

and unchanged. Sugars are also unchanged. Tobaccos and liquors in fair demand and steady.

**HARDWARE.**—The movement has been moderate and prices unchanged. The winter weather has retarded building operation, and the demand for such material is not as good as it ought to be. Nails are steady, 10 to 60 dy sell at \$2.65, 3 dy. to 9 dy at \$2.90, and 3 dy at \$3.65. Ingot copper is unchanged at 15c to 16c. Tin plates are dull and easier; I. C. coke sells at \$4.30 to \$4.40, I. C. charcoal at \$4.65 to \$4.85, and I. X. at \$6.15 to \$6.25. Pig iron is nominal, at \$18 to \$19.

**HIDES, SKINS, ETC.**—Owing to competition of local dealers the prices of green hides are  $\frac{1}{2}$  higher. The best steers now bring 84c and cows 8c. Cured sells at 84c to 85-8c. *Calfskins* are offering more freely, and prices are steady at 12c to 13c. *Sheepskins* are in demand and firm; the best bring \$1.10, and ordinary country lots 75c to 90c. *Tallow* weaker at 64c to 64c for refined and 34c for rough.

**HOGS.**—Business is very quiet and prices steady. The only sale reported this week was on Monday when a car sold at \$5.70.

**PROVISIONS.**—Business is on a limited scale. There is little demand for *Bacon*, except for small lots, which change hands at 84c. Round lots of long clear are quoted at 8c. *Cumberland cut* is quoted at 74c to 74c, and roll at 104c. *Hams* quiet and prices steady; smoked are worth 11c, and sweet-pickled sold at 10c for a round lot. *Lard* in moderate demand and

steady; round lots are quoted at 94c to 94c, and small lots job at 10c to 104c. *Mess Pork* steady at \$15.50 for car lots and \$16 to \$16.50 for small lots.

**WOOL.**—The only demand is for coarse wools, with sales at 15c to 18c. Fleece is slow and unchanged in prices:—selections bring 18c, and ordinary 15c to 16c. The demand from factories is fair, and prices steady at 21c to 22c for supers and 25c to 27c for extras.

The bone industry is an important one. The four feet of an ordinary ox will make a pint of neatsfoot oil. Not a bone of an animal is thrown away. Many cattle shin-bones are shipped to Europe for the making of knife-handles, where they bring \$40 per ton. The thigh-bones are the most valuable, being worth \$80 per ton for cutting into tooth brush handles. The foreleg bones are worth \$30 per ton, and are made into collar-buttons, parasol-handles, and jewellery, though sheep's legs are the staple for parasol handles. The water in which the bones are boiled is reduced to glue, the dust which comes from sawing the bones is fed to cattle and poultry, and all bones that cannot be used as noted, or for bone-black, used in refining the sugar we eat, are made into fertilizers, and made to help enrich the soil. As regards waste, it is the story of the pig—nothing is lost except the squeal.—*N. Y. Sun.*

Have been awarded every Medal offered at the Exhibitions in Canada for our Line of Goods, notwithstanding the misleading advertisement of unscrupulous firms claiming awards, medals, &c., which they have never received. See letter from H. J. HILL, Esq., Secretary Toronto Industrial Exhibition Association, below. This year at Toronto, Montreal and Ottawa Exhibitions, we have been awarded

**10—MEDALS—10**

**For Tents, Narquees and Camp Furniture.**

(The following will show that we have received every prize awarded any company in this kind of articles.)

OFFICE OF THE INDUSTRIAL EXHIBITION ASSOCIATION, TORONTO, MARCH 10, 1884.

The National Manufacturing Company Ottawa:

GENTLEMEN,—In reply to your inquiry, I beg to say that the highest awards made at the Industrial Exhibition for the years 1881, 1882, and 1883, for Tents, Marquees and Flags, were to your Company, being a Silver Medal for each year. Last year, 1884, was the first in which a medal was specially offered for Camp Furniture and Equipment, and it was awarded to the National Manufacturing Co'y, of Ottawa.

I am, your's respectfully, H. J. HILL, Manager and Secretary,
