FARMERS!

USE THE

BONE SUPERPHOSPHATE,

MANUFACTURED BY

The Western of Canada Oil Lands and Works Co.

It is the best fertilizer now in use. Read testimonials from parties who used it last year:—

LONDON TOWNSHIP, 4th CONGRESSION, } January 23, 1873.

GENTLEMEN.—I have pleasure in reporting to you the improvement on my land by using the Bone Superphosphate. I gave it a trial on four acres of clay soil, that was completely run out and impoverished. I used the Bone Superphosphate on one lot, wood ashes on the second, and barnyard manure on the third, on young grass. The result was decidedly in favor of the Bone Superphosphate; so much so that I shall take a much larger quantity from you on the coming season. I am yours, &c.,

CLAS PRIDDIS.

LONDON, Ont., Jan. 21, 1873.

GENTLEMEN.—Having used the Bone Superphosphate manufactured by the Western of Canada Oil Lands and Works Company, I can bear my testimony to its excellence as a good fertilizer. I tried it on grassland, celery, and also on the green-house plants. The result has surpassed my expectation, particularly on the celery plants. I can gladly recommend its use to any that have not already used it. I am, yours obediently,

JOHN BARON,

Gardener to the Hon. John Carling.

SPRING BANK, WESTMINSTER, } March 15, 1873.

GENTLEMEN.—The ton of Superphosphate I purchased from you last season I applied to grass lands, and was well pleased with the effects, notwithstanding the very dry and unfavorable season. I am convinced of its being a valuable fertilizer. Yours truly,

JOHN B. TAYLOR.

Lot 5, Cox's Bay Road, LONDON, Ont., } March 12, 1873.

GENTLEMEN.—The Bone Superphosphate I purchased from you last spring was used on "Cox's." The yield was fully one third more where the Bone Superphosphate was used, and was better in color and quality. I expect to derive equal benefit by using it on my wheat this spring. It is the best artificial manure I have ever seen. I am, yours respectfully,

GEORGE PLAXTON.

WARRIMORA, Feb., 1873.

GENTLEMEN.—I have used your Superphosphate on grass lawns and on green crops, flowers, &c., and found it very beneficial. As a fertilizer, there is no question it is the best known to science. Yours truly,

W. V. BRUNTON.

Testimonials from other scientific and practical men will be inserted in next issue.

The superphosphate is put up in good barrels, containing about 25 pounds each. Price, \$40 per ton. It is also put up in bags containing 50 and 100 pounds each at the same price. No charge for bags or barrels. All orders will receive prompt attention. Address,

THE WHEAT FIELD OF AMERICA!

Healthful Climate, Free Homes, Good Markets.

THE NORTHERN PACIFIC RAILROAD offers for sale its Lands in Central and Western Minnesota, embracing: 1. The best Wheat Land; 2. Excellent Timber for the Mill, the Farm and the Fire; 3. Rich Prairie Pasture and Natural Meadow, watered by clear Lakes and running streams—in a Healthful Climate, where Fever and Ague is unknown.

Grain can be shipped hence by lake to market as cheaply as from Eastern Iowa or Central Illinois. Cars now run through these Lands from Lake Superior to Dakota. Price of land close to track, \$4.00 to \$3.00 per acre; farther away \$2.50 to \$1.00. Seven Years' Credit; Warranted Deeds; Northern Pacific 7-30 Bonds, now selling at 107, received for Land at \$1.10. No other unoccupied Lands present such advantages to settlers.

SOLDIERS under the New Law (March, 1872), get 100 acres FREE, near the Railroad by one and two years' residence. TRANSPORTATION AT REDUCED RATES furnished from all principal points East to purchasers of Railroad lands, and to settlers on Government Lands, across the prairie, their wives and children, carried free over the Northern Pacific Road. Now is the time for soldiers and widows to get Railroad Lands and Government Homesteads close to the track.

Send for Pamphlet containing full information, and map of copy of New Homestead Law. Address,

SUPER-PHOSPHATE OF LIME.

PRICES GREATLY REDUCED!

This grand substitute for Barnyard Manure is patronized by the Minister of Agriculture, and the leading Farmers, Gardeners and Florists.

It suits any kind of land, and any kind of crops. It is invaluable as a top-dressing for Fall Wheat after a severe winter. It will double the hay crop, and is a specific for all root crops. It takes 30 lbs. per acre for an ordinary crop, costing not much more than the expense of hauling and spreading manure in a heavy season.

It is manufactured at the Brockville Chemical and Superphosphate Works, Brockville, from whence it is shipped in bags to any point, at low special millage rates.

Send orders to: Alex. Cowan, Manager, Brockville.

or to

Clarkson & Munro, EXCHANGE, Toronto.
