FRINK'S PATENT REFLECTORS.

"The Great Church Light," have a world wide reputation. They increase the light fourfold and produce it only the cheapest but the best light known for churches, Halls, Depots, Stores, etc. Over four hundred churches and public buildings have adopted Mr. Frink's plan last year alone. Where used they have given perfect satisfaction and won many enthusiastic friends. The following from Rev. Henry Ward Beecher is a sample of the many flattering testimonials.

"I would most pleasure to certify the satisfaction which has resulted from the use of Mr. Frink's system of lighting in the South Church. First our Sabbath school room was lighted, after a year or two of trial it was introduced into our Lecture room. So great were all pleased that the trustees have now introduced it into the large Audience room, and I should be very unwilling now to go back to the old system of lighting, or to dispense with this one of Mr. Frink's."—Rev. Henry Ward Beecher.
