## VACCINATION BEFORE BOARD OF ALL BUTCHERS

Epidemic of Smallpox Threatens City in Fall, Says Chairman.

**AFTER THE FAIR BOARD**  
Police Station Must Comply With Order to Make Place Sanitary.

That the board of education may be asked before the opening of school in September to issue a general order that no pupil will be admitted unless a certificate of vaccination is shown, was a suggestion made at the board of health meeting yesterday. The suggestion produced some discussion, and J. R. Haslett declared that in his own opinion vaccination was a relic of the past. The chairman of the board, said that if some precautionary measures were not taken there would be an epidemic of smallpox in the city in the fall.

The board sent out notices asking all physicians to co-operate in stamping out suspicious cases of smallpox by immediately reporting any case that has the least symptoms of this disease.

**To Hold Fair Board.**  
A communication will be sent to A. M. Hunt, secretary of the Western Fair board, to the effect that the board will be held responsible for the condition of the fair grounds in Queen's Park during the fair week, and if these are not improved over what they are now, the toilets will be closed.

"The parks board blames it on the fair board, and the fair board blames it on the parks board," said Dr. Burdon, "and the only way we can protect ourselves is to notify one of them that the closets will be closed, and then close them if they are not in proper condition." It was the opinion of the board that there ought to be a comfort station at Queen's Park.

**To Visit Police Station.**  
The police station, which has been declared insanitary, will be visited next week, and a consultation held with Magistrate Judd, to ascertain if it will be cheaper to spend some money and have the place fit for human beings than to have a sign tacked over the entrance, reading: "Closed by Order of the Board of Health."

## FAMOUS HORSE DEAL IS STILL IN PUBLIC EYE

Not a "Regular Horse," But an "Exhibition Animal."

Echoes of the recent deal between James McCartney and William Fox occasionally come home to the humane society officials. In fact, one of the horses in this deal has come home to the humane society to roost, and the path of the humanitarian seems clear. At the time this famous horse deal, which has already been written in the history of the city, was consummated and McCartney had a chance to look over the horse which he acquired by his "swap" with Fox, he decided he didn't want the horse. He took it back to Fox, and Fox brought it back to him, and then the poor animal was tied in McCartney's yard and left to starve, neither man claiming ownership and neither man accepting the responsibility of feeding it. The humane society took the horse and fed it. McCartney was arrested for cruelty to animals and fined \$5. He is now appealing the case. The humane society is spending 27 cents a day for the horse's upkeep, and even that price will hardly keep him up, according to officials of the society.

Lieut. Col. Garthshore, who is interested in the society; Magistrate Judd, who fined McCartney; Mayor Graham, to whom the society appealed to have the horse put in the pound so that it could be sold; Agent Adam McGuire, who seized the horse; William Fox, who sold the horse, are all awaiting with intense interest the outcome of the case.

The society has tried to work out the horse, but the horse won't work. The horse has paralysis of the spinal column and cannot be ridden, and it cannot be driven. If all the officials are truthful, the animal is not a regular horse, but one of those horses kept for exhibition, and should be owned by a man who can afford to keep him in the barn and let him "eat his head off."

## ACCUSED WILL NOT TALK

Fred Mathews, Charged With Arson, Is Committed for Trial.

Fred Mathews, the 15-year-old Englishman, charged with setting fire to several buildings on the orphanage farm of Rev. T. B. Clarke, near Dorchester, two weeks ago, was committed for trial by Squire Chittick yesterday afternoon. Young Mathews had nothing to say, although at the time of his arrest, it is alleged that he admitted his guilt to County Constable George Chittick, Rev. Mr. Clarke and others.

A pile of old rags was discovered last week in the drive shed, which the young man is suspected to have placed there. Mathews was discharged from the farm some time ago, but he was placed on the farm staff again.

Time for Changing Priests Throughout Western Ontario Not Yet Announced.

No definite time has been announced for the changes of the various priests, appointed to new dioceses throughout Western Ontario by His Lordship Bishop Fallon, made public last Sunday.

It is the rule that the changes shall take place on August 1, and that the priests will be in their new charges sometime before then.

According to information from St. Peter's Parish yesterday, the changes will probably be made in the next two weeks.

**Comori, Quality and Appearance Are**

**J.P. COOK CO.**

THE STORE THAT SERVES YOU BEST

Board of Health Scores Them at Meeting Yesterday Afternoon.

**MILK DEALERS HIT ALSO**  
Retail Dealers Who Didn't File Affidavit Cannot Sell Meat.

If the milkmen and butchers of London would try to emulate the bakers, who recently adopted neat, white, clean uniforms as their daily dress, and whose wagons are clean enough to eat in, they would evade much criticism. Members of the board of health came to the above conclusion at a meeting yesterday afternoon, when they authorized Sanitary Inspector Lutman to serve notice on some two dozen butchers who have not yet complied with the board's order to file an affidavit showing where their meat was slaughtered, that they can no longer sell meat. If they continue selling meat after this order is served upon them they will be forthwith summoned to the police court.

**After Milkmen, Too.**  
Dr. J. S. Tamlin, veterinary inspector, was authorized to take drastic steps to compel milkmen to obey sanitary rules on their farms, and he was specially advised to cause several notices to be served on the milkmen who recently caught selling a fluid that looked like two per cent milk, will know the board is not joking. Dr. Tamlin recently notified a light milkman that they would have to make material changes in their methods of handling milk on the farms, and he was told in nearly every instance that the milkman didn't expect to stay in the business. The board instructed him to close these dealers up immediately if they did not take steps to comply with the law.

**Butchers Must Clean Up.**  
Every retail dealer in the city will receive notices in a day or so that he will be held personally liable for the condition of the market which he buys, and that he will be taking his own chances if he buys from farmers who make their deliveries with dirty wagons and dirty men. Copies of these notices will be kept by the board, so no dealer can say he did not receive one. These copies will be used against the dealer when he is summoned for failure to see that he gets clean meat.

## PARTY THROWN OUT AUTO DROPS INTO DITCH

Arthur Keene Will Ask City To Pay For Motor Wrecked in Excavation.

A party in the automobile of Arthur Keene, was thrown out, and the machine practically wrecked, when the car went into an open ditch at Waterloo and King streets last night. The ditch had been dug by one of the road construction gangs, and Mr. Keene had no warning that he was in danger, until the wheel went over the side, and the car dropped. There were four in the party, and all were thrown out, but not injured. Many of the parts of the car were broken.

Mr. Keene stated to The Advertiser shortly after the accident that he intended to make the city responsible for the damage done to the car.

"This is the first time I have had to walk this season," he added.

Fifteen races will be run off in the afternoon, while a special orchestra will supply the music for the dance to be held in the pavilion on Fraser Heights in the evening.

## YOUNG LADY ASSAULTED AND PUT INTO BOX CAR

Victim in Serious Condition, Says Two Negroes Attacked Her.

MONTREAL, July 14.—Gertie Hodge, 17 years of age, Valley Field, Que., was found at noon today in a box car in the C.P.R. yards in Montreal in a serious state as the result of an assault. She was taken to the Western Hospital. The girl says she came to the city yesterday to see the Robinson circus, and after the night performance she was grabbed by two negroes and hurried into a railway car where she was assaulted and robbed of jewelry and money.

The circus was going to Farnham, Que., and she says the two men in question must have thrown her unconscious body into a box car at Farnham on a train bound for Montreal.

## RIVER NUISANCES MUST BE ABATED

Tannery and Brewery to Get Final Notice From Board of Health.

**OUTLETS WILL BE STOPPED**  
Motor Boat Club Denounced as Inconsistent in Not Replying to Letter.

Sanitary Inspector Lutman was authorized by the board of health yesterday to take the necessary legal steps to abate the filthy conditions on the Thames river, in the vicinity of the Hyman tannery and the Carling brewery. He submitted two reports to the board, showing that both the tannery and the brewery were discharging contaminated fluids into the river. An immediate and effective notice will be given to both of these concerns to abate these nuisances, and upon a report from the city engineer, who has been asked to the board with the levels of Carling's creek and the river, the sanitary inspector will proceed to close up the outlets from which the pollutants enter the river.

The board denounced as inconsistent the action of the London Motor Boat Club in complaining of the filthy conditions on the river, and then refusing to reply to a letter from the board, in which they were asked to co-operate in making the river more sanitary.

**APPOINTMENT MANAGER FOR GRAND TRUNK PACIFIC HOTEL IN EDMONTON.**

A circular approved by Mr. Morley Donohoe, vice-president and general manager of the Grand Trunk Pacific Railway, announces the appointment of Mr. Louis Low, as resident manager of the MacDonald Hotel, Edmonton. This is the latest of the splendid hotels provided for the travelling public in the Dominion, and the finishing touches are now being placed upon it.

The hotel is located on McDougall street, almost at the crossing of Jasper avenue and directly opposite the Edmonton Club. The site is ideal and the building was planned in such a manner as to take full advantage of the view across the beautiful ravine of the river which bounds the entire southerly exposure of the property.

Mr. Low, chosen as its manager, is a trained hotelman of wide experience. He was formerly in the Chateau Laurier at Ottawa and has latterly been assistant manager of the Port Garry, Winnipeg.

Well-Known Importer and Breeder of Clydesdales Was Ill a Long Time.

IVAN, July 14.—The funeral of the late E. W. Charlton, concessionaire of Lobo, was held at St. George's Cemetery and was very largely attended. Mr. Charlton was among the pioneers in breeding and importing Clydesdale horses, and, although of modest and retiring disposition, his services were of great demand as an expert in judging horses and cattle throughout Canada, and also the United States. He was also on the agriculture board of the principal fairs in the Dominion.

Quarantine About Ivan Appears to Have Little Effect.

IVAN, July 14.—The epidemic of measles seems to be spreading throughout the township. Most of the cases are of a mild type. Quarantine does not seem to be much good, as the infection from the picnic at Poplar Hill is widespread.

The next regular meeting of the Ivan Women's Institute will be held on Wednesday, July 15, at Spruce Dale, the home of Mrs. E. T. Carrhill. An interesting and instructive program has been prepared by the executive.

## BEEKEEPER WILL LOSE THROUGH FAILURE OF CLOVER HONEY CROP

[Special to The Advertiser.]  
HARRISTON, July 14.—Mr. Albert Fyfe, well-known as the bee king of Minto Township, and owner of one of the largest apiaries in Ontario, informed The Advertiser this morning that he stands to lose hundreds of dollars by reason of the failure of the clover honey crop. He attributes the failure to the frost which caught the clover blossoms when in the milk condition, which withered and died up. He also states that his bee colonies are very weak, and will require to be very busy to make a good supply for themselves for the coming winter.

At the recent entrance examinations held here, all of the candidates from the Harriston Public School (except one) obtained honors. Edna Elliott, with total marks of 555, was the highest in the whole inspectorate, and wins the gold medal given by the Harriston Board of Education.
