Mercantile Summary.

By a fire in Port Hope on the 12th, Mr. H. C. Russell, cabinet maker, is stated to have lost about \$2000, Mr. Butterfield loses \$1000, Mr. Jno. Pollock, hotel keeper, probably \$500; other losses mainly covered by insurance.

A TRADE sale of teas has been going on for two days past at the stores of Messrs. Cramp, Torrance & Co., Toronto, which has been well attended, and must prove an entire success. The sale had not concluded in time to insert a list of prices realized this week.

THE GROCERY trade of Toronto has been unusually good during the last month with most of the houses, and the prospect is for a large and healthy season's business in this line as well as in dry goods. By the accession of several new houses this branch has assumed much greater importance in Toronto within the past year.

At a recent trial of fire engines at Barrie, the experiments resulted unfavorably to the Silsby rotary engine, and the residents of the town have since refused to purchase an engine. The disastrous fires so frequent in our country towns afford the strongest proof of the necessity of supplying them with suitable fire engines with the least possible delay.
