

HAD DYSPEPSIA

So Bad Could Not Take a Drink of Water Without Suffering.

Dyspepsia is one of the most difficult diseases of the stomach there is to cure. You eat too much. Drink too much. Use too much tobacco. You make the stomach work overtime. You make it perform more than it should be called on to do. The natural result is that it is going to rebel against the amount of work put on it. It is only a matter of a short time before dyspepsia follows.

That old, 40-year-old, remedy, Burdock Blood Bitters, will cure the dyspepsia and will cure it to stay cured, as we can prove by the thousands of testimonials we have received from time to time.

Miss Sarah McRae, Newfield, Ont., writes: "I write to say that I have used your Burdock Blood Bitters, and have found it the best remedy I have ever used for dyspepsia. Two years ago I had stomach trouble so bad that I could not even take a drink of water without suffering. I took six bottles of B. B. B. and have been entirely cured, and can now eat anything without any bad after-effects."

Burdock Blood Bitters is an old and well-tried remedy, but on account of the many substitutes we would ask you to make sure that our name appears on both the label and wrapper, as this preparation is manufactured only by the T. Milburn Co., Limited, Toronto, Ont.

PHYSICIAN INTERVIEWED;
A SUSPECTED AUSTRIAN

Authorities Refuse to Believe He is a Rumanian.

MONTREAL, June 22.—Dr. Oliver Messy, claimed by the officials of the alien enemy department to be an Austrian, but who contends that he is a Rumanian, has been interviewed. The officials say that the doctor tried to enlist in the army medical corps at Winnipeg and Ottawa, and that he wrote the Austrian ambassador at Washington offering his services as a doctor.

Dr. Messy says he came across the Atlantic last August in the Mauretania, but his name was not found on the passenger lists. At his boarding house here he had a number of little bottles, and his landlady says he stated one bottle would kill a man.

TURK BATTALION
IS WIPED OUT BY
ALLIES' AIRSHIP

Twenty-Four Hours Continuous Fighting on Gallipoli Wins Substantial Success for Allies.

[Canadian Press.]

LONDON, June 22.—1:10 a.m.—The following dispatch was received last night from the Mediterranean headquarters:

"After twenty-four hours of heavy and continuous fighting, substantial success has been achieved. As already reported, the battle of June 4 and 5 resulted in a good advance of the centre to which neither the right nor the left was able to conform, the reason being that the Turkish positions on the flanks are naturally strong and exceedingly well fortified."

"At 4:45 p.m. yesterday (date not given) General Gouraud (commander of the French expeditionary force) began an attack upon the line of the formidable works, which run along Kerestes Dere. At noon the second French division had stormed and captured all the Turkish first and second line trenches opposite their front, including the famous Harecourt Cot redoubt with subsidiary mass of entanglements and communication trenches."

"On their right the first French division, after fierce fighting, also took the Turkish trenches opposite their front, but were counter-attacked so heavily that they were forced to fall back. Again this division attacked and stormed the position, and again were driven out of trenches."

"The bombardment of the Turkish left was resumed, the British guns and howitzers lending their aid to the French artillery, as in the previous attack. At about six o'clock in the evening a fine attack was launched."

"BRIDES IN BATH"
CASES HAVE BEGUN

George S. Smith Charged With Murder of Three Wives.

ALL IN THE BATHTUB

Sensational Case Likely to Rival That of Dr. Crippen.

LONDON, June 22.—9:45 p.m.—George Joseph Smith was placed on trial for his life in Old Bailey today. He is charged with the murder of three women, with all of whom he went through the marriage ceremony, and all of whom were found dead in bathtubs under almost identical circumstances.

The case has come to be known throughout the kingdom as the "Brides in Bath" case, and promises to be the most sensational murder trial here since Dr. Crippen.

The proceedings today consisted of the selection of a jury and the opening address of the prosecutor, who related the circumstances of the deaths of Smith's wives, Beatrice Murray, Alice Burnham and Margaret Lofly.

The details of the "Brides' Death" as related by the prosecutor, Bodkin, were identical with the evidence given at the preliminary hearing, which was held in the Bow street court on March 23, and disclosed that Smith, under the name of John Lloyd, married Margaret Lofly at a registry office at Bath, in December, 1914. The couple came to London the same day, and the next morning the bride was found dead in her bath. A verdict of accidental death was returned.

Had Assumed Name.

Later it was ascertained by the police that Lloyd was not the husband's name, and he was arrested and identified, according to the police, as George Joseph Smith, who, in November, 1913, had married at Portsmouth Alice Burnham. She had been found dead in her bath a month after the ceremony. His marriage to Beatrice Murray in July, 1912, was also traced.

The prosecutor declared that the motive for the alleged murders was the greed for money, which Smith would obtain from the insurance on the women's lives. In this way, said the prosecutor, Smith had obtained £3,800 (\$14,000) and was in a fair way to obtain £700 more, when he was arrested.

ARE FALSE, ANYWAY, CABLES DR. SIMPSON

Winnipeg Man Says It Is Impossible to Return to Answer Charges.

WINNIPEG, June 22.—When the Royal Commission opened this afternoon Judge Mathers produced a cablegram which had been sent from Dr. R. M. Simpson, K.C., in the cablegram, referring to the charges which had been made against him by Horwood, Dr. Simpson said:

"Whatever they are they are false." Dr. Simpson cabled from Southampton, England, on his way to the battlefield in France, where he was proceeding under military orders. He mentioned the time limit of one month and said it was impossible for him to return.

Suffered Intense Pain In Her Back Could Hardly Do Her Housework.

If a pain attacks you in the back "stop and think" what it is and what causes it.

If the kidneys are at fault—and in a large majority of cases of pain in the back they are—doctor them at once, and doctor them persistently, as it is impossible to have a well, strong back unless the kidneys perform their functions properly.

Doan's Kidney Pills cure all forms of kidney trouble, and cure them to stay cured.

Mrs. H. F. Jacob, Lavant Station, Ont., writes: "I take pleasure in telling you how much good your medicine has done me. I had suffered from intense pains in my back and was so bad I could hardly do my housework. My kidneys were also bothering me a great deal. I tried several kinds of patent medicines and was almost discouraged, and was looking for some other kind of medicine to try when I noticed your advertisement of Doan's Kidney Pills, so I thought I could not hurt to try them. I noticed a great difference when I had used one box and to my great relief when I had used three boxes I was entirely cured, and I have not been bothered since. I will not hesitate to recommend them to all I know."

Doan's Kidney Pills are 50c a box, or 3 boxes for \$1.25, at all dealers, or I could have sent you a box of the medicine direct on receipt of price by The Mailed Direct Co., Limited, Toronto, T. Milburn Company, Limited, Toronto, Ont.

When ordering direct specify "Doan's."

KILLS A PRISONER ATTEMPTING ESCAPE

Turnkey Shoots Down Man in Suburb Street.

SUBURBY, June 22.—While escorting six prisoners to the morning train, on route to Burwash prison farm, Turnkey Samuel Scott this morning shot and killed James O'Brien, one of the prisoners who was attempting to escape. Three shots were fired, the third taking effect. He ran three blocks after being shot and died on the way to the hospital. He was under a three month sentence for vagrancy but had a criminal record. The affair happened on one of the main streets of the town, Scott came to Suburb from Toronto several years ago. He is a prominent Orangeman and was county master. No action has as yet been taken.

CAMERONIA OWNERS
DENY AN ATTEMPT
TO RAM SUBMARINE

Say No Undersea Craft Was Encountered—Passengers Insistent.

LONDON, June 22.—The Anchor Line, owner of the steamship Cameronia, which is reported to have had a narrow escape from a submarine in the Irish Sea on her voyage from New York to Liverpool, denied today that the vessel had encountered any undersea craft.

Passengers on the Cameronia, however, corroborated the story told yesterday by Peter Fletcher of New York, who asserted the Cameronia attempted to ram a submarine. Carroll Winslow of New York declared that two submarines were seen near the vessel. The Cameronia attempted to ram one of them, Mr. Winslow said, and went overboard in a craft, which came up broadside to the liner. Before it could get into position to fire a torpedo, he said, the liner left it far astern.

Mr. Winslow told his story at the American consulate and protested against what he considered failure to give needed protection to the vessel near the British coast.

THREW OUT PROVISIONS TO SAVE HIS BOAT

Norwegian Captain Says Submarine Required Destruction of Cargo.

NEWCASTLE, Eng., June 22.—11:55 p.m.—The Norwegian mail steamer Venus arrived here today minus the larger part of her cargo, which was thrown overboard, the captain asserted, under a threat of a German submarine commander that otherwise the Venus would be sunk.

The captain says that the Venus was halted by the submarine and given the alternative of jettisoning all food-stuffs on board or being sent to the bottom, and that in order to save his boat, several hundred cases of butter and other cases of salmon and other tinned fish were consigned to the sea. The remainder of the freight on the Venus, consisting of wood, was permitted to remain on board.

This is the first time that a German submarine boat is reported to have permitted a vessel to escape under such terms.

TIGHTENING HOLD
UPON SHIPMENTS

Britain Prohibits Exports to Holland Except to Netherlands Trust.

BILL IN THE COMMONS

Careful Record To Be Kept of Shipments to Certain Countries.

LONDON, June 22.—An order in council is about to be issued prohibiting exportation of all goods to Holland except those consigned to the Netherlands Overseas Trust.

Announcement of this effect was made in the House of Commons today by Captain E. G. Pretzman, parliamentary under-secretary to the board of trade.

Exportation of goods to the Netherlands Overseas Trust would be equivalent to a guarantee that no goods, either in the form received or a subsequent form, would reach a country hostile to Great Britain.

Mr. Pretzman made the announcement in introducing the "customs export restriction bill." He explained that a partial arrangement with the Netherlands Trust had been in operation for some time, and that the British consul had made a favorable report thereon. He added that the sooner the trade now passing through Holland into Germany was stopped, the better it would be for the interests of England.

Extends to Other Countries.

The bill would enable the extension of similar control over the exports to other neutral countries.

Provision is made in the bill for a fine of \$2,500, or imprisonment for two years for violation of its terms. Consigners and shippers will be equally responsible.

Mr. Pretzman said it was proposed not only to regulate the number of consignments exported but to keep a

careful record of the amount of each article going to certain countries, and to prohibit further exportation immediately it appeared that more of any article was going to any country than could normally be consumed there.

A special committee will be appointed to deal with licenses for exporting cotton. Mr. Pretzman said all cotton products would be on the prohibited lists.

The bill passed all stages.

DID U. S. PREVENT JAP TROOPS GOING TO EUROPEAN WAR?

Hague Press Dispatch Declares It's So—300,000 Troops Offered.

[Canadian Press.]

THE HAGUE, Via London, June 22.—10:40 p.m.—The Handelsblad in its edition today asserts that Japan was prevented from sending 300,000 troops to Europe as the result of an unofficial hint to Great Britain from Washington that such an expedition would be undesirable.

The newspaper declares that a Japanese army of that strength was landed in Manchuria, where it was exercising preparatory to departure for the European battlefield, but that Great Britain, after receiving the intimation from the United States, informed Tokyo that she was "sorry, but under American pressure, must request that the Japanese Government do nothing further con-

cerning the dispatch of an expeditionary corps to Europe."

WASHINGTON, D. C., June 22.—Government officials tonight heard, without comment, the above article published in the Handelsblad.

Neither confirmation nor denial of the story was to be had. There were exchanges between the American and British Governments while the recent Japanese-Chinese negotiations were in progress, but their nature was kept secret.

The United States knew that Japan had at least 100,000 men in Manchuria when she was waiting for China's reply to her demands. It was generally understood that the army was there for effect on China.

All reports from Tokyo have indicated that Japan has not been called upon for a European expedition.

SCOTSMAN ACCUSED OF EMBEZZLEMENT

CALGARY, Alta., June 22.—Alleged to have embezzled \$15,000 during the last year from the Calgary branch of the Imperial Bank of Canada, where he was employed as ledger-keeper, John McLean, a Scotchman, has been arrested and is being held in custody on a charge of theft of the \$15,000, more or less, between June 1914 and June of the present year, and with falsifying the books of the bank.

ACHING BACK GETS RELIEF QUICK!
ONE RUB WITH "NERVILINE" CURES

Every Bit of Stiffness and Soreness Goes When "Nerviline" Is Used.

Pain in back or side is awful hard to reach. Deep in the tissue is congested or strained muscle. It is a long way for a liniment to go. Liniments have been used have not reached it, and the pain bothers you, whether moving or lying down.

What a pity you haven't tried Nerviline! Penetrating, you ask? Yes, and powerful. Nerviline strikes in far deeper than any application you have

ever used. You might pay a dollar, ten dollars, a hundred, for that matter, but you could not equal Nerviline, either in strength, quickness of action, or permanency of relief.

If you think this too much to say for Nerviline, try it, and be convinced. If you receive from Nerviline even a little less relief from pain than this advertisement induces you to expect, you can get your money back.

The only pain remedy in the world sold under a guarantee is Nerviline—surely it is safe to try it. Nerviline is sold by druggists everywhere, 25 cents or 50 cts. a bottle, or direct from The Catarothene Company, Kingston, Canada.

John Hancock—"Father of the Revolution"

UPON the Declaration of Independence his name may be read without spectacles. His signature was the first subscribed to the world's most famous State document. In the most realistic sense John Hancock pledged his life and his fortune to the cause of the Revolution. He was one of the richest men in the colonies, holding investments in banks, breweries, stores, hotels, and also owning a fleet of vessels. The seizure of one of these precipitated the Boston massacre. In Revolutionary days and until his death he was a popular idol. When it was proposed to bombard Boston, though it would have resulted in greater personal loss to him than to any other property owner, he begged that no regard be paid to him because of his financial interests. While Hancock did not sign the Constitution of the United States, he used his great influence in its behalf, which awakened the gratitude of Washington. He was prepossessing in manner, and passionately fond of the elegant pleasures of life, of dancing, music, concerts, routs, assemblies, card parties, rich wines, social dinners and festivities. Until the end of his life the people of Massachusetts delighted to honor him. In the stirring events preceding the Revolution he was one of the most active and influential members of the Sons of Liberty. To this tireless worker for American Independence Liberty was the very breath of life. He would have frowned upon any legislation which would restrict the natural rights of man, and would have voted NO to prohibition enactments. It was upon the tenets of our National Spoken Word that Anheuser-Busch 55 years ago founded their great institution. To-day throughout the length and breadth of the Free Republic their honest brews are famed for quality, purity, mildness and exquisite flavor. Their brand BUDWEISER has daily grown in popularity until 7500 people are daily required to meet the public demand. Its sales exceed any other beer by millions of bottles.
