RANKS AMONG THE VERY BEST

Century Male Quartet—Will be Something All Can Enjoy.

The most popular program of vocal music that can be offered to music lovers, and one that is universally enjoyed and commended is that of a strong and well balanced quartet. These qualities are only acquired, after years of association in concert work, where finest team work is most essential. There must also be added to these qualities the individual elements of optimism, cheerfulness, love for the art which each member of the company must possess if he hopes to attain high rank in his chosen field.

In order to construct a program that will be sure to inspire and delight every listener, it is necessary to know how to blend the most dignified with the lighter numbers, and thus strike a happy average that will neither make it too heavy or too light.

"The Century Quartet" is composed of young men who have learned the above lesson in the school of experience. They have been in concert work for six years, and have appeared before widely varying audiences. The critical audience of times include people of social prominence, the church society, demanding a distinctly refined entertainment, the club, where good fellowship is the password, the Chautauqua, with its broad program of community betterment all these have received the Century Quartet with that joyous responsiveness which in turn brings happiness to every artist. This program contains numbers of vastly different types, yet each number, whatever its nature is rendered in appropriate fashion, and with all the animation and enthusiasm these young men possess. In clearness of enunciation, in harmonious blending of voice in effective rendition of every number, the Century Quartet ranks among the best.

They are at their best in songs that call for vigorous action, and therefore a large part of their program consists of songs of this type.

Each member of the Century Quartet is a musician as well as a singer, one is a brilliant pianist and accompanist thus adding decided strength to the company. His solos, combined

with the latest novelties arranged for solos, duets and trio, and the ensemble work of the company produce a program of most pleasing variety. As an attraction the Century Quartet is sure to make good.

They will be at the Opera House for one night only, Monday, Nov. 3rd.

CAMPBELLTON ASTONISHED BY MERCHANTS STORY

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-Lika relieved me INSTANTLY." Because Adler-Lika flushed the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has the QUICKEST action of anything we ever sold. A. McE. McDONALD, Druggist, Campbellton, N. B.
