By a species of instinctive feeling, the people of nearly all countries are greatly averse to those medicinal preparations which contain mineral substances amongst their ingredients And yet, if the question was asked why they objected to this class of medicines, we presume few could give an intelli gent answer. Nevertheless, the aversion is well ounded.

All mineral substances, when taken into the stomach, are cumulative in their nature-that is to say, they remain either partly or wholly in the system. and accumulate with each additional dose, until in many cases the result is death. For example, ar senic, although known to be a deadly poison, yet in certain parts of Switzerland is extensively used by the mountain guides as a means of giving them, vulgerly speaking 'long wind.' But although it is thus beneficial for a time, the ultimate result is al-WAVE death

It therefore becomes evident that the popular dis-like to mineral medicines is well founded, and it is doubtless in a great measure to the entire absence of any mineral substance that the wonderful success of

BRISTOL'S SARSAPARILLA

in this country is to be secribed. It is prepared from the best quality of the Sarsaparilla Root, with which are combined other cleansing, purifying, and healing roots, barks, leaves, and balasmic gums-the whole, without doubt, making the best depurative and most valuable medicine known to the faculty. The Poor Man's Catechism; or, the Christian Doc-trine Explained. 100 copies, \$13; single copies The preparation of this great remedy is carried on under the personal supervision of the most scientific chemists and pharmaceutists, and none but the choicest ingredients are ever allowed to enter into its composition. The result is, that its action is always uniform and reliable. Its effects upon the

BLOOD AND HUMORS

is to purge and purify them of every atom of disease, and to instill into the general system a degree of vigorous, natural life, that enables even the weakly and fragile to throw off and resist the attacks of disease. All old sores and eruptions of a scrofulous or syphilitic nature, all pleerous diseases, Salt Rheum, Carbuncles, Boils, Blotches, or Pimples are

SPREDILY HEALED

and removed, and a new elasticity and vigor given to the body that is indeed most agreeable.

In every case when there is reason to suspect the blood and humors of being impure or vitiated from whatever cause, Bristol's Vegetable Sugar-coated Pills should be used in conjunction with the Sarsa-patilla, as they carry off the deprayed matter, and a complete cure more speedily ensues. Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

> A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth. Thin hair is thick-

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sedi-ment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.
