## Bad UCMTC:

## PRICE OF TAILORING !!!

THE Subscriber, wishing 10 extend his business, taties this method of informing the public that ho has made a very gecat reduction in his prices, amount ing on some articles to one third less than orn.orly.
But in consideration of this great reduc ion, he metends in future to cxace paynent on delisery froll all, wihuus dis. inction of persons, as tho timo speme in collecting small debes tught be more pro fitably employed; fromithis rule he will not deviate.
Those who patronise him may rest as sured that no pains nill lee spared to have his work done in a style that will bear comparison with any in the Province.
Tho price of Culting is also reducent.
SAMUEL M:CURDY.
N. B.-The Spring zad Summer Fash iuns are just received, in which a very material aleeration in style will be ob. surved from that of the last seports.
Hamilen April, 6. 1543.

## J. WINER'S

COMPOUNHS SRUPOH HOREHOUND AND ELLECAMPANE.

${ }^{1} 1$OR the spocdy and effectual cure of Coughs, Colds, dethma, Spithing orblood, ton, Marisy, hoarseness, pains and soreness of the breast und lungs. Bronclatis,a discase tha: is sweeping hundreds to a premature grave, under the fictitious name of consump non, can be cured by this medicme. The usual spmptoms of this d:scase (Bronchnis) are cough, sorenees of the lungs or throah hoarscaces, difmiculty of breathmg, asthma, hecte fever, a sjinting up of phagen or matter,
and sometimes blood. It is nothing more than an amamnation in the fine skin whach lines the inside of the whole of the wind tubes or arr veesels which run through every part the ung.
The peculinr virtues of this compound have
or a long tume attracted the attention of the for a long tume attracted the attention of the unedical profession and public; and a hively interest has recently heen directed to the de-
velopment of their ective powers and pulmonaric gualitics their ectue powers and pis no ble to gratify, and presents this meuicine to the public with full confidence of sta beng the most safe and yaluable remedy ever discovered and alapted to all diseasers of the lunge. when any of the functions do not perfurm therr matural or healthy actuon.
It is universally believed that God m his Proidence has not ameted has chadren with paln and discase, without at the same time giving them something in the garden of naare that will not only mitigate, but in many cases entirely relieve them. With these veens strongly mpressed on our iminds, every one should feo a great desire to incest:gate to the utnost o. his power, tho great arema of nature, and to draw from that bource that imitn:ction which the wisdom of man has failed to attaih.
In presenting this artucle to the public, the proprictor was influenced by the hope that a medicine propared with much care and strict egard to the chemical proportes cral ingredionts, should take the plaee of with which this counstry in
