31/52 CATARRH.

A New Home Treatment for the Cure of Catarrh, Catarrhal Dentures, and Hay Fever.

The microscope has proved that these diseases are contagious, and that they are due to the presence of living parasites in the lining membrane of the upper air passages and nasal tubes. The eminent scientists—Tyndall, Huxley and Beale—endorse this, and these authorities cannot be disputed. The regular method of treating these diseases is to apply an irritant remedy weekly and even daily, thus keeping the delicate membrane in a constant state of irritation, accompanied by violent sneezing, allowing it no chance to heal and as a natural consequence of such treatment not one permanent cure has ever been recorded. It is an absolute fact that these diseases cannot be cured by an application made oftener than once in two weeks, for the membrane must get a chance to heal before any application is repeated. It is now seven years since Mr. Dixon discovered the parasite in catarrh and formulated his new treatment, and since then his remedy has become a household word in every country where the English language is spoken. Cures effected by him seven years ago are cures still, there having been no return of the disease. So high are these remedies valued, and so great is the demand for them, that ignorant imitators have started up everywhere, pretending to destroy a parasite of which they know nothing—by remedies the results of the application of which they are equally ignorant. Mr. Dixon's remedy is applied only once in two weeks, and from one to three applications effect a permanent cure in the most aggravated cases. N.B.—For catarrhal troubles peculiar to females this remedy is a specific. Mr. Dixon sends a pamphlet describing his new treatment on the receipt of one cent in stamps. The address is A. H. Dixon & Son, 303 King Street West, Toronto, Canada.—Scientific American.

Sufferers from catarrhal troubles should carefully read the above.

Household Hints.

To THE DEAR.—A person cured of deafness and noises in the head of twenty-three years standing by a simple remedy, will send a description of it free to any person who applies to NICHOLSON, 177 McDougall Street, New York.

"Best cure for coughs, colds, consumption is the old reliable Pulmonary Balsam. Cutler Bros., 177 McDougall St. For \$1 a large bottle sent prepaid."
SUFFERING HUMANITY read Carbollic Smoke Ball advertisement. Cures diseases of the Nose, Throat and Lungs. See page 322.

THERE ARE MANY GOOD PAIN KILLERS, but only one Allen's Long Balsam is it.
A TRUSTY FRIEND—Jerry Davis' Pain Killer. Get it and use in every household.

CAUTION!—In our changeable climate, coughs, colds, and diseases of the throat, lungs and chest, will always prevail. Cruel consumption will claim its victims. These diseases, if attended to in time, can be arrested and cured. The remedy is Dr. Wistar's Balsam of Wild Cherry.

We think it high time that people came to their senses and stopped using the cheap, trashy, injurious, health-destroying Baking Powder. Imperial Cream Tartar Baking Powder is pure, reliable and the best article.

THE PERFECTIVE is considered to be at once the most delicate and most enduring—"Lotus of the Nile."

IN HABITUAL CONSTIPATION, Campbell's Cathartic Compound is used with great success.

The Difficulty Experienced in taking Cod Liver Oil is entirely overcome in Scott's Emulsion of Cod Liver Oil and Hypophosphites. It is as palatable as Milk, and the most valuable remedy that has ever been produced for the cure of Consumption, Scrofula and Wasting Diseases. Do not fail to try it. Put up in 50c. and \$1 size.

DRESSING FOR SPONGE CAKE ROLL.—Take the pulp and juice of three lemons, extracting the seeds; use the yellow rind of one, grated. Two table-spoonfuls of butter, six eggs, yolks and whites beaten separately, sugar to taste and a scant half teacupful of cold water. Put all together on the fire and stir until it thickens, but do not let it boil. When it is cold spread it on the roll in place of jelly.

SARATOGA POTATOES.—Pare potatoes and cut them in very thin slices over a bowl of cold water, so that each slice will fall in it, soak ten minutes, then take out a few pieces at a time, and dry on a soft towel. Have ready a pan of boiling lard. Throw in the slices a few at a time, when a light brown take them out, and lay them on brown paper, dredge with salt, and stand in the open oven to keep warm until all are ready.

Significant Advertising.

S. R. Niles is now sending an advertisement of the celebrated Bon Marche of Paris, to all the principal cities in the United States. This is a very suggestive fact to all business men. After having regularly advertised many years, they have more than doubled the appropriation for this season. The proprietors of this enterprising store show that it pays to advertise, and the intelligent manner in which Mr. Niles has conducted the business, has abundantly produced the best results in this country.—Boston Globe, April 26.

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India Missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all those and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. NOYES, 149 Power's Block, Rochester, N. Y.

GRAPE FRUIT AND SHADDOCK.—Between grape fruit and shaddock in outward appearance, there is very little to determine a choice, but even those who have not experimented to their cost on the latter, may take the native judgment between the two pale yellow globes where they grow. Down in Florida the shaddock is regarded as of no value, but the grape fruit or pomelo, which resembles it in outward appearance, but grows in clusters, is preferred even to the orange for eating before breakfast with sugar.

There is some satisfaction in FARMING
When a farm produces a good living, a handsome profit and at the same time, is making its owner rich by increase in value of land on account of growth of towns, building railroads, and influx of settlers; in no part of the country is this so true as of Michigan Farms. Soil is very rich, best of markets near at hand, no destructive blizzards, cyclones, but health, fine farms, good society, and a home and fortune can be had. Address G. W. BARNES, Land Commissioner, Lansing, Mich.
