TO THE RAILWAYMEN OF CAMPBELLT(N

We do not pretend to give advice to the many employees of the Railway in this Town as to how they should cast their ballot in this election. It has a ways been the policy of this government to allow every employee to exercise his franchise in the way his conscience dictated. But we feet compelled to state a fact that there never was a time in the history of the I. C. R; when the employes were in receipt of such high wages as at the present time. Under Liberal rule wages have in many cases more than doubled. New shops have been erected here which might have been elected elsewhere and as to how near we were to loosing the I. C. R. works from this Town only those who are closery connected with the Management know. You know what the regime of the Conservatives meant to you, you know what one Con-servative member here said, that he would make the grass grow in the streets of Campbellton. Beware of a second branch from the same stock. The ex-minister of railstock. The ex-minister of rail-ways, Mr. Haggart has condemned the Brotherhoods. A vote for Mr. Reid means not only a vote for yours if but means the strengthen-ing of the hand of the Hon. Mr. Emmerson in his policy of the acquisition of the Branch lines of the Province by the Intercolonial Railway, Mr. Emmerson has given you the Provident Fund and Thousands of Tories Deserting Their Party

James R. Auderson, treasurer of the Bastern Ontario Dairymen's Association, and a former Conservative, is compalgring with Dr. Moriev Carrie. Before an enthusiastic meeting at Demorestrille Mr. Anderson told the story of the nectipoethy pact from a proctical farmer's standpoint. Mr. Anderson said.

If an no traduct to the Conservative party, but the leadersof the Conservative party to have see traitors to the principles of that party. It is not only in this county but in other counties you will find handreds and thousands of Conservative former with said with the transportation of the principles of the party for the processors will find handreds and thousands of Conservative former with said with the transportation of the processors.
