Montreal. P. Q.

Dear Mr. McLachlan,

I have your letter of yesterday with reference to the visit of the Australian Cricket Team to Montreal next July and note your request that the Stadium grounds be placed at your disposal. I promise that this matter shall receive every consideration, but before rendering a final decision, I would like to know what your intentions are as to charging admission to the grounds, etc., and whether you are agreeable to making compensation for the expense which the University would be put to in this connection.

Yours faithfully,

Principal.
