UNDER the Ontario Companies' Act, incorporation has been granted to the Clarksburg Wood Rim Company, limited, capital \$20,000, to make wood rims and parts of bicycles; the parties being mainly Clarksburg, Thornbury and Collingwood people.

It is said that the consumption of ice in Montreal is 125,000 tons each winter. A proposal is now made to form a company, capital \$300,000 to supply pure ice to the city and for export. Laprairie Bay is selected as the spot where this company shall gather its ice, since it seems that the sewage of St. Lambert and various villages lower down has been injuring the character of the ice gathered in front of and below Montreal.

THE embarrassment and suspension is announced of the Canada Shoe Co., Quebec. The business was begun in a small manufacturing way by Messrs. J. Pineault, Adelard Guerard and Gaudias Guerard, little more than a year ago, and they chose a high-sounding title. The liabilities are reported at about \$7,000, and in all likelihood the business will be wound up, for it is not a promising one.

A GROCERY concern of Alexandria, Ont., McEvoy & Co., have assigned. McEvoy, who was a farmer, began the business in 1895, on small capital.—R. R. Quain, who started a coal business in Ottawa three years ago, with the assistance of an uncle, has found it necessary to put his affairs into the hands of the assignee.—H. H. Cossitt, baker and confectioner at Brockville, for the past five years, has assigned to James Smart.

A FIRE broke out on Saturday last in the dressmaking department of the Hyck Mercantile Co. It spread through the block, which was owned by Toronto parties, Kemp's tin shop and a number of offices were gutted. D. L. Simmons' block was also destroyed and the barns of the Brunswick hotel. Loss probably \$16,000, covered in the British America, Alliance, North British and Mercantile, Liverpool & London & Globe, Western and Wellington Mutual.

—The manager of the Detroit City Gas Co. says that the action of the Canadian Government in limiting the annual exportation of natural gas to 3,000,000,000 feet, will practically amount to nothing, as the market demand is within the limitation.
