What puzzles the people here is why did Cosse go to that place to make arrests without any warrant. He says himself he expected to find the stolen goods there on one of the thieves, but it seems he had no authority to search the premises. He answered the court to-day by telling his also without getting drunk. plan of drinking without getting drunk. He takes a little sweet oil, after which he can drink as much liquor as he likes with

There were a dozen other policy holders from different places who affirmed that they had paid in their money and received nothing in return.

Mr. Crerar, Q.C., who appeared for the prosecution, asked for an adjournment and said that he had plenty of witnesses to substantiate the charge. The case was adjourned until to-day, bail being refused.

The defence say that the association has had misfortunes, and could not pay all its debts, but that the money that was on hand would be divided equally among the policy holders.

This association was a great scheme for working money out of the people. They used to pay two or three policy holders in the different places the full amount of their policies when it became due, and this fact a preading they soon had others applying for a membership.
