FORTY-SECOND YEAR.

THE VICTORIA SEMI-WEEKLY COLONIST THURSDAY, APRIL 13, 1899

VOLUME XLIII—NO. 47

THE CABLE AT LAST.

Canada Stops Hagging and Takes Equal Share With Great Britain.

Severe Baiting the Feature of This Year's Ottawa Programme.

Mr. Richardson Called on Translator by Proxy Appeals.

From Our Own Correspondent.

Ottawa, April 12.—At last the government has made up its mind to do something with regard to the Pacific cable scheme. At a Liberal caucus to-day the Premier announced that the government regarded this work as of imperial importance, and that at the present session a bill will be introduced for the purpose of defining the proportion of the cost which Canada shall bear. The Australian colonies have already decided to pay one-third of the cost, and the project has been hanging fire for months, until it could be determined what proportion should be paid respectively by the home government and Canada. The Dominion authorities contended that Great Britain should contribute three-ninths, leaving the remaining two-ninths to Canada. The Imperial authorities, however, held that Canada should contribute an equal share with Great Britain. The Dominion government came round to this view, so that Canada's share will be five-eighths of the total cost. Thus after a delay of two years the government has at last reached a conclusion which it arrived at earlier than it might have expected. The cable would have been actually in operation to-day. Since the conference in Downing Street in 1897 Canada has been the sole cause of delay.

No Row in Caucus.

Among other subjects discussed in caucus to-day were the gerrymander, senate reform and the extension of the I. C. R. to Montreal. On these subjects the government had little to communicate beyond the fact that the measures will be pressed at the present session. Mr. Scriver, M. P. for Huntingdon, presided, and speeches were delivered by several of the members of the party. It is said the proceedings were harmonious, an effort having been made to keep the discussion over between Messrs. Sifton and Richardson.

Cings to His Office.

Pelland, the translator who has been recommended for the extension of the debate committee, to-day petitioned Commons, setting forth that he had performed his duties as translator faithfully and well, that no complaints had been made about his work so far as he was aware; no opportunity was given him to appear before the committee, and he therefore protests against the committee's report, and asks the House of Commons to do him justice.

Plebiscite Hurling.

This may be regarded as the "climax" of Macdonald's day in the House. The greater portion of time was taken up by the Premier, who, after a long and somewhat rambling speech, delivered a creditable speech, in which he severely arraigned the government on the question of the Yukon arrangement. He concluded his speech by saying that there is no prospect of the Yukon arrangement being carried this week. There are still ten or a dozen Conservatives to speak, and probably a similar number of Liberals.

Yukon Arrangement.

Mr. Clarke with his amendment in reference to Yukon and the debate on the address is at an end. It is members would be interested in the rules of the House, to the discussion of the Yukon matter solely. Meanwhile the order paper is being read. Never has the parliamentary bill of fare been so congested as at present. There are 65 questions to be answered, and 82 notices for returns, etc., to be moved.

The Senators Resigned to-night after the Easter adjournment.

Sir Mackenzie Bowell was informed that correspondence with the home government in reference to British Columbia's anti-Japanese legislation is still in progress.

Telegraph to Dawson.

Mr. Roche, M. P. for Kerry in the Imperial House, one of the directors of the company which was chartered last session to build a telegraph line to Dawson, is here to consult with the government in reference to the line as a before the government's decision was made known, gave orders for telegraph supplies amounting to several thousand dollars. The government was brought into a big claim against the Dominion for infringement of their rights.

DO NOT BE FOOLED.

With the idea that any preparation you make against me will put up and try to sell you will purify your blood like Hood's Sarsaparilla. This medicine has a reputation—it has earned it—the personal supervision of the best pharmacists who know the nature, quality and medicinal effect of the ingredients used. Hood's Sarsaparilla absolutely cures all forms of blood disease when the medicine is taken in accordance with the directions on the wrapper. It is the World's Great Spring Medicine and the One True Blood Purifier.

KILLED DIVORCED WIFE.

Crime of a San Francisco Pilot Preceding His Suicide.

Alameda, Cal., April 10.—Captain Edward A. Van Schmidt, a San Francisco harbor pilot and a prominent yachtsman, murdered his former wife and committed suicide yesterday. In 1898 his wife secured a divorce from him and the custody of their children. He threatened her life repeatedly, and today appeared at her home with a knife in one hand and a pistol in the other. He threw the knife at her, and she fled in terror. The neighbors, aroused by the servant's cries, found Van Schmidt in the yard with five stabs in his breast and throat, while a few feet away his divorced wife was breathing her last, with three deep wounds made by a knife in her back. The theory is that after Van Schmidt attacked her at the front door she turned and ran, and he stabbed her as she fled. She died a few minutes after being found.

MANITOBA LEGISLATURE.

Agricultural Members off to the Prairies While Ministers Will Work Ottawa.

Winnipeg, April 11.—(Special)—It was announced in the house to-day that Premier Greenway will move on Thursday an adjournment of the Manitoba legislature until June 15 to give the agricultural members an opportunity of attending to seeding and enabling a government delegation to proceed to Ottawa without delay to urge the transfer of the school lands and proceeds. One of the measures to be passed in the meantime is the bill ratifying the agreement between Winnipeg city and transfer the system to the city. The bill passed to-day were chiefly of municipal character, relating to taxation of drained swampy lands and arrangements for the discharge of municipal indebtedness. Many petitions were presented asking for prohibition of the liquor traffic.

THEY CHUMMED AS SALVATIONISTS.

A Soldier and Lassie Light Out Together Leaving Mourning Families.

Special to the Colonist.
St. Thomas, Ont., April 11.—Salvation Army circles are considerably excited over the elopement of two ex-members, John Moore and Mrs. Robert Woodchild. The parties were neighbors, living on Warwick street.

Moore's wife has been in an asylum some years, and he lived with his widow's mother, who with his two young children are left destitute. Mrs. Woodchild, who is 24 years old, deserted her husband and son five years ago. Moore and Woodchild worked together and were very chummy.

NIAGARA'S RAILWAY TRACK.

Landslide Covers Railway Track and a Workman Narrowly Escapes.

Niagara Falls, N. Y., April 11.—The warm weather is causing more landslides along the gorge. Since the huge one at the Buttery elevator there have been a number of smaller ones.

The Lewiston branch of the New York Central suffered from a slide yesterday, and the bridge was damaged.

Landslide at the bridge, was hurt by falling rock. The ice bridge, which was one of the longest lived on record, was broken out without damage to property.

GOVERNORS OF THE BANK.

London, April 11.—At today's meeting of the Bank of England Messrs. S. S. Slesidons and Augustus Prevoost were appointed governor and deputy governor respectively of that institution.

MONEY IN CRIME.

Chicago, April 11.—John Collins and Mrs. Mary Ann Collins were arrested on a charge of kidnaping of little Gerald Laphin on Decoration Day, were released on bonds of \$10,000 each to-day. The alleged abduction was placed on exhibition in a local dime museum.

A HISTORIC DEARTH.

Washington, April 11.—The principal subject of discussion at today's cabinet meeting was an elaborate plan of credit extensions in Cuba which has been presented by General Brooke and his cabinet and which reached no conclusion. The \$20,000,000 to be paid Spain, according to the peace treaty, will be a draft on New York.

DR. NANCY ADMITS GUILT.

Bridgeport, Conn., April 11.—Dr. Nancy Guilford, who has been on trial on a charge of murder in the second degree, and whose trial has been discontinued because of the illness of a juror, has pleaded guilty to manslaughter.

APT QUOTATIONS.

Proverbs, axioms and wise sayings have been uttered by Confucius and other wise men from time immemorial, but few people realize how many there are of them. C. L. Hood & Co., of Sarsaparilla fame, have over 2,000, and they have originated the ingenious plan of setting them up in delectable shape in thousands of newspapers, with each one neatly turning a point as to the merit of their well-known medicine. The extensive use of these proverbs in original and creditable to Hood & Co.

A GUILTY CONSCIENCE.

Paris, April 11.—M. Louillier, who was private secretary to the late Lieutenant Colonel Henry, who committed suicide at Mount Valerien fortress last August, after confessing to having forged a letter to the Minister of War, and then killing himself last evening, is the largest ever built here.

CHEEKY FILIPINOS.

Creep Close to Americans and Threaten Them in Plain English.

Posing as Friends They Treacherously Take Up Secreted Arms.

Ninety-Three Killed at Santa Cruz and Others Along River.

By Associated Press.

Manila, April 11.—(5:35 p.m.)—It is supposed that many of the rebels who attacked General Macarthur's line of communication and who were repulsed by the troops commanded by Gen. Wheaton, were natives who entered that region in the guise of friendliness. They had seemingly secreted arms in several places and fired on the Americans from the bush at so close range that they could be heard talking. One of the Filipinos yelled in English: "We will give you damned Americans enough of this before we are through." The rebels undermined the railroad at Arliao and unspiked the rails in the effort to wreck a train while the railroad gang participated in the fight. The work of the rebels was discovered and repaired before a train arrived.

The Tartars Lack Food.

But Refuse Red Cross Relief at Instance of Fanatic Priests.

By Associated Press.
London, April 11.—The St. Petersburg correspondent of the Daily Telegraph says: "A very serious situation which has recently developed in the province of Krasnodar, in Southeastern Russia, a territory inhabited principally by Tartars, is likely to result in a general famine. The famine and typhus, that have long been devastating the Volga territory, have created such terrible havoc in that province that the government was obliged to send aid and food to be distributed by the Red Cross society agents."

Famine Makes Condition So Serious That Uprising Is Feared.

By Associated Press.
London, April 11.—The St. Petersburg correspondent of the Daily Telegraph says: "A very serious situation which has recently developed in the province of Krasnodar, in Southeastern Russia, a territory inhabited principally by Tartars, is likely to result in a general famine. The famine and typhus, that have long been devastating the Volga territory, have created such terrible havoc in that province that the government was obliged to send aid and food to be distributed by the Red Cross society agents."

THE POPE IN AUSTRALIA.

Vigorous Address on the Church's Influence on Affairs of State Throughout the World.

Rome, April 11.—The Pope to-day received the members of the Sacred Congregation who congratulated the pontiff on his restoration to health. In his address to the members of the Sacred Congregation he expressed his gratitude to the Deity for his restoration to health, and to his thankfulness for the proofs of affection from all parts of the world, which he had received since his restoration to health. He expressed the hope that it would lead to the settlement of all disputes between nations by gentle and pacific means. The pontiff dwelt upon the church's mission of pacification, "not only in the domain of religion, but in the public and social sphere, a mission which the church fulfills in proportion to the influence of Christianity." Continuing, the Pope said: "Every time the church has interfered indirectly in the serious affairs of the world, it has assured the public welfare and the peace of nations."

Free Gold.

Winnipeg, April 11.—A rich strike of free gold is reported from the mine of the Bullion company at Rat Portage, on the railway adjoining the famous Mikado mine.

Obituary.

London, April 11.—John Goon, the well known wholesale dry goods merchant, is dead.

Owen Sound, April 11.—W. R. Armstrong, clerk of the peace for Grey county, died to-day, aged 79.

Lindsay, April 11.—The funeral of the late J. A. McMillan, currier to-day, was a large affair held here. Telegrams of sympathy and floral wreaths were received from curling clubs all over Canada and the United States.

Forgery Confessed.

Montreal, April 11.—Arthur Fiset, notary, has confessed to defrauding the York Loan & Savings Co. by forged mortgages and securities.

Castilian's Sorry End.

Halifax, April 11.—The hull of the wrecked Altair, the steamer Castilian, sold at auction to-day for \$4,450, the cargo remaining on board sold for \$675.

Liberal Sins.

Brookville, April 11.—Hon. George Foster opened the campaign here last night, dealing with what he termed Liberal extravagance, the plebiscite and Yukon. He said the Liberal party had given the prohibition and temperance cause a setback for 25 years.

New Loan Company.

Toronto, April 11.—A new financial company, the Standard Loan Co., has been organized here with a capital of \$3,000,000. J. P. Whitaker, a Conservative politician in the Ontario legislature, is chairman.

Nowing in Northwest.

Winnipeg, April 11.—At the annual meeting of the Winnipeg Rowing Club held to-night, E. L. Dewey was elected president. Hugh John Macdonald vice-president, George P. Clegg captain, and B. P. Dewar secretary. The annual regatta of the Minnesota and the Winnipeg associations will be held here during the week ending April 15, and will be a big event. Crews from Victoria and Vancouver are expected.

Home Made Engine.

Kingston, April 10.—A new engine, weighing 90 tons, was turned out of the locomotive works to-day for the C. P. R. Co. It is the largest ever built here.

BIG SHIP ON FIRE.

Kerosene Cargo Near the Flames but the Feared Explosion Was Averted.

St. John's Nfld., April 11.—The steamer Fortia from New York arrived here at noon to-day. Four hours later a fire broke out in the main hold of the vessel and a large portion of the cargo was destroyed before the flames were extinguished. For some time it seemed impossible to save the ship because a large stock of kerosene in barrels was stored in the hold where the fire broke out. Had the flames reached this fire it was feared would be the case, the explosion would have blown the ship to pieces. Fortunately all engaged in fighting the fire escaped without injury.

HONEYMOON INTERRUPTED.

Vanderbilt Country House Burned to the Ground—No Loss of Life.

New York, April 11.—W. K. Vanderbilt's country house, Idle Hour, at Oakdale, L. I., was totally destroyed by fire at 3 a. m. to-day. No lives were lost and no one was injured. W. K. Vanderbilt, Jr., and his bride, formerly Miss Virginia Fair, occupied the house at the time.

The fire was discovered by one of the Vanderbilt watchmen, who saw the flames coming from the cellar. He aroused the occupants of the house and all left hurriedly. Mr. and Mrs. Vanderbilt were among the first to get out. Mrs. Vanderbilt sat on the lawn and watched the flames burn down the hill. When the volunteer firemen from a neighboring village reached Vanderbilt grounds the flames had spread throughout the entire structure and had completely consumed the annex constructed to connect the house with the main building.

The total loss is estimated at between \$2,000,000 and \$3,000,000. The property was heavily insured.

THE TARTARS LACK FOOD.

But Refuse Red Cross Relief at Instance of Fanatic Priests.

By Associated Press.

TIME FOR A CHANGE.

British Columbia Should Have More Return for Revenue Collected.

Did Sir Wilfrid Pay Five Thousand for Truce on Schools?

Political Prohibitionists Want to Leave the Issue to Provinces.

From Our Own Correspondent.

Ottawa, April 12.—Senator Macdonald has been delving in the Trade and Navigation returns. He proposes to call attention to the progress of British Columbia in the matter of imports and exports and contribution to the revenue, and will ask if the government proposes to contribute to public works in the province commensurate with its revenue-producing capabilities.

Sons of England.

In the Commons to-day Dr. Montague inquired as to the incorporation of the Sons of England. The government had announced last year that it was considering the advisability of submitting a general bill under which all friendly societies and insurance associations could work. He would like to know whether the government intended to introduce such a bill this year. Premier Laurier said he was not in a position to answer. He suggested that the question be renewed in a few days.

Buying Off the Catholics.

Mr. McDougall, of Cape Breton, as a Catholic, strongly condemned the manner in which the Liberals dealt with the school question. He said the report was current that the Premier had sent a contribution of \$5,000 to Manitoba Catholics to make up the deficiency in school taxes. He wanted to know, if the report were true, whether the money came out of Sir Wilfrid Laurier's pocket, or whether some contractor had been bled.

The Cable Arrangement.

Sir Charles Duggan to-day congratulated the government upon the announcement in the papers regarding the decision on the Pacific cable. He considered this a most important matter, and the government and country which had been congratulated upon its being finally and, he hoped, satisfactorily settled. He had long ago anticipated that the construction of the cable would involve no obligation whatever upon Canada; in fact the time was not far distant when it would be a source of revenue to the country.

Premier Laurier thanked the leader of the opposition for his observations. He hoped that in future when the government brought in as good measures they would receive the same support from him.

In the Senate Sir Mackenzie Bowell said the government's decision on the Pacific cable was of great imperial interest. He said that the construction of the cable would involve no obligation whatever upon Canada; in fact the time was not far distant when it would be a source of revenue to the country.

THE JOB CHASSERS.

Mr. McDougall to-day occupied the attention of the House about half an hour describing the efforts of Liberal members to secure offices for themselves or friends. He read through a list of ministerial members, and kept the opposition in continuous laughter with his remarks. He said that some of the things mentioned that Dr. Christie was the inspector of prohibition. The Doctor could not see the joke and rose to protest, his remarks being greeted with roars of laughter from both sides.

Notes.

Col. Prior inquired to-day whether Mr. Laurier had surrendered the lease of the St. Lawrence river. Premier Laurier was unable to say, but promised to ask the minister of militia.

Another lot of Donkubors, 1,200 strong, will arrive at Quebec on the Lake Superior early in May. They are due to leave Cyprus on April 17.

Col. McLennan said that for the committee of the Dominion Alliance met to-day, and after a struggle of two hours adjourned without accomplishing anything. One side wanted to see a prohibition bill introduced into parliament right away; the other side desired to leave the question to the provinces. The committee will meet again on Tuesday to consider reports from each side.

Mr. Frost, the Liberal member for Leeds and Grenville, intimated to-day that the immediate result of the reduction of domestic postage was an increase of 10 per cent. in the wages of the men employed by his firm. Mr. Mulock, blushed at the laughter with which the opposition received this tribute.

Col. McLennan said that for the price the government proposed to pay for the Brunswick County railway, he could build two similar roads and a bridge across the St. Lawrence.

Mr. Fisher, the prohibition minister, speaks to-morrow.

HE STOLE A MILLION.

Dock Company's Defaulting Chairman Out on Sixty Thousand Bail.

London, April 11.—C. R. Birt, the former chairman and managing director of the Millwall Dock Company, has been committed for trial and bail allowed in the sum of \$60,000. Birt was arrested on March 16 after having disappeared in February last leaving a deficit of over \$1,000,000 in the accounts of the Millwall Dock Company. He was remanded on March 22 until to-day.

WORKING UP A CASE.

Germany Assuming Indignant Attitude Respecting Wrongs in Samoa.

Berlin, April 11.—Dr. Johannes Raffael, the former German president of the municipal council of Apia, Samoa, has arrived here and has had several long conferences with the officials of the German foreign office. The Lokal Anzeiger to-day prints an interview with Dr. Raffael, in which he is quoted as saying: "The decision of Chief Justice Chambers in favor of Tanua was partly due to the fact that Mataafa is a Catholic while Tanua is a proselyte of the English missionaries. Mataafa is the only king the Samoans will tolerate."

There has been a sudden veering of views upon the part of both the minister for foreign affairs, Baron von Endow, and the Emperor. A foreign office official said to-night to the correspondent of the Associated Press, in energetic language, that Germany before engaging in an investigation of the commission's work must insist upon the American and British governments unmistakably disavowing the flagrant violations committed by Admiral Kautz and Capt. Sturzenegger in the absence of a discovered German to join the commission would be a mere farce. He added: "When the commission starts it must start on the status quo and not on a status created by the illegal acts of subordinates in Samoa."

More energetic still is the semi-official announcement of the Hamburger Correspondenz, which declares that "if England and Washington do not heed the commission's remonstrances, the number of breaches committed in Samoa."

The tone of the German press during the last two days has been decidedly inquisitorial. The tone of the German press during the last two days has been decidedly inquisitorial. The tone of the German press during the last two days has been decidedly inquisitorial.
