GRAIN AND FLOUR.

There is not much change in the position of the local grain market. Buyers and sellers seem as far apart as ever. Wheat dull and held higher. Ontario growth is getting scarce and holders are professedly independent. Carlots of No. 2 red nominally sold here at $1.16 and No. 2 white at $1.15. Spring seems to be pretty well cleaned out on the Midland and Northern. Car of 60 lb. white lying Midland and Northern. Car of 60 lb. white lying outside west changed hands at $1.10. Holders of Manitoba wheat are not offering, while buyers are viewing from afar the outcome of present high prices. Three thousand bushels No. 2 hard sold to-day at $1.20 f.o.c. and 5 cars lying west at same price late Saturday. On call No. 2 hard at North Bay, Port Arthur inspection, offered at $1.25 f.o.c., with $1.18 bid, and same grade afloat at Port Arthur at $1.15, with $1.12½ bid; No. 3 hard at North Bay offered at $1.10, with $1.07 bid, and with grinding in transit privileges at $1.10, with $1.07 bid; No. 1 frosted at $1, to arrive at North Bay; No. 2 frosted at 98c, with 88c bid. Oats seem unsettled; on call mixed offered, to arrive at North Bay, at 57c, with 55c bid; 2 cars Ontario white on track at 54c, without bids; mixed is held at 48c outside. Bran quiet and easier; 1 car offered west to-day at $16.25. Barley steady and nominally unchanged. Flour quiet and unchanged; sales of choice brands and ungraded stuff are reported at good prices; $5 would probably be paid for straight roller, Toronto freights.

John J. Dixon & Co. received the following today over their private wire from Commission Merchant J. C. Macklin of Chicago: Our wheat market has touched a ye higher range to-day, but the appreciation has been most marked in the July option. The sharp advances quoted in the foreign market set the tone for the trade and outside buying developed heavy proportions very soon after opening and continues unchecked notwithstanding the very moderate decrease in visible supply. Bull tone of the deal is scaring bear element so they will not fight except to very small extent and the bull side therefore looks as if it was overdone and in a dangerous position on account of the short interest being so much curtailed and the long holders who have the deal at present being much less substantial, and those who engineered the late advance and therefore less likely to be able to support any sudden decline. Liquidation in May seems largely accomplished, to judge by the narrowing of the premium in last hour. Corn was firmer with a fair volume of trade; but the early advance brought on free offerings and forced a decline, but this was afterwards recovered when wheat bulged. We think market has been bulled about as much as it will stand. Provisions were a shade firmer on pork, although there was no great activity, unless something occurs to bulge corn.

Drummond & Brown received the following today over their private wire from La Montague, Clarke & Co. of New York: Market has been strong and advancing all day. St. Paul, "R.I." "B.Q." and Chicago Gas being the principal bull features, although the whole market shared more or less. The bull feeling is very strong and purchases on any weakness are sure to be very profitable. There was little real news and the manipulators seem to have reached a condition where it is only necessary to buy to make money. We still think Chicago Gas good, although it has had a big rise and we strongly advise purchases on any weakness. Money is easy and although it was rumored, half a million of gold would be taken it did not affect prices at all. The only bearish news was a threat of the Alton to reduce passenger rates, which had no effect. We think U.P. likely to advance. Market closes strong near top prices.
