in Exeter and discussed the practicability of having the whole township, including the boundaries, served by rural mail delivery. Committees were appointed to canvass the township for subscribers, and if the scheme meets with general approval and enough subscribers secured, a petition will be sent to the Government.

DIED SUDDENLY

James Start, Aged 92. Passed Away Very Unexpectedly.

[Special to The Advertiser.]

St. Thomas, March 12.—James Start, formerly of Marshville, Ont., aged 92 years, died very suddenly at his home here last evening. All day yesterday he was around in his usual good health. Mr. Start was a man of remarkable vigor, and had been ill only a few times in his life. He was born in Sussex, England, Mrs. H. Wesley Jarvis, and Mrs. J. Rhodes, of Traverse City, Michigan, and Mrs. W. Richardson, of St. Thomas, are daughters, and Charles Start, of Hamilton, is a son.

FOR CHURCH UNION.

Montreal, March 11.—The vote taken in MacVicar Memorial Presbyterian Church on church union shows 111 for and 84 against. A number voted in the negative, expressing themselves in favor of a scheme of federation. Over fifty per cent of the members did not trouble to vote.

SPOKE AT MILVERTON. [Special to The Advertiser.]

Milverson, March 11.—Mr. William Gibson, of the Empress Avenue Methodist Church, London, was here yesterday and gave special addresses in connection with missionary Sunday. His addresses were heard by large congregations and liberal responses were made at both services.

RHEUMATISM, LUMBAGO and LAME BACK

can be cured by the great fruit kidney and liver remedy.

FIG PILLS
